Reading Sappho Ellen Greene, 2023-07-28 Reading Sappho considers Sappho's poetry as a powerful influential voice in the Western cultural tradition. Essays are divided into four sections: Language and Literary Context, Homer and Oral Tradition, Ritual and Social Context, and Women's Erotics. Contributors focus on literary history, mythic traditions, cultural studies, performance studies, recent work in feminist theory, and more. A legendary literary figure, Sappho has attracted readers, critics, and biographers ever since she composed poems on the island of Lesbos at the close of the seventh century B.C. Bringing together some of the best recent criticism on the subject, this volume together with *Re-Reading Sappho* represents the first anthology of Sappho scholarship drawing attention to Sappho's importance as a poet and reflecting the diversity of critical approaches in classical and literary scholarship during the last several decades. Reading Sappho considers Sappho's poetry as a powerful influential voice in the Western cultural tradition. Essays are divided into four sections: Language and Literary Context, Homer and Oral Tradition, Ritual and Social Context, and Women.

Developments in the Histories of Sexualities Chris Mounsey, 2013-04-11 *Developments in the Histories of Sexualities: In Search of the Normal 1600-1800* explores the oppositions created by the official exclusion of banned sexual practices and the resistance to that exclusion through widespread acceptance of those outlawed practices at an interpersonal level. At different times and in different places, state legislation sets up or tries to set up a normal by rejecting a particular practice or group of practices. Yet this normal is derogated by popular practice since the banned acts themselves are thought at the grassroots level to be normal. Among the events discussed in these essays are the Woods Pirie trial, the Ladies of Llangollen, the popular acceptance of fops and mollies, and the press reaction to the discovery that James Allen was a woman who had lived successfully as a man, and Lavinia Edwards was a man who had made her living as a female prostitute. *Developments in the History of Sexualities* analyzes both the state language of bans and fiat about sexuality and the grassroots language which marks the acceptance of multiplicity in sexual practice. Contributors benefit from the accumulation of new evidence of attitudes towards sexual practice and they engage with a wide range of texts including Ned Ward's *History of the Clubs*, Tobias Smollett's *Roderick Random*, Shakespeare's *Taming of the Shrew* and *The Tempest*, Dryden's *All for Love*, Anne Batten Crisall's *Poetical Sketches*, Isaac de Benserade's *Iphis et Iante*, and Alessandro Verri's *Le Avventure di Saffo*.

Sappho's Legacy Marina Karides, 2021-04-01 Winner of the 2023 Gourmand Cookbook Award for Greece in the Women Category. Imaginatively interweaving literatures across a variety of subjects, *Sappho's Legacy* identifies the crucial role that islands and Greek economic culture play in teaching about capitalism's failures and alternatives. Marina Karides delivers a historical and ethnographic account of food cooperatives and microenterprises on the Greek island of Lesbos following the 2008 financial crisis to reveal the success stories of grassroots traditional and community-centered economics organized by people marginalized on the basis of gender, sexuality, and ethnicity. Karides offers hope to others who are working against the tide of neoliberalism and heteropatriarchy to develop

alternative or convivial economic practices that serve communities by providing a trail of rhythms from ancient times to the present that showcase Greece's historical resistance

Woman's Songs in Ancient Greece Anne Lingard Klinck, 2008 The author shows that understanding of femininity in ancient Greece can be expanded by going beyond poetry composed by women poets like Sappho to explore girls and women's choral songs from the archaic period songs for female choruses and characters in tragedy and lyrical representations of women's rituals and cults The book discusses poetry as performance relevant kinds and genres of poetry the definition and scope of woman's song as a mode partheneia maidens songs and the girls chorus lyric in the drama echoes and imitations of archaic woman's song in Hellenistic poetry and inferences about the differences between male and female authors It demonstrates that woman's song is ultimately best understood as the product of a male dominated culture but that feminine stereotypes while refined by male poets are interrogated and shifted by female poets The book traces the evolution of female voice lyric from 600 to 100 BCE and includes Alcman Sappho Corinna Pindar other lyric poets lyric in the drama and the Hellenistic poets Nossis Theocritus and Bion

