Guardians Bartholomew H. Sparrow, 1999-05-04 The news media are often seen as a fourth branch of government serving as
a check on the other three This text argues that this is a mistaken notion the media's decisions affect the government's policy
making as well as the processes and outcomes of the political system **The Fourth Turning** William Strauss, Neil
Howe, 1997-12-29 NATIONAL BESTSELLER Discover the game changing theory of the cycles of history and what past
generations can teach us about living through times of upheaval with deep insights into the roles that Boomers Generation X
and Millennials have to play now with a new preface by Neil Howe First comes a High a period of confident expansion Next
comes an Awakening a time of spiritual exploration and rebellion Then comes an Unraveling in which individualism triumphs
over crumbling institutions Last comes a Crisis the Fourth Turning when society passes through a great and perilous gate in
history William Strauss and Neil Howe will change the way you see the world and your place in it With blazing originality The
Fourth Turning illuminates the past explains the present and reimagines the future Most remarkably it offers an utterly
persuasive prophecy about how America's past will predict what comes next Strauss and Howe base this vision on a
provocative theory of American history The authors look back five hundred years and uncover a distinct pattern Modern
history moves in cycles each one lasting about the length of a long human life each composed of four twenty year eras or
turnings that comprise history's seasonal rhythm of growth maturation entropy and rebirth Illustrating this cycle through a
brilliant analysis of the post World War II period The Fourth Turning offers bold predictions about how all of us can prepare
individually and collectively for this rendezvous with destiny
