Predestination Greg Kame, 2021-03-11 The doctrine of predestination is an important starting point for the study of Christian theology

thought from a Reformed theological perspective This doctrine is essential because it is one of the central themes from the Bible that has been the reason for many debates among many theologians in the history of the church Despite the different views held by mainline Protestant theologians like Martin Luther John Calvin and Jacobus Arminius this book points to Scripture as the basis for Reformed soteriology It uses the tools of biblical interpretation to show how the entire Bible addresses the doctrine of predestination so that theology students pastors Bible teachers and anyone interested in Christian theology will better understand predestination from a Reformed perspective toward an effective ministry today **Jesus and Scripture** Thomas J. Parker, 2024-02-29 For the New Testament writers the Old Testament scriptures and the teachings of Jesus were key sources of authority and influence When these influences are considered alongside each other each can illuminate the other deepening the New Testament writers presentation of Jesus and our understanding of their interpretations In *Jesus and Scripture* Tom Parker examines the way in which Hebrews James and 1 and 2 Peter deal with these two different sources of authority how they relate to each other and what shifts have occurred historically and theologically within the writing of these texts Treating the four epistles methodologically Parker examines the particular ways in which each writer draws on the Hebrew scriptures Ultimately he argues convincingly that the nascent Jesus tradition particularly via oral routes influenced the way the Old Testament was processed by these various New Testament writers

Hebrews, the General Letters, and Revelation Charles B. Puskas, 2016-10-28 Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion *New Testament Philology* Melton Bennett Winstead, 2018-04-17 This work is dedicated to David Alan Black a New Testament scholar who has contributed to the love of the Koine Greek language as it pertains to New Testament studies in numerous ways as a professor author missionary and editor The goal of this book is to demonstrate for students the value of continued research in the Greek New Testament The essays demonstrate how research is currently being done utilizing such tools as grammatical