Pandora's Senses Vered Lev Kenaan, 2008-02-05 The notorious image of Pandora haunts mythology a woman created as punishment for the crimes of man she is the bearer of hope yet also responsible for the earth's desolation She binds together perpetuating dichotomies that underlie the most fundamental aspects of the Western canon beauty and evil body and soul depth and superficiality truth and lie Speaking in multiplicity Pandora emerges as the first sign of female complexity In this compelling study Vered Lev Kenaan offers a radical revision of the Greek myth of the first woman She argues that Pandora leaves a decisive mark on ancient poetics and shows that we can unravel the profound impact of Pandora's image once we recognize that Pandora embodies the very idea of the ancient literary text Locating the myth of the first woman right at the heart of feminist interrogation of gender and textuality Pandora's Senses moves beyond a feminist critique of masculine hegemony and shows the centrality of this iconic figure among the poetics of such central genres as the cosmological and didactic epic the Platonic dialogue the love elegy and the ancient novel Pandora's Senses innovates our

understanding of gender as a critical lens through which to view ancient literature

Historical and Religious Memory in the Ancient World Beate Dignas, R. R. Smith, 2012-03-15 Historical and Religious Memory in the Ancient World examines how religious and historical memory was fashioned distorted preserved or erased in ancient societies and what wide ranging effects these actions had on the historical process The volume is interested in how memory intersects with and shapes religious traditions and cultural identities Its twelve case studies explore different aspects of the memory layers that make up ancient history social religious cultural and looks at how these layers are represented and refracted in different contexts of the written and material remains of antiquity The process has its beginnings in the dim pasts of ancient communities and continues in the later Greek and Roman periods where our most articulate ancient evidence lies It is a process that continues in a different way in contemporary scholarship which draws on selected evidence and a variety of contrasting representations The three parts of the book vary the lens through which the impact of religious and cultural memory can be grasped Part I looks at the commemoration of religious tradition in the context of cultural interaction Greek Roman Jewish and Christian Part II focuses on how religious identities are defined and how homogenous looking cultures engage in elaborate selective dialogue with their own past In Part III contested versions of the past are interpreted in studies of Roman historiography and of religiously motivated behaviour in late antique Asia Minor This interdisciplinary book highlights and celebrates the work of Simon Price an important thinker and pioneer in this kind of wider historical research in ancient cultures and religions

Dialogism and Lyric Self-fashioning Jacob Blevins, 2008 Using Mikhail Bakhtin as a kind of theoretical starting point this volume of essays investigates the manifestation of such competing voices within the tradition of lyric poetry The lyric subject's understanding of himself herself through the very act of speaking writing is irrevocably connected on multiple levels to the heard and unheard voices of others No matter how private the voice of the lyric speaker appears to be nearly every utterance is formed from and then positioned between what others have said or will say Included here are essays on the classical medieval early modern and modern lyric Some of the essays in this volume engage Bakhtin head on others by focusing explicitly on the construction of the subject through multiple discursive dialogues implicitly bring Bakhtin to bear These essays engage multiple elements of dialogism including the convergence of masculine and feminine voices public and private discourses intertextuality and the voices of the past the dialogue between literature and art and the always present dialogue between speaker's and reader's

African American Literature and the Classicist Tradition T. Walters, 2007-10-29 This is a groundbreaking study exploring the significant relationship between western classical mythology and African American women's literature A comparative analysis of classical revisions by eighteenth and nineteenth century Black women writers Phillis Wheatley and Pauline Hopkins and twentieth century writers Gwendolyn Brooks Toni Morrison and Rita Dove reveals

that Black women writers revise specific classical myths for artistic and political agency The study demonstrates that women rework myth to represent mythical stories from the Black female perspective and to counteract denigrating contemporary cultural and social myths that disempower and devalue Black womanhood Through their adaptations of classical myths about motherhood Wheatley Ray Brooks Morrison and Dove uncover the shared experiences of mythic mothers and their contemporary African American counterparts thus offering a unique Black feminist perspective to classicism The women also use myth as a liberating space where they can speak the unspeakable and empower their subjects as well as themselves

