

Religion and Republic

The American Circumstance

Martin E. Marty

*"This collection demonstrates that
Marty's separate interests and arresting
insights, which we have traced
throughout his career, culminate in a
powerful vision of late twentieth-century
American culture, at once accepting the
complexity and insisting on
its uniqueness."*

— The Journal of Religion

Religion And Republic The American Circumstance

Vincent L. Wimbush

Religion And Republic The American Circumstance:

Religion and Republic Martin E. Marty, 1989-05-31 America's preeminent religious historian reflects on the critical role of religious diversity in our national self understanding

The American Exception, Volume 1 Frank J. Lechner, 2017-01-09 This book examines what makes the United States an exceptional society what impact it has had abroad and why these issues have mattered to Americans With historical and comparative evidence Frank J Lechner describes the distinctive path of American institutions and tracks changes in the country's national identity in order to assess claims about America's exceptional qualities The book analyzes several focal points of exceptionalist thinking about America including the importance of US Constitution and the American sense of mission and explores several aspects of America's distinctive global impact for example in economics and film In addition to discussing the distinctive global impact of the US this first volume delves into religion law and sports

Strangers and Pilgrims Catherine A. Brekus, 2000-11-09 Margaret Meuse Clay who barely escaped a public whipping in the 1760s for preaching without a license Old Elizabeth an ex slave who courageously traveled to the South to preach against slavery in the early nineteenth century Harriet Livermore who spoke in front of Congress four times between 1827 and 1844 these are just a few of the extraordinary women profiled in this the first comprehensive history of female preaching in early America Drawing on a wide range of sources Catherine Brekus examines the lives of more than a hundred female preachers both white and African American who crisscrossed the country between 1740 and 1845 Outspoken visionary and sometimes contentious these women stepped into the pulpit long before twentieth century battles over female ordination began They were charismatic popular preachers who spoke to hundreds and even thousands of people at camp and revival meetings and yet with but a few notable exceptions such as Sojourner Truth these women have essentially vanished from our history Recovering their stories Brekus shows forces us to rethink many of our common assumptions about eighteenth and nineteenth century American culture

A Muslim in Victorian America Umar F. Abd-Allah, 2006-09-21 Alexander Russell Webb 1846 1916 was a central figure in the early history of Islam in America He wrote numerous books intended to introduce Islam to Americans and served as the representative of Islam at the 1893 World's Parliament of Religions in Chicago This is a biography of Webb's life

Black Flesh Matters Vincent L. Wimbush, 2022-03-18 These essays written over more than thirty years of Vincent L Wimbush's career as a scholar provide a response to the nearly universal persistent and sedimented modern world hyper signification of Black flesh always needing to be framed humiliated policed and dirtied Because Wimbush is a scholar of religion as culture having to do with social practices and their psycho politics as regimes of knowledge discourse formation and power relations his ex centric transdisciplinary interest in scriptures has been viewed in some circles as controversial Yet it is Wimbush's linkage of the modern hyper signification of Black flesh leading to racialization and racism especially anti Black racism to the scriptural as shorthand for discourse and relations of power that makes this work compelling

African Americans and the Bible Vincent

L. Wimbush, 2012-09-01 Perhaps no other group of people has been as much formed by biblical texts and tropes as African Americans. From literature and the arts to popular culture and everyday life, the Bible courses through black society and culture like blood through veins. Despite the enormous recent interest in African American religion, relatively little attention has been paid to the diversity of ways in which African Americans have utilized the Bible. *African Americans and the Bible* is the fruit of a four-year collaborative research project directed by Vincent L. Wimbush and funded by the Lilly Endowment. It brings together scholars and experts, sixty-eight in all, from a wide range of academic and artistic fields and disciplines, including ethnography, cultural history, and biblical studies, as well as art, music, film, dance, drama, and literature. The focus is on the interaction between the people known as African Americans and that complex of visions, rhetorics, and ideologies known as the Bible. As such, the book is less about the meanings of the Bible than about the Bible and meanings, less about the worlds of the Bible than about how worlds and the Bible interact, in short, about how a text constructs a people and a people constructs a text. It is about a particular sociocultural formation but also about the dynamics that obtain in the interrelation between any group of people and sacred texts in general. Thus, *African Americans and the Bible* provides an exemplum of sociocultural formation and a critical lens through which the process of sociocultural formation can be viewed.

