

Religion And The New Republic

Stephen C. Finley

Religion And The New Republic:

Religion and the New Republic James H. Hutson, 1999-12-15 A collection of the country's most respected historians, philosophers, and theologians examines the role of religion in the founding of the United States. This collection of never before published essays originally delivered at the Library of Congress presents the most original and recent scholarship on a topic that still generates considerable controversy. Anyone interested in colonial history, religion, and politics and the relationship between church and state will benefit by reading this important new book. *Religion and the New Republic* James H.

Hutson, 2000 A collection of America's historians, philosophers, and theologians examines the role of religion in the founding of the United States. These essays originally delivered at the Library of Congress present scholarship on a topic that still generates considerable controversy. Readers interested in colonial history, religion, and politics and the relationship between church and state should find the book helpful. Contributors include Daniel L. Driesbach, John Witte Jr., Thomas E. Buckley, Mark A. Knoll, Catherine A. Brekus, Michael Novak, and James Hutson. **The New Republic** Herbert David Croly, 1928 **Sex and**

the Constitution: Sex, Religion, and Law from America's Origins to the Twenty-First Century Geoffrey R. Stone, 2017-03-21 A New York Times Book Review Editors' Choice Selection. A volume of lasting significance that illuminates how the clash between sex and religion has defined our nation's history. Lee C. Bollinger, president, Columbia University. Lauded for bringing a bracing and much needed dose of reality about the Founders' views of sexuality. New York Review of Books. Geoffrey R. Stone's *Sex and the Constitution* traces the evolution of legal and moral codes that have legislated sexual behavior from America's earliest days to today's fractious political climate. This fascinating and maddening Pittsburgh Post-Gazette narrative shows how agitators, moralists, and especially the justices of the Supreme Court have navigated issues as divisive as abortion, homosexuality, pornography, and contraception. Overturning a raft of contemporary shibboleths, Stone reveals that at the time the Constitution was adopted, there were no laws against obscenity or abortion before the midpoint of pregnancy. A pageant of historical characters including Voltaire, Thomas Jefferson, Anthony Comstock, Margaret Sanger, and Justice Anthony Kennedy enliven this commanding synthesis of scholarship. Publishers Weekly that dramatically reveals how our laws about sex, religion, and morality reflect the cultural schisms that have cleaved our nation from its founding.

Shaping Modern Liberalism Edward A. Stettner, 2021-10-08 American ideals: liberty, equality, democracy, national unity are bandied about by liberal politicians as a package deal inseparably intertwined. But the words often flow together better as rhetoric than they mold together in theory. But as Herbert Croly and his turn of the century contemporaries found jelling these appealing yet often conflicting concepts into a liberal philosophy was not nearly as easy as embracing them in a campaign speech. In this first full length study of Herbert Croly's political theory, Edward Stettner analyzes Croly's writings and examines the events, experiences, and people who influenced Croly's thinking. In the process, he reveals Croly's significant influence on modern liberalism as classical liberal theory merged with progressive philosophy. Croly, founder of The New

Republic expounded on issues from the nationalization of railroads to the Espionage Act in his search for a middle way between socialism and capitalism Stettner illustrates how Croly's political theory influenced the editorial position of one of the leading liberal journals and how his thought in turn was modified in reaction to national and world events such as presidential elections and World War I Stettner portrays Croly as a modest and conscientious intellectual who wholeheartedly came to embrace the progressive movement and consequently helped establish the framework for modern liberalism In doing so Stettner emphasizes how Croly's philosophy evolved and how Croly was drawn to the conclusion that a strong national government and individual rights could indeed coexist if not always serenely in a democratic society

Politics and Religion in the United States Michael Corbett, Julia Corbett-Hemeyer, J. Matthew Wilson, 2014-04-11

There is a complex relationship between religiosity and secularism in the American experience America is notable both for its strict institutional separation of church and state and for the strong role that religion has played in its major social movements and ongoing political life This book seeks to illuminate for readers the dynamics underlying this seeming paradox and to examine how the various religious groups in America have approached and continue to approach the tensions between sacred and secular This much anticipated revision brings Corbett and Corbett's classic text fully up to date The second edition continues with a thorough discussion of historical origins of religion in political life constitutional matters public opinion and the most relevant groups all while taking theology seriously Revisions include fully updating all the public opinion data fuller incorporation of voting behavior among different religious and demographic groups enhanced discussion of minority religions such as Mormonism and Islam and new examples throughout Randolph Bourne and the Politics of

Cultural Radicalism Leslie J. Vaughan, 1997 Reassesses the short life and career of American essayist critic and founder of cultural radicalism Bourne 1886-1918 known today mostly for his opposition to US military involvement in Europe and warnings about the military industrial complex Vaughan political science U of Minnesota Duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change Annotation copyrighted by Book News Inc Portland OR **America's Religions** Peter W. Williams, 2008 A panoramic introduction to religion in America newly revised and updated **Liberty**, 1912 **Century Monthly Magazine**, 1922 *We Gather Together* Neil J. Young, 2015-10-01

The story of the birth of the Religious Right is a familiar one In the 1970s mainly in response to *Roe v Wade* evangelicals and conservative Catholics put aside their longstanding historical prejudices and theological differences and joined forces to form a potent political movement that swept across the country In this provocative book Neil J Young argues that almost none of this is true Young offers an alternative history of the Religious Right that upends these widely believed myths Theology not politics defined the Religious Right The rise of secularism pluralism and cultural relativism Young argues transformed the relations of America's religious denominations The interfaith collaborations among liberal Protestants Catholics and Jews

were met by a conservative Christian counter force which came together in a loosely bound politically minded coalition known as the Religious Right This right wing religious movement was made up of Mormons conservative Catholics and evangelicals all of whom were united paradoxically by their contempt for the ecumenical approach they saw the liberal denominations taking Led by the likes of Jerry Falwell they deemed themselves the pro family movement and entered full throated into political debates about abortion school prayer the Equal Rights Amendment gay rights and tax exemptions for religious schools They would go on to form a critical new base for the Republican Party Examining the religious history of interfaith dialogue among conservative evangelicals Catholics and Mormons Young argues that the formation of the Religious Right was not some brilliant political strategy hatched on the eve of a history altering election but rather the latest iteration of a religious debate that had gone on for decades This path breaking book will reshape our understanding of the most important religious and political movement of the last 30 years