Reach without Grasping Louis A. Ruprecht Jr., 2021-11-17 Anne Carson b June 21 1950 in Toronto Canada is one of the most versatile of contemporary classicists poets and translators in the English language In *Reach without Grasping* Louis A. Ruprecht Jr explores the role played by generic transgressions on the one hand and by embodied spirituality on the other throughout Carson s ambitious literary career Where others see classical dichotomies soul versus body classical versus Christian Carson sees connection Like Nietzsche before her Carson decries the images of the Classics as merely bookish and of classicists as disembodied intellects She has brought religious bodily erotics back into the heart of the classical tradition

The Shipwreck Sea Jeffrey M. Duban, 2019-04-12 Sappho in the words of poet Algernon Charles Swinburne 1837 1909 was simply nothing less as she is certainly nothing more than the greatest poet who ever was at all Born over 2 600 years ago on the Greek island of Lesbos Sappho the namesake lesbian wrote amorously of men and women alike exhibiting both masculine and feminine tendencies in her poetry and life What s left of her writing and what we know of her is fragmentary and thus ever subject to speculation and study *The Shipwreck Sea* highlights the love poetry of the soulful Sappho the impassioned Ibycus and the playful Anacreon among other Greek lyric poets of the age 7th to 5th centuries BC with verse translations into English by author Jeffrey Duban The book also features selected Latin poets who wrote on erotic themes Catullus Lucretius Horace and Petronius and poems by Charles Baudelaire with his milestone rejoinder to lesbian love Lesbos and in the same stanzaic meter a turn to the consoling power of memory in love s more frequently tormented recall *Le Balcon* Duban also translates selected *Carmina Burana* of Carl Orff the poems frequently

Anacreontic in spirit The book's essays include a comprehensive analysis with a new translation of Horace's famed Odes 1-5 To Pyrrha in which the theme of love's shipwreck predominates and an opening treatise length argument exploring painting sculpture literature and other Western art forms on the irrelevance of gender to artistic creation No Homer was not a woman and it would make no difference if she were Twenty full color artwork reproductions masterpieces in their own right illustrate and bring Duban's argument to life Finally Duban presents a selection of his own love poems imitations and pastiches written over a lifetime these composed in the classical mode which is the leitmotif of this volume The Shipwreck Sea is a delightful and continually thought provoking companion to The Lesbian Lyre both books vividly demonstrating that classicism yet thrives in our time despite the modernism marshaled against it Motherless Daughters and Female Monsters Jessica Elbert Decker, 2024-12-28 This book is a feminist analysis of Greek myth and tragedy that reimagines the structures of Freudian theory The objective of this analysis is political by revealing the structures that undergird patriarchal oppression feminist thinkers can work to transform these symbolic constellations through the work of sabotage parody and imagination Jessica Elbert Decker attempts here to read Freudian theory through a wider lens of Ancient Greek culture since our contemporary philosophical and social culture has inherited many of its symbolic structures e.g. patriarchy binary thinking The major argument of the book is that our Western philosophical social and symbolic systems are as they were in the Ancient Greek world suffused with a set of values that reflect one version of masculinity and androcentrism and that those values are destructive to human beings as well as the non human world including other beings *LUX: Studies in Greek and Latin Literature* Myrto Aloumpi, Antony Augoustakis, 2024-10-21 This volume of essays in honor of Lucia Athanassaki offers a great variety of chapters on a number of topics in Greek and Latin literature and genres from Greek epic and lyric poetry to Greek drama and late antiquity Greek historiography and Latin lyric poetry Homosexuality in Greece and Rome Thomas K. Hubbard, 2003-05-12 Important primary texts on homosexuality in ancient Greece and Rome are translated into modern explicit English and collected together in this comprehensive sourcebook Covering an extensive period the volume includes writings by Plato Sappho Aeschines Catullus and Juvenal **Citizen Bacchae** Barbara Goff, 2004-06-14 What activities did the women of ancient Greece perform in the sphere of ritual and what were the meanings of such activities for them and their culture By offering answers to these questions this study aims to recover and reconstruct an important dimension of the lived experience of ancient Greek women A comprehensive and sophisticated investigation of the ritual roles of women in ancient Greece it draws on a wide range of evidence from across the Greek world including literary and historical texts inscriptions and vase paintings to assemble a portrait of women as religious and cultural agents despite the ideals of seclusion within the home and exclusion from public arenas that we know restricted their lives As she builds a picture of the extent and diversity of women's ritual activity Barbara Goff shows that they were entrusted with some of the most important processes by which the community guaranteed its welfare She examines the ways in which women's

