Religion Without Magic:

Religion Without Magic Phillips Endecott Osgood, 1954 **Religion without Belief** Jean Ellen Petrolle, 2008-06-05
Shows there is a strong religious impulse in postmodern literature and film *Handbook of Religion and the Authority of Science* James R. Lewis, Olav Hammer, 2010-11-19 The present collection examines the many different ways in which religions appeal to the authority of science The result is a wide ranging and uniquely compelling study of how religions adapt their message to the challenges of the contemporary world *The Study of Religion in Colleges and Universities* Paul Ramsey, John Frederick Wilson, 2015-03-08 The study of religion traditionally sponsored by sectarian institutions has within recent decades come to claim an increasingly larger share of attention in colleges and universities generally and in the process the constituent intellectual disciplines have undergone significant changes In this volume twelve distinguished scholars take stock of the current state of the field and explore the prospects for future development The areas covered in the essays with their authors are biblical studies Stendhal Western religious history Clebsch philosophy of religion Diamond theology McGill Catholic studies Preller Jewish studies Neusner sociology of religion Harrison comparative religious ethics Little history of religions Sullivan religion and art Turner and religion and literature Driver A practical commentary on the current state of the field Gustafson concludes the volume Taken together the essays provide an overview of the subject matter of religion study that should enable scholars of religion to situate and define their own work while helping others to appreciate the claims that work has upon the resources and concerns of colleges and universities Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Transformations of Magic** Frank Klaassen, 2013 Explores two principal genres of illicit learned magic in late Medieval manuscripts image magic which could be interpreted and justified in scholastic terms and ritual magic which could not Provided by publisher **Encyclopedia of the World's Religions** Robert Charles Zaehner, 1997 Covers many world religions such as Judaism Christianity Islam Zoroastrianism Hinduism Jainism Buddhism Shinto Confucianism Taoism Sikhism Dialectical materialism etc *Women, Pilgrimage, and Rituals of Healing in Modern and Ancient Greece* Evy Johanne Håland, 2023-07-21 This book investigates religious rituals and gender in modern and ancient Greece with a specific focus on women's role in connection with healing How can we come to understand such mainstays of ancient culture as its healing rituals when the male recorders did not and could not know or say much about what occurred since the rituals were carried out by women The book proposes that one way of tackling this dilemma is to attend similar healing rituals in modern Greece carried out by women and compare the information with ancient sources thus

providing new ways of interpreting the ancient material we possess Carrying out fieldwork being present during often enduring rituals within cultures despite other changes teaches one whole new ways of looking at written and pictorial records of such events By bringing ancient and modern worlds into mutual illumination this text also has relevance beyond the Greek context both in time and space
