Readings, Cases, Materials in Canon Law Jordan F. Hite,Gennaro J. Sesto,Daniel J. Ward,1990 The General Chapter in a Religious Institute Elizabeth M. Cotter,2008 This book examines the historical antecedents of the concept of general chapter the supreme authority in an institute of consecrated life This provides the basis for an examination of the contemporary understanding of the nature of its power and authority as portrayed in the 1983 Code of Canon Law The general chapter is analysed in terms of its juridic status collegial nature participative character and representative function as well as its dynamic aspects and faith dimension The author applies the findings to one institute of consecrated life Institute of the Blessed Virgin Mary Loreto Branch This application provides an example of the challenges inherent in working participatively and collaboratively within a hierarchical structure Because consecrated life has an inalienable ecclesial dimension understanding authority and power and their exercise in institutes of consecrated life has relevance for understanding authority and its exercise in other organs of authority at all levels in the church The Emerging Diaconate William T. Ditewig,2007 Sketches the current state of the permanent diaconate especially in the United States then offers the historical developments which led to the contemporary diaconate and finally suggests a vision of the diaconate for the future always within the matrix of a servant ecclesiology which should characterize the entire Church Church Laws and Ecumenism Norman Doe,2020-09-27 Written by experts from within their communities this book compares the legal regimes of Christian churches as systems of religious law The ecumenical movement with its historical theological focus has failed to date to address the role of church law in shaping relations between churches and fostering greater mutual understanding between them In turn theologians and jurists from the different traditions have not hitherto worked together on a fully ecumenical appreciation of the potential value of church laws to help and sometimes to hinder the achievement of greater Christian unity This book seeks to correct this ecumenical church law deficit It takes account of the recent formulation by an ecumenical panel of a Statement of Principles of Christian Law which has been welcomed by Pope Francis and the Ecumenical Patriarch of Constantinople leader of the Orthodox Church worldwide as recognizing the importance of canon law for ecumenical dialogue This book therefore not only provides the fruits of an understanding of church laws within ten Christian traditions but also critically evaluates the Statement against the laws of these individual ecclesial communities The book will be an essential resource for scholars of law and religion theology and sociology It will also be of interest to those working in religious institutions and policy makers *Empowerment for Ministry* John M. Huels,2003 Empowerment for Ministry is a must have reference book that provides a comprehensive treatment of diocesan faculties for priests deacons and lay ministers It develops a coherent theory of the juridical nature and the delegation of faculties identifies and organizes the pertinent rules of canon law and the canonical tradition on the grant supply use and cessation of diocesan faculties and offers

model faculties and commentaries on them for clergy lay ministers and chancery officials Part I Canonical Theory and Rules presents a comprehensive treatment of diocesan faculties and all the canonical rules applicable to them Part II Model Faculties and Commentaries offers lists of faculties and commentaries on them Audience diocesan leadership and those who advise them in the preparation and updating of diocesan faculties canonists and students of canon law priests deacons and lay ministers who have faculties by law and or delegation those preparing for ecclesial ministries seminarians deacon candidates and lay ministers in formation

Practical Church Management James Behrens, 2008 *The Gift of the Church* Peter C. Phan, 2016-03-24 As the Church enters its third millennium it must take stock of its identity and mission These essays in *The Gift of the Church* address the fundamental issues confronting the Church in its immediate future Their authors represent the most prominent ecclesiologists of our time Written in honor of Patrick Granfield OSB these essays form a textbook for classes in ecclesiology They also are a useful tool for those engaged in various ministries in the Church to update themselves on the theology of different aspects of the Church The first section of essays discusses ecclesiology in its historical development as well as its methodology the second examines various aspects of the Church and the third part presents the life and work of Patrick Granfield The essays are clearly written and based on solid and extensive scholarship Ecclesiology has been the central theme of theological reflections since Vatican II and may continue to be in the next millennium This textbook fulfills in part Pope John Paul II's Vision for the Jubilee Year when Christians with a profound sense of commitment will likewise express their gratitude for the gift of the Church Essays and authors in Part One Ecclesiology in Historical Context are Theologies of the Church in the New Testament by Frank J. The Ministry of Law in the Church Today Kevin E. McKenna, 1998 Many members of the Catholic Church today clergy as well as laity find no useful purpose for the Church's legal structure or canon law They may view canon law as arbitrary antiquated or even a hindrance to the movement of the Spirit especially within the context of developments following the Second Vatican Council Kevin E McKenna counters this attitude with an overview of the positive features of Church law and a modern analysis of the canonical tradition of the Church McKenna argues that the utilization of canon law in the Church today is not only desirable but necessary and that it can be highly constructive when the law is viewed as a ministry of service The call of the Church since Vatican II has been towards communion with Christ among Christians and between local churches The concept of communion provides a structure and a path that can clarify and encourage individual participation in developing the common good After a discussion of the development of Church law and the effect Pope Paul VI and Pope John Paul II have had on

contemporary canon law McKenna's work underscores the role of canon law in highlighting the rights of all members of the Church Canon law is necessary to assist in the orderly carrying out of the gospel demands and to protect the freedom of individual Church members Practical applications of canon law include the annulment process and alternatives for resolving disputes within the Christian community The Ministry of Law in the Church Today provides practical guidance and rationale for the role of law in the Church for pastoral ministers who are accustomed to seeing canon law as a problem rather than a solution This book will also appeal to laity who harbor a curiosity about the usefulness of Church law in everyday Christian life
