Religion In Cuba Today A New Church In A New Society:

Religion in Cuba Today Alice L. Hageman, Philip Wheaton, 1971 The material collected in this volume represents an exciting view of the Church as it strives to find its Christian stance in revolutionary Cuba Of special interest are the excerpts dealing with religion from the speeches of Fidel Castro made available for publication by the Secretary of Religious Affairs in Cuba The book opens with an on the spot glimpse of the contemporary Cuban Church sketches its historical background and illustrates its efforts to articulate its social responsibility in a Marxist society It samples the theological creativity and acumen with which the Church has begun to reflect on the meaning of its situation and presents a number of official statements by both Roman Catholic and Protestant bodies on a variety of current social concerns Among other firsts this collection presents an opportunity to observe the Marxist Christian dialogue from within the setting of a Marxist government in the Americas Religion in Cuba Today Alice L. Hageman, Philip E. Wheaton, 1971 Decolonizing Theology in

Revolution Ary Fernández-Albán, 2018-11-20 Drawing on decolonial perspective this book provides a critical retrieval of Sergio Arce's theological thought and proposes it as a source of inspiration to continue renewing liberation theologies in Cuba and in Latin America In light of current social contexts in Cuba and abroad this volume examines the relevance of Arce's theological legacy identifying significant contributions and also key limitations It presents a panoramic view of the historical contexts previous to Arce's articulation of his theology and also reconstructs the various stages of the development of his theology by reviewing his major writings from the early 1960s to the late 1990s Bringing Arce into a conversation with other recognized Latin American liberation theologians this book delivers a reconstruction of his major theological insights related to discourses and practices of liberation highlighting important similarities and differences between their approaches

Latinos and the New Immigrant Church David A. Badillo, 2006-06-19 Publisher Description Religious Freedom and Evangelization in Latin America Paul E. Sigmund, 2009-05-01 In his introduction Paul Sigmund states that the growing religious pluralism in Latin America is one of several reasons why the trend toward democracy that has marked the last two decades may endure Nevertheless Sigmund notes that this new pluralism particularly the growth of Protestantism has led to tensions that must be resolved Religious Freedom and Evangelization in Latin America provides an indispensable resource for understanding the range of issues confronting the continent offering Catholic as well as Protestant perspectives and trenchant analyses of the situation in different countries including Brazil Argentina Mexico Nicaragua and Cuba **A Nation for All** Alejandro de la Fuente, 2011-01-20 After thirty years of anticolonial struggle against Spain and four years of military occupation by the United States Cuba formally became an independent republic in 1902 The nationalist coalition that fought for Cuba's freedom a movement in which blacks and mulattoes were well represented had envisioned an egalitarian and inclusive country a nation for all as Jose Marti described it But did the Cuban republic and later the Cuban revolution live up to these expectations Tracing the formation and reformulation of nationalist ideologies government policies and different

forms of social and political mobilization in republican and postrevolutionary Cuba Alejandro de la Fuente explores the opportunities and limitations that Afro Cubans experienced in such areas as job access education and political representation Challenging assumptions of both underlying racism and racial democracy he contends that racism and antiracism coexisted within Cuban nationalism and in turn Cuban society This coexistence has persisted to this day despite significant efforts by the revolutionary government to improve the lot of the poor and build a nation that was truly for all The Meek and the Militant Paul N. Siegel, 2005 An invaluable critical analysis of how religion shapes politics encouraging both submission and at times revolution A Nation for All Alejandro de la Fuente, 2001 Argues that racism and antiracism continue to coexist in Cuban nationalism and society despite its fight for freedom and describes the limitations Afro Cubans face in job access education and political representation **Operation Pedro Pan and the Exodus of Cuba's Children** Deborah Shnookal, 2022-06-28 This in depth examination of one of the most controversial episodes in U S Cuba relations sheds new light on the program that airlifted 14 000 unaccompanied children to the United States in the wake of the Cuban Revolution Operation Pedro Pan is often remembered within the U S as an urgent rescue mission but Deborah Shnookal points out that a multitude of complex factors drove the exodus including Cold War propaganda and the Catholic Church s opposition to the island s new government Shnookal illustrates how and why Cold War scare tactics were so effective in setting the airlift in motion focusing on their context the rapid and profound social changes unleashed by the 1959 Revolution including the mobilization of 100 000 Cuban teenagers in the 1961 national literacy campaign Other reforms made by the revolutionary government affected women education religious schools and relations within the family and between the races Shnookal exposes how in its effort to undermine support for the revolution the U S government manipulated the aspirations and insecurities of more affluent Cubans She traces the parallel stories of the young Pedro Pans separated from their families in some cases indefinitely in what is often regarded in Cuba as a mass kidnapping and the children who stayed and joined the literacy brigades These divergent journeys reveal many underlying issues in the historically fraught relationship between the U S and Cuba and much about the profound social revolution that took place on the island after 1959 Publication of the paperback edition made possible by a Sustaining the Humanities through the American Rescue Plan grant from the National Endowment for the Humanities *Revolutionary Cuba* Luis Martínez-Fernández, 2014-09-16 This is the first book in more than three decades to offer a complete and chronological history of revolutionary Cuba including the years of rebellion that led to the revolution Beginning with Batista s coup in 1952 which catalyzed the rebels and bringing the reader to the present day transformations initiated by Ra l Castro Luis Mart nez Fern ndez provides a balanced interpretive synthesis of the major topics of contemporary Cuban history Expertly weaving the myriad historic social and political forces that shaped the island nation during this period Mart nez Fern ndez examines the circumstances that allowed the revolution to consolidate in the early 1960s the Soviet influence throughout the latter part of the Cold War and the struggle to survive the catastrophic

