Covenant and the Jewish Conversion Question Benji Levy,2021-09-24 Covenant and the Jewish Conversion Question reevaluates conversion and

Jewish identity through the lens of Rabbi Joseph B Soloveitchik's dual conception of the Covenants of Fate and Destiny. By studying an array of key rabbinic texts through this lens, the book explores the boundaries and interplay between these biblical covenants through apostasy, holiness, and the key elements relating to conversion law. This understanding provides a relevant framing device to deal with the conversion and Jewish identity crises faced in the State of Israel and beyond. *The Fascists and the Jews of Italy* Michael A. Livingston, 2014-04-21. From 1938 until 1943, before the German occupation and accompanying Holocaust, Fascist Italy drafted and enforced a comprehensive set of anti-Semitic laws. Notwithstanding later rationalizations, the laws were administered with a high degree of severity and resulted in serious damage to the Italian Jewish community. Written from the perspective of an American legal scholar, this book constitutes the first truly comprehensive survey of the Race Laws in the English language. Based on an exhaustive review of Italian legal, administrative, and judicial sources, together with archives of the Italian Jewish community, Professor Michael A. Livingston demonstrates the zeal but also the occasional ambivalence and contradictions with which the Race Laws were applied by the Italian legal order and ordinary citizens. Although frequently depressing, the history of the Race Laws contains numerous examples of personal courage and idealism, providing a useful and timely study of what happens when otherwise decent people are confronted with an evil and unjust legal order. *The Jewish World In Modern Times* Abraham J. Edelheit, Hershel Edelheit, 2019-09-10. The momentous events of modern Jewish history have led to a proliferation of books and articles on Jewish life over the last 350 years. Placing modern Jewish history into both universal and local contexts, this selected annotated bibliography organizes and categorizes the best of this vast array of written material. The authors have included all English language books of major importance on world Jewry and on individual Jewish communities, plus books most readily available to researchers and readers, and a select number of pamphlets and articles. The resulting bibliography is also a guide to recent Jewish historiography and research methods. **Religion and American Literature Since 1950** Mark Eaton, 2020-04-16. From Flannery O'Connor and James Baldwin to the post-9/11 writings of Don DeLillo, imaginative writers have often been the most insightful chroniclers of the USA's changing religious life since the end of World War II. Exploring a wide range of writers from Protestant, Catholic, Jewish, and secular faiths, this book is an in-depth study of contemporary fiction's engagement with religious belief, identity, and practice. Through readings of major writers of our time like Saul Bellow, E.L. Doctorow, Philip Roth, Marilynne Robinson, and John Updike, Mark Eaton discovers a more nuanced picture of the varieties of American religious experience that they are more commonplace than cultural ideas of progressive secularisation or faith-based polarization might suggest. **The Making of Eretz Israel in the Modern Era** Yehoshua Ben-Arieh, 2020-03-09. Napoleon's invasion of the Middle East marks the beginning of the modern era in the region. This book traces the developments that led to the making of a new and separate geographical political entity in the Middle East, known as Eretz Israel, and the establishment of the State of Israel within its bounds. Thus, its time frame runs from Napoleon's invasion of Eretz Israel/Palestine in 1799 to

the establishment of Israel in 1948 1949 Eretz Israel as the formal name of a separate entity in the modern era first appeared in the early translations into Hebrew of the Balfour Declaration while in the original document the country was referred to as Palestine During the period of Ottoman rule the territory that would in time be called Eretz Israel Palestine was not a separate political unit Among Jews use of Eretz Israel increased only after the beginning of Zionist aliyot Had the Zionist movement not arisen it is doubtful whether the development to which this study is devoted would have occurred The motivating force behind that process is without doubt the Zionist element That is why Jews are the major protagonists in this book

Jewish Reform Movement in the US Mara W. Cohen Ioannides, 2017-11-20 This volume examines the development of the non liturgical parts of the Central Conference of American Rabbis Haggadot Through an understanding of the changes in American Jewish educational patterns and the CCAR's theology it explores how the CCAR Haggadah was changed over time to address the needs of the constituency While there have been many studies of the Haggadah and its development over the course of Jewish history there has been no such study of the non liturgical parts of the Haggadah that reflect the needs of the audience it reaches How the CCAR the first and largest of American born Judaisms addressed the changing needs of its members through its literature for the Passover Seder reveals much about the development of the movement This in turn provides for the readers of this book an understanding of how American Judaism has developed

Towards a Jewish Theology of Liberation Mark Ellis, 2013-01-03 Marc Ellis fine book about the future of the Jewish community was first published in 1987 But twenty years on in the light of recent events in the Middle East and post September 11 its powerful message of hope directed towards a people poised between Holocaust and empowerment remains as powerful apposite and pressingly relevant as it was before Ellis begins with two poles the holocaust and the pain and vision that issue from it This leads him into ethics and he highlights the contrast between the depth of Jewish ethical commitment and the paucity of renewal movements within Judaism The author then addresses all suffering peoples and the Christian liberation movements active among them so that the holocaust may be set in a wider context Against this background Ellis sees it as essential that the journeys and visions of dissenting Jews such as Etty Hillesum and Martin Buber should be re appraised An alternative perspective of what it means to be Jewish begins to emerge and in the final chapter a Jewish theology of liberation is essayed which is a theology prepared to enter the danger zones of contemporary Jewish life often at some cost
