Mankind's Last Chance Richard Poole, 2013-09-27 Drawing extensively on his experiences of more than thirty years as a humanitarian worker Richard Poole takes us on a journey from our earliest origins to our present day one that enables us to see how far we have strayed from our guiding principles to create a world that is bent on self destruction Mankind's Last Chance argues that the repair of our broken societies our collapsing economies and our wrecked environment lies not in the application of any new form of political and economic governance but in a moral re awakening and a renewed commitment to the common good that can only come from a spiritual transformation on a universal scale More importantly it tells us where the source of such a transformation is to be found and how it can be achieved *Sanathana Sarathi English Volume 04 (1990 to 1999)* Sri Sathya Sai Media Centre, 2022-11-10 Started in 1958 Sanathana Sarathi is a monthly magazine devoted to Sathya Truth Dharma Righteousness Shanti Peace and Prema Love the four cardinal principles of Bhagawan Baba's philosophy It is published from Prasanthi Nilayam the Abode of Highest Peace and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba The word meaning of Sanathana Sarathi is the Eternal Charioteer It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer It implies that he who places his life the body being likened to a chariot in an attitude of surrender in the hands of the Lord will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination The magazine is an instrument to disseminate spiritual knowledge for the moral physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal The fifteen Vahinis streams of sacredness known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures

Man's Fate and God's Choice Bhimeswara Challa, 2021-06-29 Stagnate as a creepy caterpillar or transform into a beautiful butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man's rightful place in the cosmos and his manifest destiny on earth Why are we so self righteously self destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self sustained momentum for transformation through consciousness change And every single human of this generation should behave in such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author's understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping exposition on human nature and self transformation without preference to religion Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self transformation harmonizing the head and the heart is the way for humans to function as spiritual beings Recommended by the USSR The US Review of Books The author reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness The strength of this treatise is the sweep of Challa's reach and his treatment of a vastly complex set of issues that bedevil humankind today India International Center Quarterly Summer 2012 As a thinker and erudite scholar the author

has made a profound study of the world situation and the moral decadence of man This book deserves to be on the shelves of university college and public libraries Triveni Magazine July Sept 2011 It is difficult to pigeon hole this book as a prophetic discourse a journey into the human mind a guide for human survival a spiritual treatise It is an amalgam of all these and more the volume reaches out to those who are already uneasy about the way we on this earth are progressing The Book Review India June 2013 *Constantine and the Divine Mind* Kegan A. Chandler, 2019-12-18 Constantine's conversion to Christianity marks one of the most significant turning points in the epic of Western civilization It is also one of history's most controversial and hotly debated episodes Why did Constantine join a persecuted sect When did he convert And what kind of Christian did he ultimately become Such questions have perennially challenged historians but modern scholarship has opened a new door towards understanding the fourth century's most famous and mysterious convert In *Constantine and the Divine Mind* Chandler offers a new portrait of Constantine as a deeply religious man on a quest to restore what he believed was once the original religion of mankind monotheism By tracing this theological quest and important historical trends in Roman paganism Chandler illuminates the process by which Constantine embraced Christianity and how the reasons for that embrace continued to manifest in his religious policies In this we discover not only Constantine's personal religious journey but the reason why Christianity was first developed into a world power *Encyclopedia of the World's Religions* Robert Charles Zaehner, 1997 Covers many world religions such as Judaism Christianity Islam Zoroastrianism Hinduism Jainism Buddhism Shinto Confucianism Taoism Sikhism Dialectical materialism etc *Dickinsons theological quarterly*, ed. by J. Kernahan James Kernahan, 1876 *Religion in Science Fiction* Steven Hrotic, 2014-07-31 Religion in Science Fiction investigates the history of the representations of religion in science fiction literature Space travel futuristic societies and non human cultures are traditional themes in science fiction Speculating on the societal impacts of as yet undiscovered technologies is after all one of the distinguishing characteristics of science fiction literature A more surprising theme may be a parallel exploration of religion its institutional nature social functions and the tensions between religious and scientific worldviews Steven Hrotic investigates the representations of religion in 19th century proto science fiction and genre science fiction from the 1920s through the end of the century Taken together he argues that these stories tell an overarching story a metanarrative of an evolving respect for religion paralleling a decline in the belief that science will lead us to an ideal and religion free future Science fiction's metanarrative represents more than simply a shift in popular perceptions of religion it also serves as a model for cognitive anthropology providing new insights into how groups and identities form in a globalized world and into how crucial a role narratives may play Ironically this same perspective suggests that science fiction as it was in the 20th century may no longer exist **Elements of the Science of Religion: Morphological, being the Gifford lectures delivered before the University of Edinburgh in 1896** Cornelis Petrus Tiele, 1897 *Star of the West*, 1912 **Organic Philosophy; Or, Man's True Place in Nature ...** Hugh Doherty, 1864 *A Practical View of the Prevailing*

Reproduction of the original *A Practical View of the Prevailing Religious System of Professed Christians in the Higher and Middle Classes in this Country* by William Wilberforce **Invoking the Beyond:** Paul D. Collins, Phillip D.

Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond *Baha'i Faith: The Basics* Christopher

completes his study of the Victorian Church with detailed accounts of the problems which confronted the Church in the latter part of the nineteenth century the question of science and religion the acceptance of biblical criticism the Church in village and town changes in the attitude to the episcopacy relationship with the Roman Catholics and the growth of secularization The material is organized in masterly fashion the style of writing is characteristically engaging and the innumerable sidelights on people in high and low places are as illuminating and relevant as in Part I of this work The two volumes together provide an understanding of the background of many of the problems which the Church faces today For this second edition Professor Chadwick has made many minor revisions to the text and included a number of additional bibliographical
