Religions O Fall Mankind:

Christianity in its Essential Principles and Spirit, a Religion for all Mankind; and thence affords a proof of the divine mission of Jesus Christ: a discourse delivered in the High Pavement Chapel, Nottingham, etc Benjamin CARPENTER (Unitarian Minister at Nottingham.),1840 The Religion for Mankind; Christianity, Adapted to Man in All the Aspects of His Being James Spence (D.D., Independent Minister.),1852 The Almighty's Religion for the Universe Sidney R Smith MHS,2016-02-26 What the author is attempting to do is provide new information about the Creator life the universe and the purpose of humanity as it relates to what the Almighty has revealed to mankind It is the intent of the author to offer new alternatives and explanations of life to give new insight as to man s role for being in existence on the planet Earth and in the universe It offers the opportunity to explore and come to terms with this information so mankind can be enlightened to a new faith The material in this book allows man to understand that there is no reward or punishment for coming to terms with what the Creator has revealed to mankind To take away the fear of a hell and give a sense of immortality in lieu of a heavenly paradise Nevertheless this book will show mankind something different about man s creation and the purpose of his creation It s a matter of life before birth reincarnation Have you ever thought of the possibility that there is life before life Many people throughout the ages have questioned the possibility of life after death but never of life before birth I know of only one person who had some connection with the possibility of life before birth Me Edward Cayce who died in 1945 recorded some accounts of his efforts to recall the lives of people in their spiritual past He provided case studies dealing with his ability to read past histories of people s past lives but was not able to prove or disprove his abilities But suppose we were to think in terms of having an existence before we were born We have explored the prominent thought of life after death to a point of scientific examination and experimentation **The Religion of Humanity** Octavius Brooks Frothingham,1895

Christianity--Mankind's First Worldwide Religion! Gene Matlock,2005-12 It is my hope that this book will help all humans understand just exactly what Buddhism Ketuloka or Krishtaya is and apply its principles according to the uniqueness and level of their respective understandings for the improvement of their lives Christianity Catholicism was mankind s first and oldest worldwide religion According to author Gene Matlock Christianity merely stepped into the shoes of an ancient existing worldwide religion of the same name The infant Church did not begin to call itself Christianity until two or three hundred years after it was established Before the Great Flood Krishtayana was brought to India from Eastern Siberia by a highly civilized Turkish tribe called Kurus or Krishtaya The Kurus were the world s first highly developed civilization predating India Egypt and Sumeria After conquering India the Kurus went on to conquer the world including Middle America The Caribbean Indians told the Spanish that their gods were the Kurus Rumani Nearly all the Indian tribes of both Americas will find their respective tribes Turkish and North Indian origins in this book But what happened to keep Turkey from receiving credit as the founder of all human civilizations as well as the first religion Christianity Mankind s First Worldwide

Religion clears up many mysteries and shows that Jesus Christ really was all that Christians have been taught he was

The People of the Book and the People of the Dubious Book (Penerbit USM) Muhammad Azizan Sabjan, 2008 The question of the People of the Book Ahl al Kit b has long been of central significance to Islam and later to the study of comparative religion It becomes more crucial when Ab al Fath Muhammad Abd al Kar m al Shahrast n d 548 1153 develops another category known as Man Lahu Shubhat Kit b those who possess doubtful sacred scrolls or Ahl Shubhat Kit b the People of a Dubious Book The present book thus is of importance as it highlights the nature of the People of the Book and the People of a Dubious Book as understood in the Qur n and Islamic religious tradition The discussion is carried out both by analyzing Islam as the only genuinely revealed religion as well as by addressing various Muslim scholars attitudes and responses to the reality and nature of the People of the Book and the People of a Dubious Book apropos the Qur n and the Islamic religious tradition Evaluation of the nature of the People of a Dubious Book as exclusively developed by al Shahrast n is also discussed It points out how he identifies these groups and how he treats them accordingly in his magnum opus al Milal wa al Nihal It is hoped that this book will provide a preliminary yet clear understanding of this concept which hopefully can deepen our knowledge and enhance our perspective on the various delineations of the People of the Book and the People of a Dubious Book employed by Muslim scholars This will eventually widen our sphere of the understanding of religious issues and any misunderstanding or narrowed perception of other religious traditions could be avoided *Ten Great Religions: An essay in comparative theology* James Freeman Clarke, 1895 **Proceedings of the Convention of Religions in India, 1909**, 1910 *The Proceedings of the Convention of Religions in India, 1909*, 1910 **Ten Great Religions: An essay in comparative theology. 36th ed. 1897** James Freeman Clarke, 1897 **Jesus Christ and the World's Religions** William Paton, 1928 *An Illustrated and Popular Story of the World's First Parliament of Religions ...*, 1893 *Herder on Empathy and Sympathy* Eva Piirimäe, Liina Lukas, Johannes Schmidt, 2020-04-28 The English German collection Herder on Empathy and Sympathy Einf hlung und Sympathie im Denken Herders considers the meaning and role of the concepts of empathy and sympathy in Herder s thought Herder invokes sympathy in a number of disciplinary domains ranging from metaphysics biology anthropology epistemology psychology morality politics history aesthetics to homiletics While Herder is shown as belonging to a long line of thinkers who view sympathy as a metaphysical principle contributing to the interconnectedness of all parts of nature he also offers new insights about intra inter species sympathetic communication and distinctively human varieties of sympathy for which he reserves the term sich einf hlen Acknowledging the limits of the natural capacity for sich einf hlen Herder nonetheless calls for its reflective cultivation in various domains **Sacred Annals ; Or, Researches Into the History & Religion of Mankind: Hebrew people; or, The history & religion of the Israelites from the origin of the nation to the time of Christ; deduced from the writings of Moses & other inspired authors** George Smith, 1850 **Judaism at the World's Parliament of Religions**, 1894 **Living Issues in China** Henry T. Hodgkin, 2015-07-24