Special Period of the 1990s after the collapse of the U S S R He tackles the island s chronic dependence on sugar production which started with the plantations centuries ago and continues to shape culture and society He analyzes the revolutionary pendulum that continues to swing between idealism and pragmatism focusing on its effects on the everyday lives of the Cuban people and bucking established trends in Cuban scholarship Mart nez Fern ndez systematically integrates the Cuban diaspora into the larger discourse of the revolution Concise well written and accessible this book is an indispensable survey of the history and themes of the socialist revolution that forever changed Cuba and the world **Fidel!** Sheldon B.

Liss,2019-04-08 The author of this book takes a highly original approach to understanding the past three decades of Cuban history he offers an analysis and interpretation of the prolific writings and speeches of Fidel Castro and of numerous interviews with him Through Castro s own words Sheldon Liss examines the evolution of the Cuban leader s political and soci

Capitalist Patriarchy and the Case for Socialist Feminism Zillah R. Eisenstein, 2019-06-01 Fourteen provocative papers on the oppression of women in capitalist countries along with three articles on the subordinate position of women in two communist countries Cuba and China These important often path breaking articles are arranged in five basic sections the titles of which indicate the broad range of issues being considered Introduction motherhood reproduction and male supremacy socialist feminist historical analysis patriarchy in revolutionary society socialist feminism in the United States The underlying thrust of the book is toward integrating the central ideas of radical feminist thought with those pivotal for Marxist or socialist class analysis *Religion in Cuba Today* Philip E. Wheaton, 1971 U.S. Trade Embargo of Cuba United States. Congress. House. Committee on International Relations. Subcommittee on International Trade and Commerce, 1976 Cuba Professor Jorge I Doma-Nguez, Jorge Dominguez, 2009-06-01 Upon publication in the late 1970s this book was the first major historical analysis of twentieth century Cuba Focusing on the way Cuba has been governed and in particular on the way a changing elite has made claims to legitimate rule it carefully examines each of Cuba s three main political eras the first from Independence in 1902 to the Presidency of Gerardo Machado in 1933 the second under Batista from 1934 until 1958 and finally Castro s revolution from 1959 to the present Jorge Dom nguez discusses the political roles played by interest groups mass organizations and the military He also investigates the impact of international affairs on Cuba and provides the first printed data on many aspects of political economic and social change since 1959 He deals in depth with agrarian politics and peasant protest since 1937 and his concluding chapter on Cuba s present culture is a fascinating insight into a society which though vitally important remains mysterious to most readers in the United States Cuba s role in international affairs is vastly greater than its size The revolution led by Fidel Castro the Bay of Pigs invasion the missile crisis in 1962 the underwriting of revolution in Latin America and recently in Africa all these events have thrust Cuba onto the modern world stage Anyone hoping to understand this country and its people and above all its changing systems of government will find this book essential **Cuban Studies 19** Carmelo Mesa-Lago, 1989-11-01 Cuban Studies has been published annually by the University of Pittsburgh Press since 1985 Founded in 1970 it is tahe preeminent journal for scholarly work on Cuba Each volume includes articles in both English and Spanish a large book review section and an exhaustive compilation of recent works in the field *Three Worlds of Christian-Marxist Encounters* Robert G.
