Fuel Dragsters Denny Von Finn,2007-08-01 Top Fuel drivers and their cars race one on one in a straight line Drag racing is one of the most popular forms of auto racing and Top Fuel dragsters are the fastest dragsters around Young readers will explore the technology that enables a Top Fuel dragster to travel faster than 330 miles per hour **Top Fuel Dragsters:**

Drag Racing's Rear-Engine Revolution Steve Reyes,2016 In general terms drag racing is the fastest form of motor racing within drag racing Top Fuel is the fastest of the classes Top Fuel has always been the leading class in terms of technology cost excitement and speed Over the years technology has changed greatly What started out as a flathead engine four wheels frame rails and a steering wheel has morphed into technological wonders producing horsepower figures in the thousands and running supercharged nitromethane cars over the quarter mile in the 4 second range Industry legend and veteran journalist Steve Reyes was there through all the technological changes he has the photos anecdotes quotes and tales of the era He discusses it all including the experimentation that led to incredibly exciting racing and wild mishaps Join him in the pages of this book where he shares all the stories of this incredible racing era **Drag Racing in the 1960s** Doug Boyce,2021-03-15

The 1960s were a fascinating decade on the race scene Relive the memories today through this wonderful new book Drag racing has a long and storied history Many have said that the first drag race happened shortly after the second car was made While that may or may not be true racing prior to World War II was mostly centered around dry lake activities and top speed runs After the war drag racing became organized with the formation of the NHRA and during the 1950s many tracks were built across America to accommodate the racers Technology in the 1950s centered on the manufacturers updating old flathead designs into newer overhead valve designs and the horsepower race really started to heat up In many forms of

racing the 1960s brought technological evolution The decade began with big engines in even bigger stock chassis and ended with purpose built race only chassis fiberglass bodies fuel injection nitro methane and blowers Quarter mile times that were in the 13 second range in the beginning of the decade were in the 7 second range by the end New classes were formed dedicated cars were built for them and many racers themselves became recognized names in the sports landscape In Drag Racing in the 60s The Evolution in Race Car Technology veteran author Doug Boyce takes you on a ride through the entire decade from a technological point of view rather than a results based one Covered are all the classes including Super Stocks Altered Wheelbase cars which led to Funny Cars Top Fuelers Gassers and more **Drag Racing's Exhibition Attractions**

Lou Hart,Cory Lee,2008-05-15 This book showcases photographically the wide variety of cars and drivers that fit into the exhibition theme the jets wheelstanders rockets and other exhibition vehicles which have thrilled millions of spectators Their entire basis was who had the fastest vehicle But in 1959 complaints from other competitors and Detroit automakers got all aircraft powered dragsters banned so they became the sideshow attached to the legitimate circus that is drag racing The Green Monster became the first exhibition car exceeding 200 mph everywhere it ran Wanting even more Walt Arfons debuted the first jet powered dragster which became the desire of every fan and promoter throughout the country At virtually the same instant Tom Ivo had Kent Fuller build a four engine dragster and although it was too heavy to be competitive the tire smoke show became arguably the most famous exhibition car in history See Bill Maverick Golden and the Little Red Wagon Wild Bill Shrewsberry s and the Hurst Hemi Under Glass LA Dart and Knott s Berry Wagon Chuck Poole and his Chuckwagon Doug Rose and The Green Mamba plus many more **Racing Dragsters** Angelo G. Northern California drag racing in 1963 as a 15 year old kid Upon seeing an advertisement from the Oakland Tribune that read Come see the nitro powered 200mph slingshot dragsters Reyes and his father made the 23 mile trek to the Fremont drag strip With the noise of high powered engines filling the air Reyes was hooked and made it his duty to capture this one of a kind world on film

Drag Racing's Rebels Doug Boyce,2023-11-06 Learn the entire fascinating story of the American Hot Rod Association AHRA in this wonderfully illustrated color history When the National Hot Rod Association NHRA was formed in 1951 by Wally Parks the reasoning for the formation was to create order from chaos by instituting safety rules and performance standards that helped legitimize the sport of drag racing Some organization was certainly necessary A postwar boom in automotive enthusiasm was reaching new heights and Hot Rod magazine and the NHRA were right in the thick of it The NHRA hosted its first drag racing event in 1953 and in 1955 the organization staged its first national event which was simply called The Nationals The AHRA formed in 1956 as an alternative to the NHRA where the drivers voted on the rules rather than sanctioning bodies and tracks and their influence on the sport was felt almost immediately When the NHRA denied the use of nitromethane in 1957 the AHRA approved it When the NHRA banned aircraft powered dragsters in 1961 the AHRA welcomed them When the NHRA said no to the emerging Funny Car in 1965 the AHRA said yes When fans and

racers screamed for a heads up Super Stock category in 1968 the AHRA delivered The AHRA was called a rebel association Some say that it was more of an association that got things done to the delight of fans and racers The AHRA was on equal ground with the NHRA by the 1970s drawing enormous crowds and racer entries In this fascinating history veteran author Doug Boyce tells the story of the AHRA the rise the competition the events and the eventual downfall of the organization After AHRA President Jim Tice passed away in 1982 internal fighting for control of the association resulted in its doom Get the whole story here and add this wonderful volume to your drag racing library **Superfast Drag Racing** J Chris
