A Planetary Avant-Garde Ignacio Infante,2023-04-28 A Planetary Avant Garde explores how experimental poetics and literature networks have aesthetically and politically responded to the legacy of Iberian colonialism across the world The book examines avant garde responses to Spanish and Portuguese imperialism across Europe Latin America West Africa and Southeast Asia between 1909 and 1929 Ignacio Infante critically traces the hegemony and resistance to the colonial regimes of Spain and Portugal across particular avant garde networks expanding our understanding of Western colonial and imperial ideologies of the early twentieth century The book extends geopolitical dimensions of the historical avant garde into a wider transnational and planetary framework including divergent experiences of modernity forms of experimental poetics and understandings of history It sheds light on topics such as the relation between Portuguese futurism and European colonialism in West Africa the Latin American avant garde s critique of European historicism the development of Brazilian modernism in relation to the European avant garde the comparative poetics of modernism in the Philippines and the 1929 Barcelona World s Fair Grounded in extensive archival research A Planetary Avant Garde provides a new understanding of the historical avant garde from a global and multilingual perspective

The Necessary Nation Gregory Jusdanis,2011-06-27 In this controversial look at nationalism Gregory Jusdanis offers a sweeping defense of the nation as a protector of cultural difference and a catalyst for modernization Since the end of the Cold War the nation state has undergone intense scrutiny among critics in the media and the academy Many believe that civic nationalism may be fruitful but that cultural nationalism fosters xenophobia and backward thinking Jusdanis however emphasizes the positive collaboration between nation building and culture Through a series of critical readings of multicultural postcolonial and globalization theories the author reveals how nationalism enables people to defend their distinctive ways of life to fight colonial oppression and to build an independent society of citizens He explains why people over the last two hundred years have politicized their ethnic identities and have sought a union of culture and power within an autonomous nation state While seeking to defend nationalism Jusdanis also examines its potential to unleash extraordinary violence into the world He thus proposes federalism as a political solution to the challenges posed by nationalism and globalization Jusdanis applies the tools of disciplines ranging from anthropology to philosophy as he explores the nation building projects of numerous and diverse countries around the world What emerges is a fresh perspective on the subjects of national culture identity political nations globalization postcolonialism and diaspora

The Bloomsbury Handbook of Postcolonial Print Cultures Toral Jatin Gajarawala,Neelam Srivastava,Rajeswari Sunder Rajan,Jack Webb,2023-08-10 The texts that make up postcolonial print cultures are often found outside the archival catalogue and in lesser examined repositories such as personal collections the streets or appendages to established collections This volume examines the published and unpublished writing magazines pamphlets paratexts advertisements cartoons radio and street art that serve as the intellectual forces behind opposition to colonial orders as meditations on the

futures of embryonic nation states and as visions of new forms of equality The print cultures examined here are necessarily anti institutional they serve as a counterpoint to the colonial archive and relatedly to more traditional genres and text formats coming out of large scale publishers This means that much of the primary material analyzed in this book has not been scrutinized before Many of these print productions articulate collective liberation projects with origins in the grassroots They include debates around the shape of the postcolonial nation and the new state formation that necessarily draw on a diverse and contentious public sphere of opinion Their rhetoric ranges from the reformist to the revolutionary Reflecting the diversity indeed the disorderliness of postcolonial print cultures this book covers local national and transnational cultures from Asia Africa Europe and the Americas Its wide ranging essays offer a nuanced and taken together a definitive though that is not to say comprehensive or systematic study of a global phenomenon postcolonial print cultures as a distinct literary field The chapters recover the efforts of writers readers and publishers to produce a postcolonialism from below and thereby offer a range of fresh perspectives on the meaning and history of postcolonialism

