*Through A Bible Lens* Mel Alexenberg, 2019-01-08

Through a Bible Lens Biblical Insights for Smartphone Photography and Social Media by Professor Mel Alexenberg teaches people of all faiths how biblical insights can transform smartphone photography and social media into creative ways for seeing spirituality in everyday life It develops conceptual and practical tools for observing documenting and sharing reflections of biblical messages in all that we do It speaks to Jews and Christians who share an abiding love of the Bible by inspiring the creation of a lively dialogue between our emerging life stories and the enduring biblical narrative The author is an artist educator and writer exploring the interface between biblical consciousness creative process and postdigital culture His artworks are in the collections of museums worldwide He was professor at Columbia University and research fellow at MIT Center for Advanced Visual Studies In Israel head of Emunah College School of the Arts and professor at Ariel and Bar Ilan universities He is author of *The Future of Art in a Postdigital Age* From Hellenistic to Hebraic Consciousness Through a Bible Lens speaks in the language of today's digital culture of smartphones and social media It demonstrates to both young and old the most up to date thoughts on the interactions between The Bible and the impact of new technologies on contemporary life Christians and Jews will enjoy sharing the book's spiritual messages with their children and grandchildren Professor Alexenberg draws on six Divine attributes in the biblical verse Yours God are the Compassion the Strength the Beauty the Success the Splendor and the Foundation of everything in heaven and earth Chronicles 1 29 to demonstrate how smartphone photographers become God's partners in creation when photographing daily life through a Bible lens He describes how the lives of biblical personalities exemplify these Divine attributes Abraham and Ruth embody Compassion Isaac and Sarah are models of Strength Jacob and Rebecca represent Beauty Success is demonstrated by Moses and Miriam Splendor by Aaron and Deborah and Foundation by Joseph and Tamar There is a confluence emerging in the 21st century between biblical consciousness and a postdigital culture that addresses the humanization of digital technologies Both share a structure of consciousness and its cultural expression that honors creative process and seeing with a different spirit like Caleb who saw goodness in the Land of Israel while others could not Numbers 14 24 We are fortunate to be living in age of digital technologies that gives us ways to experience invisible worlds becoming visible These experiences give clues that help us appreciate the insightful imagination of ancient spiritual teachers who visualized invisible realms Smartphones are gateways to the world that make invisible realms blanketing our planet become visible with a flick of a finger Their imbedded cameras capture images store them as invisible bits and bytes and display them as colorful pictures In all of human history never has there been such a proliferation of images A centuries old Jewish method of Bible study called PaRDeS offers creative ways for looking beyond the surface of

smartphone images by extending contemporary methods of photographic analysis to reveal spiritual significance An exemplary blogart project Bible Blog Your Life <http://throughbiblelens.blogspot.com> turns theory into practice The author and his wife Miriam created it to celebrate their 52nd year of marriage For 52 weeks they posted photographs reflecting their life together with a text of Tweets that relate to the weekly Bible portion Selected blog posts from each of the first five books of the Bible demonstrate how to transform the ancient biblical narrative into a mirror for people today to see themselves Fifty photographs from these posts are reproduced in color in the book Camera Orientalis Ali Behdad,2016-08-22 In the decades after its invention in 1839 photography was inextricably linked to the Middle East Introduced as a crucial tool for Egyptologists and Orientalists who needed to document their archaeological findings the photograph was easier and faster to produce in intense Middle Eastern light making the region one of the original sites for the practice of photography A pioneering study of this intertwined history Camera Orientalis traces the Middle East s influences on photography s evolution as well as photography s effect on Europe s view of the Orient Considering a range of Western and Middle Eastern archival material from the late nineteenth and early twentieth centuries Ali Behdad offers a rich account of how photography transformed Europe s distinctly Orientalist vision into what seemed objective fact a transformation that proved central to the project of European colonialism At the same time Orientalism was useful for photographers from both regions as it gave them a set of conventions by which to frame exotic Middle Eastern cultures for Western audiences Behdad also shows how Middle Eastern audiences embraced photography as a way to foreground status and patriarchal values while also exoticizing other social classes An important examination of previously overlooked European and Middle Eastern photographers and studios Camera Orientalis demonstrates that far from being a one sided European development Orientalist photography was the product of rich cultural contact between the East and the West
