Sweet, 1982-01-01 How are we to understand the Holy Spirit In this enlightening presentation Leonard Sweet examines the power the divinity the gifts and the ecstasy of the Spirit He tackles the question of speaking in tongues the weaknesses and strengths of the charismatic movement and the part that the Spirit plays in art nature history and in other religions With questions for discussion this perceptive study opens our eyes to the role of the Holy Spirit in life today **The Life of the Spirit and the Life of To-day** Evelyn Underhill, 2014-09-16 This book has been called *The Life of the Spirit and the Life of To day* in order to emphasize as much as possible the practical here and now nature of its subject and specially to combat the idea that the spiritual life or the mystic life as its more intense manifestations are sometimes called is to be regarded as primarily a matter of history It is not It is a matter of biology Though we cannot disregard history in our study of it that history will only be valuable to us in so far as we keep tight hold on its direct connection with the present its immediate bearing on our own lives and this we shall do only in so far as we realize the unity of all the higher experiences of the race In fact were I called upon to choose a motto which should express the

central notion of these chapters that motto would be There are diversities of gifts but the same Spirit This declaration I would interpret in the widest possible sense as suggesting the underlying harmony and single inspiration of all man s various and apparently conflicting expressions of his instinct for fullness of life For we shall not be able to make order in any hopeful sense of the tangle of material which is before us until we have subdued it to this ruling thought seen one transcendent Object towards which all our twisting pathways run and one impulsion pressing us towards it The Life of the Spirit Evelyn Underhill,2016-07-15 In untechnical language the author indicates the characteristic experiences which are fundamental to the spiritual life in all great religions and the way in which these express themselves in the modern world view of history modern psychological inquiry institutional religion education and the personal and social life of today This book has been called The Life of the Spirit and the Life of To day in order to emphasize as much as possible the practical here and now nature of its subject and specially to combat the idea that the spiritual life or the mystic life as its more intense manifestations are sometimes called is to be regarded as primarily a matter of history It is not It is a matter of biology Though we cannot disregard history in our study of it that history will only be valuable to us in so far as we keep tight hold on its direct connection with the present its immediate bearing on our own lives and this we shall do only in so far as we realize the unity of all the higher experiences of the race In fact were I called upon to choose a motto which should express the central notion of these chapters that motto would be There are diversities of gifts but the same Spirit This declaration I would interpret in the widest possible sense as suggesting the underlying harmony and single inspiration of all man s various and apparently conflicting expressions of his instinct for fullness of life For we shall not be able to make order in any hopeful sense of the tangle of material which is before us until we have subdued it to this ruling thought seen one transcendent Object towards which all our twisting pathways run and one impulsion pressing us towards it CONTENTS PREFACE Chapter I THE CHARACTERS OF SPIRITUAL LIFE Chapter II HISTORY AND THE LIFE OF THE SPIRIT Chapter III PSYCHOLOGY AND THE LIFE OF THE SPIRIT I THE ANALYSIS OF MIND Chapter IV PSYCHOLOGY AND THE LIFE OF THE SPIRIT II CONTEMPLATION AND SUGGESTION Chapter V INSTITUTIONAL RELIGION AND THE LIFE OF THE SPIRIT Chapter VI THE LIFE OF THE SPIRIT IN THE INDIVIDUAL Chapter VII THE LIFE OF THE SPIRIT AND EDUCATION Chapter VIII THE LIFE OF THE SPIRIT AND THE SOCIAL ORDER PRINCIPAL WORKS USED AND CITED **The Life of the Spirit** Hamilton Wright Mabie,1900 The Spiritual Life Andrew Murray,2008-01-01 In a series of messages given at Moody Bible Institute in 1895 Andrew Murray explained how to live a life Spirit filled This book coming from those messages is wise and has timely counsel offering practical Biblical advice on allowing the Holy Spirit complete control over your life **The Death of Religion and the Rebirth of Spirit** Joseph Chilton Pearce,2007-03-02 Social visionary Joseph Chilton Pearce s indictment of cultural imprinting as the cause of humankind s cruel and violent behavior Refutes the Neo Darwinist assumption that violence is inherent in humanity Identifies religion as the sustaining force behind our negative cultural imprinting Shows how

infant adult interactions unconsciously block the creative spirit We are all too aware of the endless variety of cruel and violent behavior reported to us in the media reminded daily that in every corner of the world someone is suffering or dying at the hands of another We have to ask Is this violence and cruelty endemic to our nature Are we at our foundation really so murderous In *The Death of Religion and the Rebirth of Spirit* Joseph Chilton Pearce life long advocate of human potential sounds an emphatic and convincing no Pearce explains that beneath our awareness culture imprints a negative force field that blocks the natural rise of the spirit toward its innate nature of love and altruism Further he identifies religion as the primary cultural force behind this negative imprinting Drawing from recent neuroscience neurocardiology cultural anthropology and brain development research Pearce explains that the key to reversing this trend can be found in the interaction between infants and adults The adult mind set effectively compromises the infant's neural and hormonal interactions between the heart and the higher evolutionary structures of the developing brain thus keeping us centered primarily in our most primitive and defensive neural foundations generation after generation Pearce shows us that if we allow the intelligence of the heart to take hold and flourish we can reverse this unconscious loss of our true nature *The Life of the Spirit* Evelyn Underhill, 2018-01-02 Reproduction of the original **The Spirit of Life** Jürgen Moltmann, 1992 The fourth book in Moltmann's systematic theology is a full scale theology of the spirit that also marks a personal religious quest Veteran readers of Moltmann will find a rich and subtle extension of his trinitarian and christological works even as he makes bold use of key insights from feminist and ecological theologies embodiment and charismatic movements *The Life of the Spirit and the Life of Today* Evelyn Underhill, 1923 *George Santayana's Philosophy of Religion* Edward W. Lovely, 2012-10-12 George Santayana 1862 1952 of Spanish descent and generally claimed to be in the canon of American philosophers was substantially influenced by his Roman Catholic origins in his philosophical disposition toward the value of tradition religious symbols and dogma His philosophical project sustained a respectful attitude toward the spiritual value of orthodox religion while the thrust of his philosophy was naturalistic and materialistic throughout There is a perception by some scholars that Santayana's philosophy evolved from a humanistic perspective to a more spiritual one in his later years It is the position of this thesis that his philosophy at the core depicting a harmonious striving toward individual happiness remained essentially consistent from his earliest publication of *Interpretations of Poetry and Religion* and *The Life of Reason* through his later works of *Scepticism and Animal Faith* *Realms of Being* *Dominations and Powers* and *The Idea of Christ in the Gospels* Santayana's philosophical approach is both phenomenological and social constructionist in its methodology significantly preempting the methodology of social constructionist theology and a post modern interpretation of religion His idiosyncratic phenomenological approach is compared with a benchmark methodology of Edmund Husserl the generally accepted founder of the phenomenological method There are also important similarities between Santayana's phenomenological approach and those of Charles Sanders Peirce and Alfred North Whitehead The basis for the comparison

of the phenomenological methodology of Santayana and Husserl is their mutually similar fundamental theory of intuited essence Santayana's contribution to religious studies is not only philosophical but also theological where he has utilized Christian theological language in transposing and interpolating his philosophy of religion to the Christian drama of the salvational Christ Santayana's essay *Ultimate Religion* reflects his perspective of a disillusioned but still spiritual vision incorporating the piety discipline and spirituality of a life of reason Within the framework of this model Santayana's philosophy of religion is developed and explored Finally the relevance of Santayana's philosophy of religion to contemporary religious studies and selected religious issues is addressed with a delineation and discussion of some important aspects of his philosophical vision