Legislating Morality Lucinda J. Peach, 2002 A recurring issue in American political life is the role that religion plays in public lawmaking. In this book, Lucinda Peach sheds new light on this discussion by proposing a fresh and pragmatic alternative.

Encyclopedia of Race, Ethnicity, and Society Richard T. Schaefer, 2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives. Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society.

Standing on the Premises of God Fritz Detwiler, 1999-12 The Christian Right is arguably the most significant social movement in the United States today. In recent years, these religious conservatives have loudly protested a public education system they believe no longer represents their interests or values. Educators often dismiss critiques based on religious values as irrational or flimsy, failing to appreciate the coherence of these criticisms from the Christian Right's own perspective. While the Christian Right has become ever more sophisticated in its lobbying and powerful in its influence, educators and parents find themselves lacking the background knowledge necessary to respond effectively to its efforts. *Standing on the Premises of God* speaks directly to this dilemma, explaining current incarnations of the Christian Right, its leadership, its intellectual and theological foundations, and its tactics so that those interested in the debates over education will be better prepared to engage them constructively. Taking the novel approach of framing the Christian Right as a revitalization movement, Detwiler shows how it seeks to effect cultural transformation in order to bring public education and our society more generally in line with its worldview. His theoretical model provides insights into why education is so pivotal to the Christian Right and also assesses the religious viability of the Christian Right as a social movement. *Catholicism*

and the Shaping of Nineteenth-Century America Jon Gjerde, 2012-01-23 Offers a series of fresh perspectives on America's encounter with Catholicism in the nineteenth century While religious and immigration historians have construed this history in univocal terms Jon Gjerde bridges sectarian divides by presenting Protestants and Catholics in conversation with each other In so doing Gjerde reveals the ways in which America's encounter with Catholicism was much more than a story about American nativism Nineteenth century religious debates raised questions about the fundamental underpinnings of the American state and society the shape of the antebellum market economy gender roles in the American family and the place of slavery were only a few of the issues engaged by Protestants and Catholics in a lively and enduring dialectic While the question of the place of Catholics in America was left unresolved the very debates surrounding this question generated multiple conceptions of American pluralism and American national identity Shades of White Flight Mark T.

Mulder, 2015-03-12 Since World War II historians have analyzed a phenomenon of white flight plaguing the urban areas of the northern United States One of the most interesting cases of white flight occurred in the Chicago neighborhoods of Englewood and Roseland where seven entire church congregations from one denomination the Christian Reformed Church left the city in the 1960s and 1970s and relocated their churches to nearby suburbs In *Shades of White Flight* sociologist Mark T Mulder investigates the migration of these Chicago church members revealing how these churches not only failed to inhibit white flight but actually facilitated the congregations departure Using a wealth of both archival and interview data Mulder sheds light on the forces that shaped these midwestern neighborhoods and shows that surprisingly evangelical religion fostered both segregation as well as the decline of urban stability Indeed the Roseland and Englewood stories show how religion often used to foster community and social connectedness can sometimes help to disintegrate neighborhoods Mulder describes how the Dutch CRC formed an insular social circle that focused on the local church and Christian school instead of the local park or square or market as the center point of the community Rather than embrace the larger community the CRC subculture sheltered themselves and their families within these two places Thus it became relatively easy when black families moved into the neighborhood to sell the church and school and relocate in the suburbs This is especially true because in these congregations authority rested at the local church level and in fact they owned the buildings themselves Revealing how a dominant form of evangelical church polity congregationalism functioned within the larger phenomenon of white flight *Shades of White Flight* lends new insights into the role of religion and how it can affect social change not always for the better Religious Freedom Melvin I. Urofsky, 2002-04-03 This volume provides in a single source a thorough grounding in the origin development and current controversies surrounding the free practice of religion The first

boatloads of European settlers did not come to America advocating religious tolerance They came seeking the freedom to practice their own religion Other sects they believed were wrong at best and at worst not to be tolerated The question of what constitutes legitimate constitutionally protected religious practice has been debated ever since Does it include the use

