Bibliography of Agriculture ,1991-04 **Paranormal Encounters in Iceland 1150-1400** Ármann

Jakobsson,Mariusz Mayburd,2020-03-23 This anthology of international scholarship offers new critical approaches to the study of the many manifestations of the paranormal in the Middle Ages The guiding principle of the collection is to depart from symbolic or reductionist readings of the subject matter in favor of focusing on the paranormal as human experience and essentially on how these experiences are defined by the sources The authors work with a variety of medieval Icelandic textual sources including family sagas legendary sagas romances poetry hagiography and miracles exploring the diversity of paranormal activity in the medieval North This volume questions all previous definitions of the subject matter most decisively the idea of saga realism and opens up new avenues in saga research **Annals of Iowa** ,1993 **Forthcoming Books**

Rose Army,1990 **Journal of Agricultural Economics Research** , **Perceptions of Battle** Jeff Dacus,2024-05-15 A new perspective on the Battle of Monmouth from the first person accounts of those who took part in the battle After spending a difficult winter at Valley Forge George Washington led the Continental Army in pursuit of the British Army moving from Philadelphia to New York City On June 28 1778 the army caught up with the British and defeated them at Monmouth Court House The principal figure in the battle is George Washington His planning his orders and his actions on the battlefield dominate the story After the first rebuff of his advance guard under Charles Lee it is Washington who matched each movement of the enemy with decisive actions of his own In doing so he attained a tactical victory on the battlefield that had major strategic implications Because of his leadership and the actions of his army both he and the Continental Army gained renewed respect from Congress the American people and the enemy Washington s success solidified his position as the face of the Revolutionary effort While the Congress was often ineffectual or even nonexistent Washington and his army became the symbol of the Revolution Modern authors have contributed greatly to our knowledge of the battle of Monmouth but in doing so have tried to interpret or analyze it through our modern point of view losing sight of what happened disregarding the perceptions opinions and conclusions of the people who took part in the battle and its aftermath This book is different in that it uses only first person accounts to reach conclusions or render judgments In addition to changing the perceptions of the victory of the Continental Army modern historians have distorted the story further through the court martial of Charles

Lee in the aftermath of the battle giving it undue importance The Publishers Weekly ,1989 *Peace Building Through Women's Health* Norbert Goldfield,2021-04-28 This book is an examination of the Israeli Palestinian conflict through psychoanalytic sociopsychological and nationalistic lenses highlighting the successes and the hurdles faced by one organization Healing Across the Divides HATD in its mission to measurably improve health in marginalized populations of both Israelis and Palestinians Peace Building through Women s Health begins with a summary of the peace building through health field and a psychoanalytic sociopsychological examination of the Israeli Palestinian conflict After a series of informative case studies the book concludes with an analysis of how this organization has evolved its peace building through health approach over the fifteen years since its founding Working with community groups HATD has measurably improved the lives of more than 200 000 marginalized Israelis and Palestinians In the process it also improves the effectiveness of the community group grantees by offering experienced management consulting and by requiring rigorous ongoing self assessment on the part of the groups IHATD hopes that in the long term some of the community leaders it supports will be tomorrow s political leaders As these leaders strengthen their own capabilities they will be able to increasingly contribute to securing peace in one of the longest running conflicts in the world today Peace Building through Women s Health will be invaluable to public and mental health professionals interested in international health peace and conflict studies and conflict resolution New perceptions of the current world United States. Congress. House. Committee on Interstate and Foreign Commerce. Subcommittee on Energy and Power,1976 Peasant Perceptions of Landscape Stephen Miles,Stuart Brookes,2021-11-04 Peasant Perceptions of Landscape marks a change in the discipline of landscape history as well as making a major contribution to the history of everyday life Until now there has been no sustained analysis of how ordinary medieval and early modern people experienced and perceived their material environment and constructed their identities in relation to the places where they lived This volume provides exactly such an analysis by examining peasant perceptions in one geographical area over the long period from AD 500 to 1650 The study takes as its focus Ewelme hundred a well documented and archaeologically rich area of lowland vale and hilly Chiltern wood pasture comprising fourteen ancient parishes The analysis draws on a range of sources including legal depositions and thousands of field names and bynames preserved in largely unpublished deeds and manorial documents Archaeology makes a major contribution particularly for understanding the period before 900 but more generally in reconstructing the fabric of villages and the framework for inhabitants spatial practices and experiences In its focus on the way inhabitants interacted with the landscape in which they worked prayed and socialised Peasant Perceptions of Landscape supplies a new history of the lives and attitudes of the bulk of the rural population who so seldom make their mark in traditional landscape analysis or documentary history *New Books on Women and Feminism* ,1989 **Dark Revelations - The Role Playing Game - The Book of Adventure** Chris Constantin,Jason Cable Hall, Dark Revelations The Role Playing Game Book of Adventure Ever Need help with your Game
