The Time in Between David Bergen,2012-11-20 In search of love absolution or forgiveness Charles Boatman leaves the Fraser Valley of British Columbia and returns mysteriously to Vietnam the country where he fought twenty nine years earlier as a young reluctant soldier But his new encounters seem irreconcilable with his memories When he disappears his daughter Ada and her brother Jon travel to Vietnam to the streets of Danang and beyond to search for him Their quest takes them into the heart of a country that is at once incomprehensible impassive and beautiful Chasing her father's shadow for weeks following slim leads Ada feels increasingly hopeless Yet while Jon slips into the urban nightlife to avoid what he most fears Ada finds herself growing closer to her missing father and strong enough to forgive him and bear the heartbreaking truth of his long kept secret Bergen's marvellously drawn characters include Lieutenant Dat the police officer who tries to seduce Ada by withholding information the boy Yen an orphan who follows Ada and claims to be her guide Jack Gouds an American expatriate and self styled missionary his strong willed and unhappy wife Elaine whose desperate encounters with Charles in the days before his disappearance will always haunt her and Hoang Vu the artist and philosopher who will teach Ada about the complexity of love and betrayal We also come to learn about the reclusive author Dang Tho whose famous wartime novel pulls at Charles in ways he can't explain Moving between father and daughter the present and the past The Time in Between is a luminous unforgettable novel about one family two cultures and a profound emotional journey in search of elusive answers

The Thought War Barak Kushner,2007-04-30 A major contribution both to the study of Japan and propaganda in the twentieth century Barak Kushner meticulously and convincingly reveals the full scope of what was assumed to not have existed namely an organized multifaceted and disturbingly resilient system of Japanese propaganda Based on an impressive array of primary sources many only recently uncovered The Thought War provides a fascinating assessment of the complex and often contradictory processes of Japanese propaganda in an imperial context Michael Baskett professor of film studies University of Kansas Barak Kushner has written a first rate study of propaganda in Japan during the Second World War In a work of painstaking

research he takes his readers into the heart of wartime Japan building a compelling argument that Japanese propaganda was sophisticated and effective in rallying the population and after the war seamlessly redirecting it to aid the transformation of Imperial Japan into the post war democracy of today *The Thought War* is a superbly competent piece of research that floods light into a place where only generalization supposition and stereotype had existed before Nicholas J Cull University of Southern California editor *Propaganda and Mass Persuasion A Historical Encyclopedia 1500 present* *The Thought War* is a unique and remarkable study Barak Kushner reveals that Japanese propaganda during World War II was astonishingly sophisticated diverse and effective What's more the methods messages and makers of wartime propaganda proved just as successful at shaping public opinion in the wake of Japan's defeat as they earlier had been in mobilizing the nation for war Kushner's insights on Japan's path from empire through war and into postwar reconstruction are provocative compelling and thoroughly convincing William M Tsutsui chair of the Department of Asian Studies University of Kansas *The Thought War* is the first book in English to examine the full extent of Japan's wartime propaganda Based on a wide range of archival material and sources in Japanese Chinese and English it explores the propaganda programs of the Japanese government from 1931 to 1945 demonstrating the true scope of imperial propaganda and its pervasive influence an influence that is still felt today Contrary to popular postwar rhetoric it was not emperor worship or military authoritarianism that led an entire nation to war Rather it was the creation of a powerful image of Japan as the leader of modern Asia and the belief that the Japanese could and would guide Asia to a new glorious period of reform that appealed to imperial subjects Kushner analyzes the role of the police and military in defining socially acceptable belief and behavior by using their influence to root out malcontents His research is the first of its kind to treat propaganda as a profession in wartime Japan He shows that the leadership was not confined to the crude tools of sloganeering and government sponsored demonstrations but was able instead to appropriate the expertise of the nation's advertising firms to sell the image of Japan as Asia's leader and modernizer In his exploration of the propaganda war in popular culture and the entertainment industry Kushner discloses how entertainers sought to bolster their careers by adopting as their own pro war messages that then filtered down into society and took hold Japanese propaganda frequently conflicted with Chinese and American visions of empire and Kushner reveals the reactions of these two nations to Japan's efforts and the meaning of their responses