of peyote Polygamy Refusing medical care for a sick child Freedom of Religion follows the evolving understanding of the concept of religious freedom from Great Britain to the New World through hundreds of U S courtrooms to the volatile modern day issues of school prayer and faith based initiatives The thorough responsible and cool headed analysis presented here offers readers a solid grounding in the constitutional issues behind the headlines **The Politics of American Religious Identity** Kathleen Flake, 2005-12-15 Between 1901 and 1907 a broad coalition of Protestant churches sought to expel newly elected Reed Smoot from the Senate arguing that as an apostle in the Church of Jesus Christ of Latter day Saints Smoot was a lawbreaker and therefore unfit to be a lawmaker The resulting Senate investigative hearing featured testimony on every peculiarity of Mormonism especially its polygamous family structure The Smoot hearing ultimately mediated a compromise between Progressive Era Protestantism and Mormonism and resolved the nation s long standing Mormon Problem On a broader scale Kathleen Flake shows how this landmark hearing provided the occasion for the country through its elected representatives the daily press citizen petitions and social reform activism to reconsider the scope of religious free exercise in the new century Flake contends that the Smoot hearing was the forge in which the Latter day Saints the Protestants and the Senate hammered out a model for church state relations shaping for a new generation of non Protestant and non Christian Americans what it meant to be free and religious In addition she discusses the Latter day Saints use of narrative and collective memory to retain their religious identity even as they changed to meet the nation s demands *The Wheel of Law* Gary J. Jacobsohn, 2003 India s social structure is so entwined with religion Jacobsohn emphasizes that meaningful social reform presupposes state intervention in the spiritual domain Hence India s ameliorative model of secular constitutionalism designed to ameliorate the disabling effects of the caste system and other religiously based practices Jacobsohn contrasts this with the visionary secularism of Israel where the state identifies itself with a particular religion and with America s assimilative secularism **BOOK JACKET** *The Saving Remnant* Cedric B. Cowing, 1995 The great flight that brought colonists in the 1600s to what would become New England was a resettlement that had not only a geographical and spiritual impact but an important historical impact as well The influences of the settlers English origins and the fact that various religious groups inhabited specific areas of New England strongly shaped American history through the 1800s and beyond Cedric Cowing demonstrates that there were two Englands one evangelistic and one rationalistic In the northwest of the British Isles was a society that was pastoral westering otherworldly and revivalist in the southeast was another more established and mercantile These two strains set the stage and powered the action for the biggest religious event of the eighteenth century the Great Awakening The leaders of the New Light in the Great Awakening were the Saving Remnant mostly ministers with liberal education who retained their evangelical and seeker religiosity The clearly identifiable regional religious parallels between old England and New are still discernable today and give a new slant to heretofore unresolved historiographical issues Cowing shows how regionalism influenced the nature of New England Puritanism and how the

presence of a strong and persistent link between regional origins and religious behavior led to the inevitability of the Salem witch trials

Embodying Aga Tausili Mercy Ah Su-Maliko, 2021-02-04 This book breaks new ground in the field of public theology by constructing a public theology which is built on interwoven cultural and Christian values Writing from the Oceanian context Samoa Ah Siu Maliko unpacks the complementary Samoan and Christian core values of service respect dialogue love and justice as the foundation for a values centered response to the social realities confronting Oceania Drawing on the indigenous research paradigm known as talanoa the author grounds the public theology that emerges in extensive interviews with 75 Samoans from all walks of life the public who are the subjects of public theology The resulting framework is then applied to a specific social problem the crisis of violence against women in Samoa This pioneering contribution to public theology discourse opens up possibilities for similar contextual approaches to public theology not only across Oceania but around the world

Visions of Zion J. Larry Hood, 2005-02-24 Three decades after the Civil War amidst a resurgent patriotic fervor a new Christian Awakening and an enveloping modernization promising heretofore unimagined heights of prosperity and well being a new generation of Americans in rural Nelson and Washington Counties Kentucky were experiencing what Lincoln in their fathers war had promised a new birth of freedom Before them they saw the ancient vision of Zion America as the new Promised Land the Christian Republic the Shining City on a Hill shedding its light of prosperity and freedom on all Their destiny and calling they had no doubt was to secure liberty and its blessings for themselves and posterity This was the Vision and the hope that united them as a people and as a crusading army at home and abroad inspiring a multitude of social and political reforms and drawing them into the Great War of 1914 1918 It is this story that *Visions of Zion* tells of dreams that united and divided that lifted up and brought low a story of a drive for everlasting peace that led to war and that finally ends with the collapse of Zion and fading of all those wondrous dreams of a better world