This book first published in 1932 explores several different aspects of life in China at the beginning of the twentieth century including education family life economics and religion This book will be of interest to students of Asian Studies

What Is Religion? Nigel Ajay Kumar,2013-09-11 What Is Religion is one of those questions rarely asked by Christian theologians who engage in interreligious discourse Nigel Kumar makes the case however that to answer the question is critical for Christian scholars attempting to negotiate multiple religious identities as well as for those who want a clearer understanding of their own faith as religion Kumar takes a historical approach to answering the question He traces the development of the concept of religion and then formulates a theological answer not only by looking at an Indian theologian Chenchiah but also by listening to other secular and theological voices

Super-Religion! Gene D. Matlock,2002-09-10 All humans are born in Super Religion It s built into our genes Even Jesus Christ said so But now are they many members yet but one body 1 Corinthians 12 4 20 Know you are not that you are not your own For you are bought with a price Ibid 6 19 20 Super Religion doesn t need missionaries You re already converted for eternity It s a lot like the Mafia No one can quit it neither alive nor dead When Jehovah s Witnesses bang on your front door you can slam it in their faces and keep them out maybe but not Super Religion It has been in your house all along and inside you No maybes Man is constantly trying to destroy Super Religion and counterfeit his own illegally such as Christianity Islam Hinduism Buddhism Jainism Confucianism Taoism Judaism Sikhism Shintoism fragmenting each of them into tens of thousands of different sects But Super Religion is always indestructible and indivisible It s still what it was Super Religion is the only religion that science regards as valid Even atheists practice Super Religion fanatically They have no choice in the matter This book will tell you what you need to know about what you already know but pretend not to

The Cambridge Companion to Rousseau Patrick Riley,2001-08-27 Universally regarded as the greatest French political theorist and philosopher of education of the Enlightenment and probably the greatest French social theorist tout court Rousseau was an important forerunner of the French Revolution though his thought was too nuanced and subtle ever to serve as mere ideology This 2001 volume systematically surveys the full range of Rousseau s activities in politics and education psychology anthropology religion music and theater

Answers for the Honest Skeptic Ted Even,2021-07-01 It is true that mankind himself has probably always been characterized with the main desire to determine just what spiritual truth really is For centuries and centuries highly educated philosophers and religious men alike have always stood toe to toe disagreeing on spiritual truth Since they cannot all be right this would strongly indicate that education religious persuasion or even intelligence has little to do with our discovery of the real spiritual truth For if these things were truly critical then obviously the spiritual intellectual giants of history would have agreed on spiritual truth long ago In this work author Ted Even endeavors to show that the disagreeing intellectuals skeptics of the past only serve to reinforce Christ s radical statement about our need to just become like little children in order to discover the spiritual truth and that literally everyone has the same opportunity to enter the kingdom of heaven on that basis

However while super intelligence or big degrees may not be necessary the discovery of spiritual truth does require just one very reasonable quality of heart which little children have always possessed Find out just what this basic quality of heart is as you continue your search for spiritual truth within this simple to understand work which only leaves the real spiritual truth left standing