Five Faces of Exile Augusto Fauni Espiritu, 2005 Five Faces of Exile is the first transnational history of Asian American intellectuals Espiritu explores five Filipino American writers whose travels literary works and political reflections transcend the boundaries of nations and the categories of Asia and America *Filipino Americans* Maria P. P. Root, 1997-05-20 When Asian Americans are discussed in the media the reference is often to people of Chinese or Japanese descent However the largest Asian American ethnic group is Filipino a group of which little is known or written despite its long standing history with the United States This interdisciplinary analysis rectifies this dearth of information by addressing ethnic identity the impact of different colonizations on ethnic identity personal and family relationships mental health race and racism In addition the sociopolitical context is examined in each chapter making the volume useful as a foundational tool for hypothesis generation empirical research policy analysis and planning and literature review *Cultural Studies of Transnationalism* Handel Kashope Wright, Meaghan Morris, 2013-09-13 This book asks what transnationalism might mean for Cultural Studies as an intellectual project shaped in vastly differing circumstances across the world With contributions from scholars with experience of cultural life and the work of education in various regions countries and locales from francophone Africa Eastern Europe and the Middle East to Hawaii Jamaica South Korea and Japan Cultural Studies of Transnationalism ranges across literary film dance theatrical and translation studies to explore the socially material and institutional factors that not only shape transnational developments in culture broadly understood but also frame the academic and professional spaces in which we reflect on these This book was originally published as a special issue of the journal Cultural Studies **Journal of Asian American Studies** ,2004 Logoteunison: Literary Easternization in Orhan Pamuk's Works Saman Hashemipour, 2019-10-31 This book explores the enduring European and American interest in literary works portraying

Eastern themes and perspectives It examines how literary Easternization termed Logoteunison manifests in Western literary works that reflect embody or deploy Eastern values or concepts or else ape mimic parody or pay homage to various Eastern and especially Persian masterpieces Such repurposing or appropriation is frequently powered by features from the postmodern toolkit intertextuality metafiction fragmentation The novelist Orhan Pamuk has been influenced arguably unwittingly by literary Easternization In his Western style works Pamuk channels Eastern values creating texts nevertheless in the Western mold and primarily aimed at Western readers Pamuk uses Istanbul the writer s birthplace a city between two worlds a halfway land binding together Asia and Europe both as a physical setting and to symbolically mediate Eastern and Western worldviews This title has a threefold purpose by establishing a theoretical and contextual background for Eastern masterpieces and forming a distinctive review of Eastern culture as filtered through Pamuk s works it suggests a new theory in literary criticism one which aims to adopt a novel philosophical approach to the study of literary Easternization Students of comparative and Turkish literature will find in this volume detailed background information about Turkish Persian and Arabic masterpieces as well as their significant cultural correspondences and affinities especially regarding their employment of Sufi themes Any student or scholar interested in the postmodern cross fertilization of Middle Eastern and Western literature will find this work fascinating and rewarding

Occidentalism Xiaomei Chen,2002

This revised and expanded edition of the first comprehensive study of Occidentalism in post Mao China includes a new preface foreword and chapter on Chinese diaspora writings in the Chinese language Xiaomei Chen offers an insightful account of the unremittingly favorable depiction of Western culture and its negative characterization of Chinese culture in post Mao China since 1978 She examines the cultural and political interrelationship between the East and West from a vantage point more complex than that accommodated by most current theories of Western imperialism and colonialism Going beyond Edward Said s construction in Orientalism of cross cultural appropriations as a defining facet of Western imperialism Chen argues that the appropriation of Western discourse what she calls Occidentalism can actually have a politically and ideologically liberating effect on contemporary non Western culture She maintains that simplistic allegations of Orientalism frequently found in current critical discourses seriously underestimate the complexities of intercultural and multicultural relationships Using China as the focus of her analysis Chen examines a variety of cultural media from Shakespearean drama to modernist poetry to contemporary Chinese television and popular fiction She thus places sinology in the general context of Western theoretical discourses such as Eurocentrism postcolonialism nationalism modernism feminism and literary hermeneutics showing that it has a vital role to play in the study of Orient and Occident and their now unavoidable symbiotic relationship Occidentalism presents a new model of comparative literary and cultural studies that reenvisions cross cultural appropriation It will be indispensable to future discussions of Orientalism Occidentalism and postcolonialism as well as subaltern studies Asian studies comparative literature cultural studies and non Western drama