ritual activity addressed issues of sexuality and civic participation showing that ritual could offer women genuinely alternative roles and identities even while it worked to produce wives and mothers who functioned well in this male dominated society Moving to more speculative analysis she discusses the possibility of a women s subculture focused on ritual and investigates the significance of ritual in women s poetry and vase paintings that depict women She also includes a substantial exploration of the representation of women as ritual agents in fifth century Athenian drama Beauty and the Gods Hugo Shakeshaft,2025-03-25 How ideas and experiences of beauty informed human relationships with the divine in ancient Greece Beginning with the earliest Greek literature the epics of Homer and Hesiod beauty was seen as having a special connection with the divine The gods of ancient Greece were defined by their exceptional beauty even today to look like a Greek god is proverbial for human beauty In Beauty and the Gods Hugo Shakeshaft explores the relationship between the beautiful and divine in ancient Greece principally in the Archaic period ca 750 480 BCE Analysing evidence that ranges from poetry art and philosophical texts to architecture and the natural landscape Shakeshaft shows how ideas and experiences of beauty shaped Greek relations with the divine With a powerful call for the place of beauty and aesthetics in the writing of history Shakeshaft uncovers the cultural dialogue between beauty and the gods in a variety of contexts in the Archaic Greek world in forms of divine worship in poetry music and dance in attitudes to the natural environment and in architecture and art This early chapter of Greek history he argues holds an unrecognised key to understanding some long running threads in the histories of religion art and aesthetics from Plato s aesthetic theories to beauty s status in contemporary discourse Beauty s deep past and divine connection in ancient Greece can help us see beauty now in sharper focus The Routledge Handbook of Classics and Queer Theory Ella Haselswerdt,Sara H. Lindheim,Kirk Ormand,2023-09-29 New directions in queer theory continue to trouble the boundaries of both queerness and the classical leading to an explosion of new work in the vast and increasingly uncharted intersection between these disciplines which this interdisciplinary volume seeks to explore This handbook convenes an international group of experts who work on the classical world and queer theory The discipline of Classics has been involved with and implicated in queer theory from the start By placing front and center the rejection of heteronormativity queer theory has provided Classics with a powerful tool for analyzing non normative sexual and gender relations in the ancient West while Classics offers queer theory ancient material such as literature visual arts and social practices that challenges a wide range of modern normative categories The collection demonstrates the vitality of this particular moment in queer classical studies featuring an expansive array of methodologies applied to the interdisciplinary field of Classics Embracing the indeterminacy that lies at the core of queer studies the essays in this volume are organized not by chronology or genre but rather by overlapping categories under the following rubrics queer subjectivities queer times and places queer kinships queer receptions and ancient pasts queer futures The Routledge Handbook of Classics and Queer Theory offers an invaluable collection for anyone working on queer

theory especially as it applies to premodern periods it will also be of interest to scholars engaging with the history of sexuality both in the ancient world and more broadly *Complete Writings* Isotta Nogarola, 2007-11-01 Renowned in her day for her scholarship and eloquence Isotta Nogarola 1418-66 remained one of the most famous women of the Italian Renaissance for centuries after her death And because she was one of the first women to carve out a place for herself in the male dominated republic of letters Nogarola served as a crucial role model for generations of aspiring female artists and writers This volume presents English translations of all of Nogarola's extant works and highlights just how daring and original her convictions were In her letters and orations Nogarola elegantly synthesized Greco-Roman thought with biblical teachings And striding across the stage in public she lectured the Veronese citizenry on everything from history and religion to politics and morality But the most influential of Nogarola's works was a performance piece *Dialogue on Adam and Eve* in which she discussed the relative sinfulness of Adam and Eve thereby opening up a centuries-long debate in Europe on gender and the nature of woman and establishing herself as an important figure in Western intellectual history This book will be a must-read for teachers and students of Women's Studies as well as of Renaissance literature and history
