Forties Film Funnymen Wes D. Gehring, 2014-01-10 The twelve classic comedy films examined within these pages are distinguished by an equal number of defining comic performances Ranging from The Great Dictator 1940 to A Southern Yankee 1948 each film focuses on the most central theme of clown comedy Resilience the encouragement or hope that one can survive the most daunting of life's dilemmas even during the war torn 1940s And each film can be regarded as a microcosm of the antiheroic world of its central clown or clowns Among the performers represented are Charlie Chaplin W C Fields Abbott and Costello Jack Benny Eddie Bracken Bob Hope Bing Crosby Danny Kaye the Marx Brothers Harold Lloyd and Red Skelton This lavishly illustrated work includes an introduction by noted film critic and historian Anthony Slide

Will Cuppy, American Satirist Wes D. Gehring, 2013-10-11 Back in the golden age of humor books late 1920s early 1950s when wits of the pantheon like Robert Benchley James Thurber and S J Perelman were producing their signature works there was another singular satirist who more than held his own with such fast company Will Cuppy 1884 1949 This factual funnyman's metier is dark comedy that flirts with nihilism His agenda is baldly stated in such classic Cuppy book titles as How to Be a Hermit 1929 How to Tell Your Friends from the Apes 1931 and The Decline and Fall of Practically Everybody 1950 This biography doubles as a critical study of a satirist whose shish kebabbing of humanity was often done through the veiled anthropomorphic use of animals For a biographer Will Cuppy represents a treasure trove of possibilities He was a great humorist and most of his best work is still in print but until now he has never been the subject of a book length study His mesmerizingly complex and eccentric private life almost trumps the comic accomplishments of his public persona

Kinds of American Film Comedy Wes D. Gehring, 2024-01-30 This groundbreaking film study begins with a survey of American print humorists from eras leading up to and overlapping the advent of film including some who worked both on the page and on the screen like Robert Benchley Will Rogers Groucho Marx and W C Fields Six comic film genres are identified as outgrowths of a national tradition of Cracker Barrel philosophers personality comedy parody screwball comedy romantic comedy and dark comedy Whether it is Mark Twain or a parody film involving Steve Martin comedy is most often about blowing raspberries at the world and a reminder you are not alone

Red Skelton Wes Gehring, 2013-09-10 For more than twenty years Hoosier comic Red Skelton entertained millions of viewers who gathered around their television sets to delight in the antics of such notable characters as Freddie the Freeloader Clem Kaddiddlehopper Cauliflower McPugg and Sheriff Deadeye Noted film historian Wes D Gehring examines the man behind the characters someone who never let the facts get in the way of a good story Gehring delves into Skelton's hardscrabble life with a shockingly dysfunctional family in the southern Indiana community of Vincennes his days on the road on the vaudeville circuit the comedian's early success on radio his up and down movie career with Metro Goldwyn Mayer and

Pretty soon the G B is to blame for everything from murder and robberies to playground scuffles and a pie s disappearance and neighborhood watch patrols have taken to the streets Alarmed by the populace s response Hank decides it s his responsibility to disprove the existence of this menacing beast and with the help of an old carny colleague put an end to the growing hysteria In The Blow off acclaimed writer Jim Knipfel has crafted an astoundingly funny send up of our current times an intoxicating blend of sharp cultural references wildly comical scenes discerning commentary and unforgettable characters

The Buzzing Jim Knipfel,2007-12-18 Meet Roscoe Baragon crack reporter at a major well maybe not that major metropolitan newspaper Baragon covers what is affectionately called the Kook Beat where the loonies call and tell him in meticulously deranged detail what it s like to live in their bizarre and lonely world Lately Baragon s been writing stories about voodoo curses and alien abductions about fungus riddled satellites falling to earth and thefts of plumbing fixtures from SRO hotels by strange aquatic looking creatures Not exactly New York Times material Maybe it s the radioactive corpse that puts him over the edge Or maybe it s the guy who claims to have been kidnapped by the state of Alaska But Baragon is now convinced that a vast conspiracy is under way that could take the whole city down something so deeply strange that it could be straight out of one of the old Japanese monster movies that he watches every night before he goes to sleep But stuff like this only happens in the movies Right The Buzzing marks the fictional debut of the acclaimed author of Slackjaw It is a novel of deep paranoia and startling originality And it could certainly never happen Right Right **These Children Who Come**

