## **Religion And The Christian Faith:**

Religion and the Christian Faith Hendrik Kraemer, 1956

**The Christian Faith** Friedrich Schleiermacher, 1999-01-11

The classic work of Christian theology which seeks to present the Christian faith in its entirety Schleiermacher was equally at home in the theological systems of Protestant orthodoxy and the new world of thought shaped by the historical and natural sciences and German philosophy He follows a confident course through the entire range of themes in dogmatics but leaves both the dogmatic task and the individual themes transformed by a powerful and original mind A new foreword by B A

Gerrish summarises the dogmatic goals of *The Christian Faith* and corrects some common misreadings of his work *Faith, Religion & Theology* Brennan Hill, Paul F. Knitter, William Madges, 1997 This thoroughly updated text offers students and adults an overarching perspective The Faith section focuses on the nature of human faith and Christian faith The Religion section examines the personal and social value of religion religious belief and behavior and offers an overview of major world religions The Theology section includes an analysis of the theology faith relationship Suggested readings and study questions excellent end notes and index add to the value of this edition

**The Uniqueness of the Christian Faith** Dr Gerald

Charles Tilley, 2013-12-27 Critics frequently link all religions together as essentially the same and equally valid or invalid To

do so is irrational Any honest comparison reveals significant contradictions between the various religions and between the religions and the Christian faith This proves they cannot all be true This detailed presentation of evidence shows that the Christian faith is not merely one religion among many Whether or not one believes the Christian faith is revealed by God it is clearly distinct from all others Christianity should be considered as in a separate category from the religions of the world This uniqueness can be readily discovered by anyone who studies what the Christian faith actually teaches in comparison with the teachings of the world religions The challenge is to discover these unique features rather than ignoring or denying them as is usually done This book verifies thirteen areas in which the Christian faith is unique when compared with the religions of man For example one uniqueness is that of the biblical concept of sin None of man's religions take this issue seriously enough or have no final solution for it The biblical teaching is that man's rebellion sin created such an impassible barrier between God and man that nothing man can do removes it Only God could remove the barrier which He has done in Christ God has provided the only means of forgiveness and restoration to fellowship with Himself This is what is meant by the statement that the grace of God has provided salvation or deliverance from the consequences of our sin It is the only solution to man's dilemma

**Christian Faith** Hendrikus Berkhof, 1991 In today's secular world the Christian faith is viewed as only one aspect of what could be called religious life Acknowledging this Hendrikus Berkhof begins this thought provoking study with a sketch of religion and faith in general before narrowing it down to a discussion of the specific place of Christian faith in all of reality

*Why Believe?* Norman Warren, 2012-10-08 Why believe in Jesus Christ How can I know God Why did Jesus die Can we trust the Bible This helpful small book explains the central beliefs of Christianity

The Origin of Christian

Beliefs Freeman Rhoades, 2019-08-12 In this composition the origin of more than forty essential Christian beliefs are explained in order to provide answers for all Christians to such questions as Where did God come from No longer will any Christian who has read this book need to avoid questions like Who made sin Is the devil real Are heaven and hell real Did Jesus really live and Should a Christian tithe The author's will is to help the Christian to know to better understand to teach and to defend Christian beliefs Beginning in the Old Testament book of Genesis some essential Christian beliefs are presented on subjects such as the family anti God sex drug abuse grace sin and marriage From the New Testament the writer presents the issues and Christian beliefs on Jesus Christ disciples origin of the church origin of the Pope Catholic Protestant and Baptist In the Christian beliefs of the Baptist the teaching of Jesus Christ as the norm the founder savior and spiritual head are exalted With supporting evidence from Jesus's own words the last part of the book presents Jesus's teaching on hell heaven the steps of salvation and tithing      Reasonable Belief Anthony Tyrrell Hanson, Richard Patrick Crosland Hanson, 1980 This book is an attempt to survey the main areas of Christian thought and doctrine The authors are convinced that many thoughtful Christians or would be Christians are puzzled and even alarmed by the difference between the Christian faith as it is usually presented in pulpits Sunday Schools and popular Christian literature on the one hand and on the other realities of contemporary scientific philosophical and historical thought Many are repelled from Christianity by the inadequacy of the way in which it is conventionally presented This book sets out to preserve the great central constitutive truths of Christianity in opposition to many contemporary reductionist tendencies in theology while presenting these truths in such a way as to suggest that they are relevant to twentieth century society and not irretrievably involved with an obsolete world view The doctrines of God of Christ of the Holy Spirit of the Trinity of the relation of Christianity to history are surveyed and of the Church ministry and sacraments The authors endeavour to do justice to the views of the significant thinkers both of the past and of the present while suggesting their own interpretation on several points Both authors are Anglicans and on several issues write as Anglicans but they believe that their point of view is a comprehensive and inclusive one which should be of interest and concern to Christians of all traditions      Foundations of Christian Faith Karl Rahner, 1978 A Crossroad book Translation of Grundkurs des Glaubens      Defining Christianity Barbara L. Ayers, 2020-10-09 Are you experiencing conflicts trying to understand your parents or friends Christian beliefs Are you having difficulty explaining your Christian beliefs to other people Are you having trouble defining it for yourself The goal of this book is to help provide some of the answers you seek exactly as God intended from his written Word Ten essential areas basic to Christianity are presented to help you establish a foundation from which to grow and mature on your journey While God is a mystery to all of us the Holy Spirit has been placed inside each of us to help bridge the gap Throughout the book three things will become clear First God desires to reconcile with humankind to have a personal relationship with every one of us We merely need to reach out toward him in trust and to respond in faith to his call Second when you understand God's free gift

of grace righteousness can become a tangible and significant attribute within your very being You will mature and flourish like never before Lastly the love that transforms hearts and minds can bring you truth and enlightenment on your journey
