China Claire Roberts, 2013-06-01 With its lush and diverse landscapes ancient ruins and stunning architecture China is a
photographer's dream Exploring this visually rich and evocative country Photography and China highlights Chinese
photographers and subjects from the inception of photography to the present day Drawing on works in museums and archival
and private collections across China the United States Europe and Australia Claire Roberts locates images from commercial
art and documentary photography within the broader context of Chinese history She focuses on the images as well as the
studios and individuals who created them describing the long tradition of Chinese artistic culture into which photography
was first absorbed and subsequently expanded As she recounts the stories of practitioners from China and overseas who
were agents in that process of change she also examines the commercial political and artistic purposes for which they used
photography Featuring one hundred striking little known images Photography and China will make a significant contribution
to photography Chinese art and twentieth century history **Photography** Mary Warner Marien, 2006 Each of the eight
chapters takes a period of up to forty years and examines the medium through the lenses of art science social science travel

Video Culture in China Marc L Moskowitz, 2019-05-08 Examining Internet culture in the People's Republic of China Taiwan
Hong Kong and the US this book analyzes videos which entertain both English and Chinese speaking viewers to gain a better
understanding of cultural similarities and differences Each of the chapters in the volume studies streaming videos from
YouTube and its Chinese counterparts Tudou and Youku with the book using a combination of interpretative analysis of
content commentary and ethnographic interviews Employing a diverse range of examples from Michael Jackson musical
mash ups of Cultural Revolution visuals to short clips of Hitler ranting about twenty first century issues with Chinese
subtitles this book goes on to explore the ways in which traditional beliefs regarding gender romance religion and politics
intersect Looking at how these issues have changed over the years in response to new technologies and political economies it
also demonstrates how they engage in regional transnational and global dialogues Comparing and incorporating the
production of videos with traditional media such as television and cinema Internet Video Culture in China will be useful to
students and scholars of Internet and digital anthropology as well as Cultural Studies and Chinese Studies more generally

Technomobility in China Cara Wallis, 2015-03-06 Winner of the 2014 Bonnie Ritter Book Award Winner of the 2013 James W Carey Media Research Award As unprecedented waves of young rural women journey to cities in China not only to work but also to see the world and gain some autonomy they regularly face significant institutional obstacles as well as deep seated anti rural prejudices Based on immersive fieldwork Cara Wallis provides an intimate portrait of the social cultural and economic implications of mobile communication for a group of young women engaged in unskilled service work in Beijing where they live and work for indefinite periods of time While simultaneously situating her work within the fields of feminist studies technology studies and communication theory Wallis explores the way in which the cell phone has been integrated into the transforming social structures and practices of contemporary China and the ways in which mobile technology enables rural young women a population that has been traditionally marginalized and deemed as backward and other to participate in and create culture allowing them to perform a modern rural urban identity In this theoretically rich and empirically grounded analysis Wallis provides original insight into the co construction of technology and subjectivity as well as the multiple forces that shape contemporary China
