Boylan, 2017-04-20

Arriving in New York City in the first decade of the twentieth century six painters Robert Henri John Sloan Everett Shinn Glackens George Luks and George Bellows subsequently known as the Ashcan Circle faced a visual culture that depicted the urban man as a diseased body under assault Ashcan artists countered this narrative manipulating the bodies of construction workers tramps entertainers and office workers to stand in visual opposition to popular political and commercial cultures They did so by repeatedly positioning white male bodies as having no cleverness no moral authority no style and no particular charisma crafting with consistency an unspectacular man This was an attempt both radical and deeply insidious to make the white male body stand outside visual systems of knowledge to resist the disciplining powers of commercial capitalism and to simply be with no justification or rationale Ashcan Art Whiteness and the Unspectacular Man maps how Ashcan artists reconfigured urban masculinity for national audiences and reimagined the possibility and privilege of the unremarkable white male body thus shaping dialogues about modernity gender and race that shifted visual culture in the United States

**The Culture of Male Beauty in Britain** Paul R. Deslandes, 2021-12-20 A heavily illustrated history of two centuries of male beauty in British culture. Spanning the decades from the rise of photography to the age of the selfie, this book traces the complex visual and consumer cultures that shaped masculine beauty in Britain, examining the realms of advertising, health, pornography, psychology, sport and celebrity culture. Paul R. Deslandes chronicles the shifting standards of male beauty in British culture from the rising cult of the athlete to changing views on hairlessness while connecting discussions of youth fitness and beauty to growing concerns about race, empire and degeneracy. From earlier beauty show contestants and youth-obsessed artists, the book moves through the decades into considerations of disfigured soldiers, physique models, body-conscious gay men and celebrities such as David Beckham and David Gandy who populate the worlds of television and social media. Deslandes calls on historians to take beauty and gendered aesthetics seriously while recasting how we think about the place of physical appearance in historical study, the intersection of different forms of high and popular culture and what has been at stake for men in looking good.
