Reagans America Innocents At Home:

Reagan's America Garry Wills, 1987 A biography analyzing the values surrounding Reagan as he grew up was educated entered into the movie and business worlds and finally into politics

America Garry Wills, 1987 **Reagans America** Garry Wills, 1985 **Reagan and Public Discourse in America** Michael Weiler, W. Barnett Pearce, 2006-08-27 A critical assessment of the impact of the administration of President Ronald Reagan on public discourse in the United States The authors show that more than any president since John F Kennedy Reagan s influence flowed from his rhetorical practices And he is remembered as having reversed certain trends and cast the U S on a new course The contributors to this insightful collection of essays show that Reagan s rhetorical tactics were matters of primary concern to his administration s chief political strategists

The Reagans Anne Edwards, 2018-08-01 He was an actor newly divorced whose controversial tenure as president of the Screen Actors Guild was drawing more attention than his fading film career She was a contract player at MGM unmarried and rapidly growing too old to play the starlet It was time she decided to settle down and become Mrs Somebody Important So Nancy Davis contrived an introduction to Ronald Reagan and the Reagans march into history began The Reagans Portrait of a Marriage is a penetrating portrayal of one of the most powerful couples of the twentieth century Distinguished biographer Anne Edwards paints the first in depth intimate portrait of the man who became our fortieth president and the woman without whom he might never have reached such heights It was a dramatic love story from the start Nancy was always first in Reagan s thoughts and he was paramount in Nancy s actions But this obsessional love had a darker side for the four Reagan children Anne Edwards brings the Reagans dysfunctional family life into sharp focus along with a fascinating array of supporting players such as Reagan s evangelistic mother Nelle Frank Sinatra and Gerald Ford Few first ladies had as much power as Nancy Reagan and few were so widely disliked Anne Edwards shows a side of her never before revealed from Nancy s ardent defense of Reagan s interests with both opponents and supporters to the most difficult battle yet the struggle to maintain her husband s dignity through his descent into Alzheimer s disease The Reagans is an original and mesmerizing look at one of America s most important presidential marriages

Reagan and Thatcher: The Difficult Relationship Richard Aldous, 2012-03-19 An iconic friendship an uneasy alliance a revisionist account of the couple who ended the Cold War For decades historians have perpetuated the myth of a Churchillian relationship between Ronald Reagan and Margaret Thatcher citing their longtime alliance as an example of the special bond between the United States and Britain But as Richard Aldous argues in this penetrating dual biography Reagan and Thatcher clashed repeatedly over the Falklands war Grenada and the SDI and nuclear weapons while carefully cultivating a harmonious image for the public and the press With the stakes enormously high these political titans struggled to work together to confront the greatest threat of their time the USSR Brilliantly reconstructing some of their most dramatic encounters Aldous draws on recently declassified documents and extensive oral history to dismantle the

popular conception of Reagan Thatcher diplomacy His startling conclusion that the weakest link in the Atlantic Alliance of the 1980s was the association between the two principal actors will mark an important contribution to our understanding of the twentieth century *The Two Americas* Stanley B. Greenberg,2025-09-23 The 2000 presidential left the world standing still but it was no fluke America is divided right down the middle the product of a half century unique in our country s history of inconclusive increasingly heated partisan battle Tantalizingly close to victory each party inflames and mobilizes its most loyal supporters and battles to gain even a small edge with some contested groups Politics has become culture war a fight about values faith the family how people should live their lives The result partisans are more partisan politics more polarized America more divided *The Two Americas* Our Current Political Deadlock and How to Break It tells the history of each party s failed efforts to dominate the era s politics and ideas radically changing the political landscape The book provides an in depth guide to the new groups at the center of our politics Internationally renowned political strategist and pollster Stanley Greenberg puts the reader in the room with the strategists and politicians and shows how each party can win even shatter the impasse *The Two Americas* is a political primer and strategic playbook for this unique era essential reading for any armchair political strategist or engaged citizen eager to understand our future politics *The Enduring Reagan* Hugh Heclo,James W. Ceaser,George H. Nash,Stephen F. Knott,Paul G. Kengor,Andrew E. Busch,Stephen F. Hayward,Michael Barone,2009-09-04 Essays on the fortieth president and how he changed our world Hands down the finest compilation on Ronald Reagan that exists Robert G Kaufman author of *In Defense of the Bush Doctrine* A former Sunday school teacher and Hollywood actor Ronald Reagan was an unlikely candidate for president but his charisma conviction and leadership earned him the governorship of California from which he launched his successful bid to become the fortieth president of the United States in 1980 Reagan s political legacy continues to be the standard by which all conservatives are judged In *The Enduring Reagan* editor Charles W Dunn brings together eight prominent scholars to examine the political career and legacy of Ronald Reagan This anthology offers a bold reassessment of the Reagan years and the impact they had on the United States and the world Includes contributions by Charles W Dunn Hugh Heclo James W Ceaser George H Nash Stephen F Knott Paul G Kengor Andrew E Busch Steven F Hayward Michael Barone ***A Companion to Ronald Reagan*** Andrew L. played a key role in serving to shape and define American approach to foreign affairs This book explains American commitment to Israel within a framework of political culture **The Power to Destroy** Michael J. Graetz, 2024-02-13 How the antitax fringe went mainstream and now threatens America's future The postwar United States enjoyed large widely distributed economic rewards and most Americans accepted that taxes were a reasonable price to pay for living in a society of shared prosperity Then in 1978 California enacted Proposition 13 a property tax cap that Ronald Reagan hailed as a second American Revolution setting off an antitax antigovernment wave that has transformed American politics and economic policy In *The Power to Destroy* Michael Graetz tells the story of the antitax movement and how it holds America hostage undermining the nation's ability to meet basic needs and fix critical problems In 1819 Chief Justice John Marshall declared that the power to tax entails the power to destroy But *The Power to Destroy* argues that tax opponents now wield this destructive power Attacking the IRS protecting tax loopholes and pushing tax cuts from Reagan to Donald Trump the antitax movement is threatening the nation's social safety net increasing inequality ballooning the national debt and sapping America's financial strength The book chronicles how the movement originated as a fringe enterprise promoted by zealous outsiders using false economic claims and thinly veiled racist rhetoric and how abetted by conservative media and Grover Norquist's taxpayer protection pledge it evolved into a mainstream political force The important story of how the antitax movement came to dominate and distort politics and how it impedes rational budgeting equality and opportunities *The Power to Destroy* is essential reading for understanding American life today **Encyclopedia of Television** Horace

Sloan, 1999 Now that Reagan's achievements and failures have become more obvious it is time for a new nonpartisan appraisal of his leadership and its impact on the nation That is precisely what John Sloan delivers Sloan focuses especially on the questions raised in the highly polemical debates between conservatives and liberals concerning Reagan's economic policies He gives equal time to both sides showing how liberals were wrong in their predictions of gloom while conservatives continue to grant Reagan more credit and status than he deserves
