This highly sophisticated communication system also allows us to send SOS messages when we want to connect with others. This book will explain how to manage your unique energy signature allowing you a greater level of control over your beliefs, your choices and your life.

**The Empowered Life + Part 2** Cassandra Blizzard, 2014-06-15 Ready to change your life? So empowering! Loved the book. The book is well written and keeps you interested. It brings new approaches as well as reminds us of lessons already learned but put aside. Just buy it. There are very few people who escape this physical life without having the experience of feeling like giving up. Life can get so hectic and out of control at times that we feel like we don't have any control at all. What we believe about ourselves becomes our reality and in so many ways what we believe about ourselves forms our future. I'm not speaking in airy fairy New Age terms here. I am talking about the real deal. Our paradigms drive us one way or the other. You have to willfully choose how you want to be steered. If you are the captain of your boat called life, then your hands need to firmly remain on the wheel that moves the rudder. You can't be the captain of your boat called life if you allow other people to form your paradigms, your beliefs about Self. Don't allow others to shape your beliefs about yourself. Read *The Empowered Life*. Success coach Cassandra Blizzard offers an intensive look at how we inadvertently give away our personal power and how we can regroup and bring ourselves back into balance. This book is the culmination of years of working with people and teaching clients how to trust in their Soul, live a more balanced life and find fulfillment and happiness in the world. Build a bridge of trust with your own Soul, become self-actualized and take charge of your life like never before. Learn how to get rid of old baggage and break up old belief systems that hold you back and be bold about moving forward in positive ways. You can have the good life, a balanced life and an emotionally healthy life. Cassandra shows readers how to appreciate, respect and value Self, how to lay down positive boundary lines in relationships and how to transform your life overall. Break through wrong thinking, overcome obstacles, restore hope and create personal success. Using this book together with *The Empowered Life The Workbook* you can transform yourself and your life, reconnect with your Soul and develop inner peace. Wouldn't you like to feel better about your life? Empowerment is just a choice away. Sometimes we make major changes in life just by taking one small step or making one simple decision. But those decisions are not always easy to make. We tend to cater to other people's whim or we are afraid of hurting someone's feelings. Afraid to take a risk to step out of that dead end job and aim for something higher. Afraid to make a decision to get out of a bad relationship. Afraid, fearful, anxious. Too often these are the emotions that rule our lives and make our decisions for us. But it doesn't have to be that way. You can empower yourself to be more in control of your life, to be more centered, to make more positive decisions for self and to understand how the soul works in your life to bring you to a better place always. Whether in business relationship or just within yourself, you can learn how to take control and be a much more balanced, much happier person. Relationship, Self Esteem, Depression, Empowerment, Healing, Confidence, Personal Power, Intuition.

*The Soul's Upward Yearning* Robert Spitzer, 2015-08-10 Since the early twentieth century scientific materialism has so undermined our belief in the human capacity for transcendence that many people find it difficult to believe in God and the human soul The materialist perspective has not only cast its spell on the natural sciences psychology philosophy and literature it has also enthralled popular culture which offers very little to encourage the soul's upward yearning There are many signs of the widespread loss of confidence in our ability to soar upward and these have been noted by thinkers as diverse as Carl Jung psychiatrist Mircea Eliade historian of religion Gabriel Marcel philosopher and authors C S Lewis and J R R Tolkien Their observations were validated by a 2004 study published in the American Journal of Psychiatry that linked the absence of religion with a marked increase in suicide meaninglessness substance abuse separation from family members and other psychological problems Thus the loss of transcendence is negatively affecting an entire society It is stealing from countless individuals their sense of happiness dignity ideals virtues and destiny Ironically the evidence for transcendence is greater today than in any other period in history The problem is this evidence has not been compiled and made widely available a challenge Father Spitzer aspires to meet with this book Father Spitzer's work provides a bright light in the midst of the darkness by presenting traditional and contemporary evidence for God and a transphysical soul from several major sources It shows that we are transcendent beings with souls capable of surviving bodily death that we are self reflective beings aware of and able to strive toward perfect truth love goodness and beauty that we have the dignity of being created in the very image of God If we underestimate these truths we undervalue one another underlive our lives and underachieve our destiny