Comparative Civilizations and Multiple Modernities Shmuel N. Eisenstadt, 2022-11-07 This collection of essays provides an analysis of the dynamics of Civilizations The processes of globalization and of world history are described from a comparative sociological point of view in a Weberian tradition These essays were written between 1974 and 2002 by one of the most eminent sociologists of today The print edition is available as a set of two volumes 9789004129931 [City of Gods](#)

R. Scott Hanson, 2021-05-20 This study of a New York neighborhood s remarkable religious diversity deserves a place alongside Robert Orsi s *The Madonna of 115th Street* Publishers Weekly starred review Known locally as the birthplace of American religious freedom Flushing Queens in New York City is now so diverse and densely populated that it s become a microcosm of world religions *City of Gods* explores the history of Flushing from the colonial period to the aftermath of September 11 2001 spanning the origins of the settlement called Vlissingen and early struggles between Quakers Dutch authorities Anglicans African Americans Catholics and Jews to the consolidation of New York City in 1898 two World s Fairs and finally the Immigration Act of 1965 and the arrival of Hindus Sikhs Muslims Buddhists and Asian and Latino Christians A

synthesis of archival sources oral history and ethnography City of Gods is a thought provoking study of religious pluralism Using Flushing as the backdrop to examine America s contemporary religious diversity and what it means for the future of the United States R Scott Hanson explores both the possibilities and limits of pluralism Hanson argues that the absence of widespread religious violence in a neighborhood with such densely concentrated diversity suggests that there is no limit to how much pluralism a pluralist society can stand The book is set against two interrelated questions how and where have the different religious and ethnic groups in Flushing associated with others across boundaries over time and when has conflict or cooperation arisen Perhaps the most extreme example of religious and ethnic pluralism in the world Flushing is an ideal place to explore how America s long experiment with religious freedom and pluralism began and continues City of Gods reaches far beyond Flushing to all communities coming to terms with immigration religion and ethnic relations raising the question of whether Flushing will come together in new and lasting ways to build bridges of dialogue or further fragment into a Tower of Babel A delightful journey through American religious history and into the future as witnessed in the streets of what the author says is the most religiously diverse community anywhere America The Christian World Martin Marty,2009-01-13 In this cogent volume historian Martin Marty gives readers of all faiths a brief yet sweeping account of Christianity and how it grew from a few believers two thousand years ago to become the world s largest religion He depicts the life of Christ and his teachings and explains how the apostles set out to spread the Gospel With a special emphasis on global Christianity Marty shows how the religion emerged from its ancestral homeland in Africa the Levant and Asia Minor was imported to Europe and then expanded from there to the rest of the world While giving a broad overview Marty also focuses on specific issues such as how Christianity attempts to reconcile with the teachings of Christ some of its stances on armed conflict justice and dominion The Christian World is a remarkable testament to how Christ s message has touched human experience everywhere

The Engaging Realm of Kindle Books: A Detailed Guide Unveiling the Advantages of Kindle Books: A World of Ease and Flexibility Kindle books, with their inherent portability and simplicity of availability, have freed readers from the limitations of physical books. Gone are the days of carrying cumbersome novels or carefully searching for particular titles in shops. Kindle devices, stylish and portable, effortlessly store an wide library of books, allowing readers to indulge in their favorite reads anytime, anywhere. Whether traveling on a bustling train, relaxing on a sun-kissed beach, or simply cozying up in bed, Kindle books provide an exceptional level of ease. A Reading World Unfolded: Discovering the Wide Array of E-book Religion And Republic The American Circumstance Religion And Republic The American Circumstance The E-book Store, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning varied genres, catering to every readers taste and preference. From captivating fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the E-book Store offers an exceptional variety of titles to explore. Whether looking for escape through immersive tales of fantasy and adventure, delving into the depths of historical narratives, or broadening ones understanding with insightful works of science and philosophy, the Kindle Shop provides a doorway to a literary world brimming with limitless possibilities.
