## Reading Of The Iliad:

*The Iliad* Homer, 2007 A new translation of Homer's classic follows Merrill's successful earlier version of the Odyssey in capturing the feel of the original Greek      **The Iliad of Homer** Homer, 1977      *The Iliad (Collins Classics)* Homer, 2012-05-31 HarperCollins is proud to present its new range of best loved essential classics      **Reading the Odyssey** Seth L. Schein, 2020-06-16 This wide ranging collection makes available to specialists and nonspecialists alike important critical work on the Odyssey produced during the last half century The ten essays address five major concerns the poem's programmatic representation of social and religious institutions and values its transformation of folktales and traditional stories into epic adventures its representation of gender roles and in particular of Penelope its narrative strategies and form and its relation to the Iliad especially to that epic's distinctive conception of heroism In the introduction Seth L. Schein describes the poetic background to the work and suggests a variety of interpretive approaches some of which are developed in the essays that follow These essays include previously published work by Jean Pierre Vernant Pierre Vidal Naquet Pietro Pucci and Charles P. Segal There also are a new essay by Laura M. Slatkin two revised and expanded ones by Nancy Felson Rubin and Michael N. Nagler and three appearing in English for the first time by Uvo Hlscher Karl Reinhardt and Vernant The result is a collection that juxtaposes older often hard to find articles with significant newer pieces in a way that allows for a fruitful dialogue among them      Literature in the Greek and Roman Worlds Oliver Taplin, 2000 This book consists of seventeen essays by a team of international scholars exploring aspects of the reception of literature from the earliest surviving Greek poetry to the demise of classical literature at the end of the Roman empire Deploying fresh insights to map out lively and provocative surveys the contributors examine all genres of the classical world epic lyric tragedy comedy history philosophy rhetoric epigram elegy pastoral satire biography epistle declamation panegyric in search of answers to the questions of who were the genres for and what did these people make of them      Homer Mark W. Edwards, 1987 Homer Poet of the Iliad is the perfect companion both for readers deepening their appreciation of the poem and its form and for those encountering Homer's work for the first time Mark Edwards combines the advantages of a general introduction and a detailed commentary to make the insights of recent Homeric scholarship accessible to students and general readers as well as to classicists Since interpretation of the epic requires an understanding of the ancient oral tradition and its conventions Edwards offers a comprehensive analysis of the poetics of the Iliad and the Odyssey He also discusses essential elements of Homeric society its religion history and social values to clarify the style and substance of the poetry In the second half of the book Edwards's scene by scene explication of ten major books of the Iliad leads the reader to a greater perception of Homer's mastery and manipulation of convention      **A History of Greek Literature from the Earliest Period to the Death of Demosthenes** Frank Byron Jevons, 1892      Iliad Homer, Pamela Ann Draper, 2002 A user friendly edition for the student reading Homer in the original Greek      **A Reading of the Iliad** R.
