*A Practical Discipleship Model That Fosters Spiritual Maturity* Owar Ojha Ojulu, 2023-11-09 Jesus challenges us to live in him and continue living out the truth so that we claim our allegiance to Christ and live as disciples free from fear and from cultural customs that contradict the gospel message This project has found that the lack of discipleship training among the Anyuwaa churches has resulted in a lack of understanding of what this ministry entails teaching and making disciples In addition failure to embed elements of the Anyuwaa culture into the discipleship approach and the persistence of certain elements of Anyuwaa life that run counter to gospel beliefs has inflamed this crisis Therefore this book presents a call for the church to challenge the culture of syncretism and the fear of witchdoctors to shift its paradigm and begin interpreting the gospel message utilizing contextual elements but interpreting them through the lens of the gospel calling people to embrace gospel values within their own cultural context When we start interpreting strong cultural beliefs and traditions through the truth of the gospel it is proof that we have come to the best discipleship approach as we speak the truth of the gospel in the life our church and the hearts of our believers

Australian *Called to Be Sent* Anthony J. Gittins, 2018-02-13 The gospel tells us to look into other people's eyes as we search for an image of God to help us work for healing justice amid the rubble and the memories that litter our lives to rebuild a human world on the debris of broken dreams and to commit ourselves as God does to restoring communities so that there will be no more estrangement no more strangers and no more aliens It is only a little less than impossible and the only way we can do it is to learn to love the world as God already does It's simply not possible to love in theory we must go further than that We must love in practice We must practice in love That is the disciple's call *Called to Be Sent* develops and completes the theology of discipleship introduced in the author's previous books This new volume focuses on sending forth the phase that follows our radical encounter with humanity Here we find the hope and strength to move from an understanding of mission to actually being commissioned by Jesus In short as Christians we are gathered for scattering and called to be sent and this book provides much direction

*A Presence that Disturbs* Anthony J. Gittins, 2018-02-14 This powerful moving and disturbing book looks at the contemporary issues that block the attainment of a revitalized church a church united rather than fragmented a church tuned to justice for all rather than to provincial myopia *A Presence that Disturbs* will engage the general reader and the specialist alike with a fresh perspective on what it means to follow Christ Three themes garnered from Holocaust survivor Viktor Frankl underpin the message of this book To live you must choose you must not let life just happen To love you must encounter you must know that human encounter is the only authentic way to know and love To grow you must suffer you must know that suffering can be a vehicle of growth a chance for redemption a way to turn ourselves to the outside Gittins discusses these themes in the context of the search for meaning The new lease on life endowed by the Holy Spirit the function of imaginative ministry the *communitas* of true discipleship and the radical actions of Jesus ministry are just a few of the ideas explored in the quest for a new understanding of discipleship Authentic Christianity says Gittins is outreaching and encountering it communicates and ministers Christianity like its sibling Judaism does not produce complacency but complicity or participation with others These pages are an invitation to renewed discipleship and an appeal to radical Christianity in the footsteps and in the Spirit of Jesus who prayed that his followers be one in him

*Affirming and Living with Differences*, 2020-01-13 The multi cultural society is under enormous pressure Paradoxically the globalization plans of modernity have resulted in a more fragmented world and ensuing violence Instead of becoming uniform individual character and differences have become more strongly emphasized How can people live together and at the same time preserve their differences How can variety be valued in a theological manner These questions form the theme of this collection that consists of three sections The South African reflections Simon Louw and Koopman that consider living in the variety of a rainbow nation are followed by European experiences of Moluccan Christians in the Netherlands Pattikayhatu Western Muslims van Bommel and the Belgian *modus vivendi* Van der Borgh The collection is completed by the theological reflections about the concept *communio sanctorum* Le Bruyns the Enlightenment's ideal of equality van de Beek

and the unity of the church Theron      **Called to Be Sent** Anthony J. Alexander, Ayman K. Agbaria, 2012 As liberal democracies include increasingly diverse and multifaceted populations the longstanding debate about the role of the state in religious education and the place of religion in public life seems imperative now more than ever The maintenance of religious schools and the planning of religious education curricula raise a profound challenge Too much state supervision can be conceived as interference in religious freedom and as a confinement of the right to cultural liberty Too little supervision can be seen as neglecting the development of the liberal values required to live and work in a democratic society and as abandoning those who within their communities wish to attain a more rigorous education for citizenship and democracy This book draws together leading educationalists philosophers theologians and social scientists to explore issues problems and tensions concerning religious education in a variety of international settings The contributors explore the possibilities and limitations of religious education in preparing citizens in multicultural and multi religious democratic societies      A Presence that Disturbs Anthony J. Gittins CSSp, 2018-02-14 This powerful moving and disturbing book looks at the contemporary issues that block the attainment of a revitalized church a church united rather than fragmented a church tuned to justice for all rather than to provincial myopia A Presence that Disturbs will engage the general reader and the specialist alike with a fresh perspective on what it means to follow Christ Three themes garnered from Holocaust survivor Viktor Frankl underpin the message of this book To live you must choose you must not let life just happen To love you must encounter you must know that human encounter is the only authentic way to know and love To grow you must suffer you must know that suffering can be a vehicle of growth a chance for redemption a way to turn ourselves to the outside Gittins discusses these themes in the context of the search for meaning The new lease on life endowed by the Holy Spirit the function of imaginative ministry the *communitas* of true discipleship and the radical actions of Jesus ministry are just a few of the ideas explored in the quest for a new understanding of discipleship Authentic Christianity says Gittins is outreaching and encountering it communicates and ministers Christianity like its sibling Judaism does not

**The Publishers Weekly** ,1999      **Context** Martin E. Marty,2000      *Models of Contextual Theology* Stephen B. Bevens,2002 Stephen B Bevens s *Models of Contextual Theology* has become a staple in courses on theological method and as a handbook used by missionaries and other Christians concerned with the Christian tradition s understanding of itself in relation to culture First published in 1992 and now in its seventh printing in English with translations underway into Spanish Korean and Indonesian Bevens s book is a judicious examination of what the terms contextual theology and to contextualize mean In the revised and expanded edition Bevens adds a counter cultural model to the five presented in the first edition the translation the anthropological the praxis the synthetic and the transcendental model This means that readers will be introduced to the way in which figures such as Stanley Hauerwas John Milbank Lesslie Newbigin and occasionally Pope John Paul II need to be taken into account The author s revisions also incorporate suggestions made by reviewers to enhance the clarity of the original three chapters on the nature of contextual theology and the five models      **The Catholic Periodical and Literature Index** ,2003
