Religion Mans Insult To God:

Religion James McQuitty, 1997 This book represents a challenge to the thinking imposed upon millions of Christians suggesting that their religion is a facsimile of other more ancient religions and arguing that the church has complied in slavery and violence It explains how mediums are able to communicate with the dead and suggests that a glorious life awaits Examples of messages received from a spirit guide are given **A Handbook of Scholasticism** Joseph T.

Romanoski, 2016-08-04 The Scholastic philosophy answers to the seven elementary philosophical questions The Logical Question The Critical Question The Cosmological Question The Psychological Question The Theological Question The Ontological Question and The Ethical Question are investigated Applications of the scholastic method to contemporary social and cultural issues are presented and a constitution for a Catholic Distributist Political Party is proposed **An**

Introduction to Philosophy Paul J. Glenn, Aeterna Press, 2015-03-05 An Introduction to Philosophy ought to live up to its name It should tell the young collegian and the presumably older non collegian who takes it up with serious intent a number of important things It should answer the questions naturally to be expected of the person who wishes to be introduced questions such as these What is philosophy How did it come into existence What interesting things have happened to develop it or to hinder its development Aeterna Press Lectures on Faith & Fatherland Thomas Burke, 2023-11-15 Reprint of the

original first published in 1874 *Paul J. Glenn Collection [2 Books]* Paul J. Glenn , Aeterna Press, *Man and Morals* Celestine M. Bittle, 2022-06-17 Everyone is aware of the distinction between right and wrong between what is morally good and morally bad The distinction is made by people every day in the home and in the school in business and labor in courts and police actions in politics and in government And yet the attitude of many persons toward human conduct is largely amoral People know intuitively that some actions are morally good and others morally bad but they are not sure why they are so It is therefore necessary to reaffirm the principles which underlie morality Ethics or moral philosophy seeks to lay bare the natural foundations of correct living to uncover the principles which govern morality and make individual actions to be right or wrong and thus develop the science of right conduct *Man's Fate and God's Choice* Bhimeswara Challa, 2021-06-29

Stagnate as a creepy caterpillar or transform into a beauteous butterfly this path breaking book of a rare genre suggests is the seminal choice before mankind and every one of us In this setting the book raises some fundamental questions What is man s rightful place in the cosmos and his manifest destiny on earth Why are we so self righteously self destructive Are we a doomed species Or divine beings struggling to overcome the hubris of the human intellect Is God getting weary of mankind How should we synergize human effort and Divine Grace The book posits that any betterment in human behavior needs a cathartic change at the deepest levels That requires diluting the dominance of the mind and reawakening the long dormant intelligence of the human heart To meet that challenge we need minimum numbers a critical mass to create self sustained momentum for transformation through consciousness change And every single human of this generation should behave in

such a way that he or she is that single person whose transformation could make the decisive species scale difference The book offers a menu of ideas and an agenda of action This book could be itself become an input to mobilize that very critical mass it advocates for human transformation Well planned and cohesively written the book is noteworthy for its delightful blend of information and arguments and reveals the depth of the author s understanding of the human predicament This is a closely argued and thought provoking book The Hindu 13 Sept 2011 This book is a gripping exposition on human nature and self transformation without preference to religion Challa has critically provided a foundational argument for a deeper discussion of philosophical and practical ideals concerning self transformation harmonizing the head and the heart is the way for humans to function as spiritual beings Recommended by the USR The US Review of Books The author reflects upon the crisis of contemporary civilizations and outlines a blueprint for a new world order based on progressive spiritual values and change of human consciousness The strength of this treatise is the sweep of Challa s reach and his treatment of a vastly complex set of issues that bedevil humankind today India International Center Quarterly Summer 2012 As a thinker and erudite scholar the author has made a profound study of the world situation and the moral decadence of man This book deserves to be on the shelves of university college and public libraries Triveni Magazine July Sept 2011 It is difficult to pigeon hole this book as a prophetic discourse a journey into the human mind a guide for human survival a spiritual treatise It is an amalgam of all these and more the volume reaches out to those who are already uneasy about the way we on this earth are progressing The Book Review India June 2013