at You with Knives, and Other Fairy Tales Jim Knipfel,2010-06-01 From the irresistibly droll mind of Jim Knipfel comes These Children Who Come at You with Knives and Other Fairy Tales a series of twisted fables that echo with pinpoint acuity A masterful storyteller whose memoirs and novels have earned him widespread acclaim this is Knipfel s first foray into the short story and he delivers in spades this wickedly dark satire on the notion of happily ever after turns the traditional fairy tale on its head Among the array of lonely losers wallowing in discontent the enterprising reader of this volume may meet a talking chicken who learns the world has little patience for intelligence a foul mouthed gnome set on world domination and a magical snowman wrestling with the horror of being alive In These Children Who Come at You with Knives Knipfel s singular and brilliantly funny mind reinvents the bedtime story and offers up a wildly entertaining meditation on the perils of human nature **Unplugging Philco** Jim Knipfel,2009-04-14 Wally Philco is a gentle midlevel insurance industry operative living

with his wife Margie in Brooklyn In the years since those terrible events took place in Tupelo Mississippi though the world and Brooklyn too has become a very different place Nobody s sure exactly what happened on the day now known as Horribleness Day but it became pretty clear afterward that the Australians were involved somehow Long after all the initial craziness has petered out the Horribleness is still being used as an excuse for everything from insomnia and lower back pain to joblessness bank robbery higher taxes drunk driving and murder Likewise everything from icy sidewalks to earthquakes to casino bus accidents is being cited as the work of terrorists Now it s every Mutual Citizen s job to keep an eye on his

neighbor and to report anything amiss Wally's neighbor Whit Chambers has been busy practically setting a world record for turning in suspicious characters and Unmutuals to the local authorities and in fact Whit's had his eye and his telescope trained on Wally for some time now When Wally finally snaps he finds refuge with the Unpluggers an underground movement fighting for just a few minutes of peace and quiet With a cast of Dickensian characters from stroller-wielding Brooklyn mothers to former Kennedy spooks and Norwegian cowboys Jim Knipfel's *Unplugging Philco* is a wildly funny look at our life and times filled with sharp cultural references and vivid witty prose that testifies to a dangerously perceptive mind behind the madness

The Press Gang Godfrey Cheshire, Matt Zoller Seitz, Armond White, 2020-09-29 A dialogue about cinema's legacy and best directors through essays by three of the best long form critics out there collected from the legendary NYPress for the first time Comprising of the kind of long form criticism that is all too rare these days the weekly film columns in the NYPress included polemics reviews interviews festival reports and features A far cry from what is often derisively termed the consumer report mode of criticism Cheshire Seitz and White were passionately engaged with the film culture of both their own time and what had come before They constituted three distinctly different voices equally accomplished yet notably individual perspectives on cinema Their distinctive tastes and approaches were often positioned in direct dialogue with each other a constant critical conversation that frequently saw each writer directly challenging his colleagues Dialogue is important in criticism and here you can find a healthy example of it existing under one proverbial roof This three way dialogue between Cheshire Seitz and White assesses the 1990s in cinema along with pieces on New York's vibrant repertory scene that allow us to read the authors' takes on directors such as Hitchcock Lean Kubrick Welles Fassbinder and Bresson as well as topics such as the legacy of Star Wars film noir early film projection in New York City the New York Film Critics

Humanizing Mental Illness Abigail Gosselin, 2021-08-15 Mental illness stigma is rooted in a perceived lack of agency but stigma itself undermines agency While most philosophical accounts of the matter are concerned with the question of how much agency a person with mental illness has this book asks how we can enhance the agency of people with mental illness Humanizing Mental Illness explains and explores these connections arguing that all of us can and should adjust our social practices to enhance the agency of people with mental illness This agency is complicated and nuanced as it is often directly constrained due to a person's symptoms and indirectly constrained due to stigma Abigail Gosselin both a scholar in the field of social philosophy and a person with a psychiatric disability illustrates the importance of social interaction for developing and exercising agency By overcoming mental illness stigma and by adopting certain epistemic and moral virtues we can interact with people who have mental illness in ways that help enhance their agency and enable them to flourish Humanizing Mental Illness demonstrates that we need to challenge our explicit and implicit biases and learn to interact with mental illness in more intentional supportive and inclusive ways
