Reading The Fascicles Of Emily Dickinson Dwelling In Possibilities Must Have Reader:

Reading the Fascicles of Emily Dickinson Eleanor Elson Heginbotham, 2003 Heginbotham's book focuses on Emily Dickinson's work as a deliberate writer and editor. The fascicles were forty small portfolios of her poems written between 1856 and 1864, composed on four to seven stationery sheets folded, stacked, and sewn together with twine. What revelations might come from reading her poems in her own context? Are they simply scrapbooks as some claim, or are they evidence of conscious, canny editing? Read in their original places, each lyric becomes different and more interesting than when read in isolation. We cannot know why Dickinson compiled the books or what she thought of them, but we can observe what she left in them. What she left is visible only by noting the way the poem answers in a dialogue across the pages, the way lines spilling onto a second page introduce the next poem, the way openings suggest image clusters so that each book has its own network of concerns and language, not a story or philosophical treatise but an aesthetic wholeness. This book is the first to demonstrate that Dickinson's poetic and philosophical creativity is most startling when the reader observes the individual lyric in the poet's own and only context for them. For teacher, student, scholar, and poetry lover, Heginbotham creates an important new framework for understanding one of the most complex, clever, and profound U.S. poets. **Approaching**

Emily Dickinson Fred D. White, 2008 The book gives detailed attention to the principal trends in Dickinson scholarship during the past half century: rhetorical and stylistic analysis of the poems and letters; biographical studies informed by theories of gender, sexuality, and by medical history; feminist studies of the poet's life and work; textual studies of the bound and unbound fascicles and the so-called worksheet drafts or scraps; new assessments of the poet's social and cultural milieu, including influences on her spiritual sensibility and of her theories of poetry, including lyricism. **BOOK JACKET** **Secular**

Lyric John Michael, 2018-04-17 *Secular Lyric* interrogates the distinctively individual ways that Poe, Whitman, and Dickinson transformed classical, romantic, and early modern forms of lyric expression to address the developing conditions of Western modernity, especially the heterogeneity of believers and beliefs in an increasingly secular society. Analyzing historically and formally how these poets inscribed the pressures of the modern crowd in the text of their poems, John Michael shows how the masses appear in these poets' work as potential readers to be courted and resisted, often at the same time. Unlike their more conventional contemporaries, Poe, Whitman, and Dickinson resist advising, sermonizing, or consoling their audiences. They resist most familiar senses of meaning as well. For them, the processes of signification in print, rather than the communication of truths, become central to poetry, which in turn becomes a characteristic of modern verse in the Western world. Poe, Whitman, and Dickinson in idiosyncratic but related ways each disrupt conventional expectations while foregrounding language's material density, thereby revealing both the potential and the limitations of art in the modern age. **A Wounded Deer** Wendy K. Dickinson, 1999-09-24 Presents the poetry of nineteenth century American poet Emily Dickinson Poems of Emily Dickinson Emily Dickinson, 2019-04-15 THE verses of Emily Dickinson belong emphatically to what Emerson long since called the Poetry of the Portfolio something produced absolutely without the thought of publication and solely by way of expression of the writer's own mind Such verse must inevitably forfeit whatever advantage lies in the discipline of public criticism and the enforced conformity to accepted ways On the other hand it may often gain something through the habit of freedom and the unconventional utterance of daring thoughts In the case of the present author there was absolutely no choice in the matter she must write thus or not at all A recluse by temperament and habit literally spending years without setting her foot beyond the doorstep and many more years during which her walks were strictly limited to her father's grounds she habitually concealed her mind like her person from all but a very few friends and it was with great difficulty that she was persuaded to print during her lifetime three or four poems Yet she wrote verses in great abundance and though brought curiously indifferent to all conventional rules had yet a rigorous literary standard of her own and often altered a word many times to suit an ear which had its own tenacious fastidiousness **Life and Letters of Emily Dickinson** Martha Dickinson