Science and Ceremony William Breit, William Patton Culbertson, 2014-06-23 Clarence Edwin Ayres was the leading American institutionalist economist in the post World War II era His innovative theories concerning the causes and significance of technological change provided the philosophical framework for that school of economics called institutionalism In his recognition that the critical economic issues of the future would be the realization of the full economic potential of industrial society and the development of the third world he was at least twenty years ahead of his time In addition Ayres s influence as an economics teacher at the University of Texas at Austin went well beyond the discipline of economics to students of anthropology psychology philosophy education and even music and art This book constitutes the first major appraisal of the work and influence of C E Ayres The essays are written from a transatlantic as well as a national viewpoint and do not evince anyone ideological bias As John Kenneth Galbraith says in his Foreword the essays are not meant as a monument to Ayres instead they critique what he thought and did showing his range of interests his diligence his originality of mind and method Contributions to the volume are Clarence Edwin Ayres An Intellectual s Portrait by editors William Breit and William Patton Culbertson Jr Clarence Ayres s Place in the History of American Economics An Interim Assessment by A W Coats C E Ayres on the Industrial Revolution by R M Hartwell Clarence Ayres and the Roots of Economic Progress by S Herbert Frankel Technology and the Price System by W W Rostow Limits to Growth Biospheric or Institutional by Joseph J Spengler Science s Feet of Clay by Gordon Tullock Ayres s Views on Moral Relativism by Alfred F Chalk Methods and Morals in Economics The Ayres Knight Discussion by James M Buchanan Clarence Ayres s Economics and Sociology by Talcott Parsons and Clarence E Ayres as a University Teacher by Marion J Levy Jr

Nineteenth-Century American Women Writers and Theologies of the Afterlife Jennifer McFarlane-Harris, Emily Hamilton-Honey, 2021-07-12 This collection analyzes the theme of the afterlife as it animated nineteenth century American women s theology making and appeals for social justice Authors like Harriet Beecher Stowe Elizabeth Stuart Phelps Martha Finley Jarena Lee Maria Stewart Zilpha Elaw Rebecca Cox Jackson Catharine Maria Sedgwick Elizabeth Palmer Peabody

Belinda Marden Pratt and others wrote to have a voice in the moral debates that were consuming churches and national politics. These texts are expressions of the lives and dynamic minds of women who developed sophisticated systematic spiritual and textual approaches to the divine to their denominations or religious traditions and to the mainstream culture around them. Women do not simply live out theologies authored by men. Rather, Nineteenth Century American Women Writers and Theologies of the Afterlife: A Step Closer to Heaven is grounded in the radical notion that the theological principles crafted by women and derived from women's experiences, intellectual habits and organizational capabilities are foundational to American literature itself.

Religion of White Rage Stephen C. Finley, 2020-09-21. Critically analyses the historical cultural and political dimensions of white religious rage in America past and present. This book sheds light on the phenomenon of white rage and maps out the uneasy relationship between white anxiety, religious fervour, American identity and perceived black racial progress. Contributors to the volume examine the sociological construct of the white labourer whose concerns and beliefs can be understood as religious in foundation and uncover that white religious fervor correlates to notions of perceived white loss and perceived black progress. In discussions ranging from the Constitution to the Charlottesville riots to the evangelical community's uncritical support for Trump, the authors of this collection argue that it is not economics but religion and race that stand as the primary motivating factors for the rise of white rage and white supremacist sentiment in the United States.

The Spiritual-Industrial Complex Jonathan P. Herzog, 2011-08-05. In his farewell address, Dwight D. Eisenhower warned the nation of the perils of the military industrial complex. But as Jonathan Herzog shows in this insightful history, Eisenhower had spent his presidency contributing to another lesser known Cold War collaboration: the spiritual industrial complex. This fascinating volume shows that American leaders in the early Cold War years considered the conflict to be profoundly religious; they saw Communism not only as godless but also as a sinister form of religion. Fighting faith with faith, they deliberately used religious beliefs and institutions as part of the plan to defeat the Soviet enemy. Herzog offers an illuminating account of the resultant spiritual industrial complex, chronicling the rhetoric, the programs and the policies that became its hallmarks. He shows that well known actions like the addition of the words "under God" to the Pledge of Allegiance were a small part of a much larger and relatively unexplored program that promoted religion nationwide. Herzog shows how these efforts played out in areas of American life both predictable and unexpected: from pulpits and presidential appeals to national faith drives, military training barracks, public school classrooms and Hollywood epics. Millions of Americans were bombarded with the message that the religious could not be Communists; just a short step from the all too common conclusion that the irreligious could not be true Americans. Though the spiritual industrial complex declined in the 1960s, its statutes, monuments and sentiments live on as bulwarks against secularism and as reminders that the nation rests upon the groundwork of religious faith. They continue to serve as valuable allies for those defending the place of religion in American life.

Religion And The New Republic Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion And The New Republic has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion And The New Republic has opened up a world of possibilities. Downloading Religion And The New Republic provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate

access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion And The New Republic has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion And The New Republic. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion And The New Republic. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion And The New Republic, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religion And The New Republic has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Religion And The New Republic Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
