Religion And Wine A Cultural History Of Wine Drinking In The United States:

Religion and Wine Robert C. Fuller, 1996 Wine more than any other food or beverage is intimately associated with religious experience and celebratory rituals Nowhere is this seen more clearly than in American cultural history From the Pilgrims at Plymouth Rock to the Francis cans and Jesuits who pioneered California s Mission Trail many American religious groups have required wine to perform their sacraments and enliven their evening meals This book tells the story of how viniculture in America was started and sustained by a broad spectrum of religious denominations In the process it offers new insights into the special relationship between wine production and consumption and the spiritual dimension of human experience Robert Fuller s historical narrative encompasses a fascinating array of groups and individuals and the author makes some provocative connections between the love of wine and the particularities of religious experience For example he speculates on the ways in which Thomas Jefferson s celebrated knowledge of wine related to his cultural sophistication and free thinking outlook on matters of religion and spirituality Elsewhere he describes how a number of nineteenth century communal groups including the Rappites the Amana colonies the Mormons and the spiritualist colony called the Brotherhood of the New Life helped to spread the religious use of wine across a vast new nation Fuller describes and analyzes the role of wine drinking in promoting community solidarity and facilitating a variety of religious experiences ranging from the warm glow of ritualized camaraderie to the ecstasy of immediate contact with otherwise hidden spiritual realms He also devotes a chapter to the rise of temperance and prohibitionist sentiments among fundamentalist Christians and their subsequent attack on wine drinking The book s concluding chapter features an insightful analysis of the ritual dimensions of contemporary wine drinking and wine culture According to Fuller the aesthetic experiences and communal affirmation that some religious groups have historically associated with the enjoyment of wine have passed into the practice of popular or unchurched religion in the United States

Jews and Booze Marni Davis, 2023-11-21 Finalist 2014 Sami Rohr Prize for Jewish Literature from the Jewish Book Council Traces American Jews complicated relationship to alcohol through the years leading up to and after prohibition From kosher wine to their ties to the liquor trade in Europe Jews have a longstanding historical relationship with alcohol But once prohibition hit America American Jews were forced to choose between abandoning their historical connection to alcohol and remaining outside the American mainstream In *Jews and Booze* Marni Davis examines American Jews long and complicated relationship to alcohol during the late nineteenth and early twentieth centuries the years of the

national prohibition movement's rise and fall. Bringing to bear an extensive range of archival materials, Davis offers a novel perspective on a previously unstudied area of American Jewish economic activity: the making and selling of liquor, wine, and beer, and reveals that alcohol commerce played a crucial role in Jewish immigrant acculturation and the growth of Jewish communities in the United States. But prohibition's triumph cast a pall on American Jews' history in the alcohol trade, forcing them to revise, clarify, and defend their communal and civic identities both to their fellow Americans and to themselves.

The Grapes of Conquest Julia Ornelas-Higdon, 2023-11. Honorable Mention for the 2024 OAH Frederick Jackson Turner Award. California's wine country conjures images of pastoral vineyards and cellars lined with oak barrels. As a mainstay of the state's economy, California wines occupy the popular imagination like never before and drive tourism in famous viticultural regions across the state. Scholars know remarkably little, however, about the history of the wine industry and the diverse groups who built it. In fact, contemporary stereotypes belie how the state's commercial wine industry was born amid social turmoil and racialized violence in eighteenth and nineteenth-century California. In *The Grapes of Conquest*, Julia Ornelas-Higdon addresses these gaps in the historical narrative and popular imagination. Beginning with the industry's inception at the California missions, Ornelas-Higdon examines the evolution of wine growing across three distinct political regimes: Spanish, Mexican, and American, through the industry's demise after Prohibition. This interethnic study of race and labor in California examines how California Natives, Mexican Californios, Chinese immigrants, and Euro-Americans came together to build the industry. Ornelas-Higdon identifies the birth of the wine industry as a significant missing piece of California history, one that reshapes scholars' understandings of how conquest played out, how race and citizenship were constructed, and how agribusiness emerged across the region. *The Grapes of Conquest* unearths the working-class, multiracial roots of the California wine industry, challenging its contemporary identity as the purview of elite populations.

Hungover Shaughnessy Bishop-Stall, 2018-11-20. Bishop Stall insists that hangovers are worthy of a cure. After years of dogged research around the globe, he finds one just in time for the holidays. *Washington Post*: An irreverent, well-oiled memoir. Bishop Stall packs his book

with humorous and enlightening asides about alcohol The Wall Street Journal One intrepid reporter's quest to learn everything there is to know about hangovers trying all of the cures he can find and explaining how and if they work all so rest of us don't have to We've all been there One minute you're fast asleep and in the next you're tumbling from dreams of deserts and demons into semi-consciousness mouth full of sand head throbbing You're hungover Courageous journalist Shaughnessy Bishop Stall has gone to the front lines of humanity's age-old fight against hangovers to settle once and for all the best way to get rid of the aftereffects of a night of indulgence short of not drinking in the first place Hangovers have plagued human beings for about as long as civilization has existed and arguably longer so there has been plenty of time for cures to be concocted But even in 2018 little is actually known about hangovers and less still about how to cure them Cutting through the rumor and the myth Hungover explores everything from polar bear swims to saline IV drips to the age-old hair of the dog to let us all know which ones actually work And along the way Bishop Stall regales readers with stories from humanity's long and fraught relationship with booze and shares the advice of everyone from Kingsley Amis to a man in a pub

Cup Overflowing Gisela H. Kreglinger, 2024-10-22 Wine is the most talked about food in the Bible and yet western Christianity has largely neglected this important biblical theme and fragrant gift of God Have you ever wondered what Jesus would drink Was his family perhaps involved in growing vines and making wine What would their family celebrations have been like And what might this tell us about God and how he wants us to live today Food and wine have become such hot topics in our culture and yet there is so much confusion and ambivalence around it as well We are so far removed from the world of the Bible and the agrarian life that it represents It is hard to envision the farms and fruit orchards the village wells and sheep herds the olive groves and vineyards that Jesus would have walked by every day Drawing on her upbringing in a long standing family tradition of winemakers and her degrees in biblical studies and spiritual theology Gisela Kreglinger introduces readers in a light hearted

way to the theme of wine in the Bible throughout the history of the church and in the church's feasting and fellowship today. She also addresses how many Christians are fearful or concerned about wine because of the challenges of alcohol abuse, how to nurture a culture of healing from such disorders, and how we are called to celebrate God's gift of wine to grow into a fuller understanding of the gospel as we await the return of the Bridegroom Jesus Christ. In this book, Gisela shows Christians that wine is a gift from God that we are to receive with gratitude and enjoy in wholesome communal and redemptive ways. Features include instructions for holding a wine tasting as a spiritual practice, a biblical and theological reflection on the True Vine of John 15, and a discussion guide for developing a healthy drinking culture.
