Clark, 1999-07-19 A study of how asceticism was promoted through Biblical interpretation Reading Renunciation uses contemporary literary theory to unravel the writing strategies of the early Christian authors Not a general discussion of early Christian teachings on celibacy and marriage the book is a close examination in the author's words of how the Fathers axiology of abstinence informed their interpretation of Scriptural texts and incited the production of ascetic meaning Elizabeth Clark begins with a survey of scholarship concerning early Christian asceticism that is designed to orient the nonspecialist Section Two is organized around potentially troubling issues posed by Old Testament texts that demanded skillful handling by ascetically inclined Christian exegetes The third section Reading Paul focuses on the hermeneutical problems raised by I Corinthians 7 and the Deutero Pauline and Pastoral Epistles Elizabeth Clark's remarkable work will be of interest to scholars of late antiquity religion literary theory and history **Schools of Asceticism** Lutz F. Ascetic Practices in Japanese Religion Tullio Federico Lobetti, 2013-09-11 Ascetic practices are a common feature of religion in Japan practiced by different religious traditions This book looks at these ascetic practices in an inter sectarian and inter doctrinal fashion in order to highlight the underlying themes common to all forms of asceticism It does so by employing a multidisciplinary methodology which integrates participant fieldwork the author himself engaged extensively in ascetic practices with a hermeneutical interpretation of the body as the primary locus of transmission of the ascetic embodied tradition By unlocking this bodily data the book unveils the human body as the main tool and text of ascetic practice This book includes discussion of the many extraordinary rituals practiced by Japanese ascetics

Asceticism and Its Critics Oliver Freiberger, 2006-10-19 Scholars of religion have always been fascinated by asceticism Some have even regarded this radical way of life the withdrawal from the world combined with practices that seriously affect basic bodily needs up to extreme forms of self mortification as the ultimate form of a true religious quest This view is rooted in hagiographic descriptions of prominent ascetics and in other literary accounts that praise the ascetic life style Scholars have often overlooked however that in the history of religions ascetic beliefs and practices have also been strongly criticized by followers of the same religious tradition as well as by outsiders The respective sources provide sufficient evidence of such critical strands but surprisingly as yet no attempt has been made to analyze this criticism of asceticism systematically This book is a first attempt of filling this gap Ten studies present cases from both Asian and European traditions classical and medieval Hinduism early and contemporary Buddhism in South and East Asia European antiquity early and medieval Christianity and 19th 20th century Aryan religion Focusing on the critics of asceticism their motives their arguments and the targets of their critique these studies provide a broad range of issues for comparison They suggest that the critique of asceticism is based on a worldview differing from and competing with the ascetic worldview often in one and the same historical context The book demonstrates that examining the critics of asceticism helps understand better the complexity of religious traditions and their cultural contexts The comparative analysis moreover shows that the criticism of asceticism reflects a religious worldview as significant and widespread in the history of religions as asceticism itself is

Beyond Pleasure Evert Peeters, Leen Van Molle, Kaat Wils, 2011-04-01 Asceticism so it is argued in this volume is a modern category The ubiquitous cult of the body of fitness and diet equally evokes the ongoing success of ascetic practices and beliefs Nostalgic memories of hardship and discipline in the army youth movements or boarding schools remain as present as the

fashionable irritation with the presumed modern day laziness In the very texture of contemporary culture age old asceticism proves to be remarkably alive Old ascetic forms were remoulded to serve modern desires for personal authenticity an authenticity that disconnected asceticism in the course of the nineteenth century from two traditions that had underpinned it since classical antiquity the public republican austerity of antiquity and the private religious asceticism of Christianity Exploring various aspects such as the history of the body of aesthetics science and social thought in several European countries Great Britain France Germany Austria and Belgium the authors show that modern asceticism remains a deeply ambivalent category Apart from self realisation classical and religious examples continue to haunt the ascetic mind

Asceticism in the Graeco-Roman World Richard Finn,2009-07-02 Asceticism deploys abstention self control and self denial to order oneself or a community in relation to the divine Both its practices and the cultural ideals they expressed were important to pagans Jews Christians of different kinds and Manichees Richard Finn presents for the first time a combined study of the major ascetic traditions which have been previously misunderstood by being studied separately He examines how people abstained from food drink sexual relations sleep and wealth what they meant by their behaviour and how they influenced others in the Graeco Roman world Against this background the book charts the rise of monasticism in Egypt Asia Minor Syria and North Africa assessing the crucial role played by the third century exegete Origen and asks why monasticism developed so variously in different regions

Anabaptism and Asceticism Kenneth R. Davis,1998-10-17 Dr Davis explores the Anabaptist emphasis on penitence personal holiness and active discipleship to Christ He examines their view that discipleship involves the rejection of a life of affluence the civil oath and participation in the military and the magistracy

Religious Violence in the Ancient World Jitse H. F. Dijkstra,Christian R. Raschle,2020-10-01 Much like our world today Late Antiquity fourth seventh centuries CE is often seen as a period rife with religious violence not least because the literary sources are full of stories of Christians attacking temples statues and pagans However using insights from Religious Studies recent studies have demonstrated that the Late Antique sources disguise a much more intricate reality The present volume builds on this recent cutting edge scholarship on religious violence in Late Antiquity in order to come to more nuanced judgments about the nature of the violence At the same time the focus on Late Antiquity has taken away from the fact that the phenomenon was no less prevalent in the earlier Graeco Roman world This book is therefore the first to bring together scholars with expertise ranging from classical Athens to Late Antiquity to examine the phenomenon in all its complexity and diversity throughout Antiquity

The Revolutionary Ascetic Bruce Mazlish,2017-07-05 Why have the great revolutionary leaders of modern times from Robespierre to Lenin and Mao Tse tung so often been ascetics austere puritans with few emotional ties What functions political as well as personal do these ascetic traits perform for the modern revolutionary leader and for his followers Noted historian and author Bruce Mazlish is convinced that beginning in the nineteenth century the needs of modernizing revolutions have produced a distinct new type of political leader the

revolutionary ascetic This individual's denial of personal pleasures and commitments both enables him to perform politically necessary if personally repulsive revolutionary acts and to command the allegiance of his more worldly followers Starting with Cromwell and the religious ascetics of the Puritan Revolution Mazlish shows in a series of fascinating personality sketches how this asceticism first became secularized with the French Revolution and then in the nineteenth and twentieth centuries was put to the service of a new kind of total modernizing revolution in Russia China and elsewhere In two remarkably vivid portraits of Lenin and Mao Tse tung Mazlish shows us precisely how two of the century's best known revolutionaries consciously and unconsciously used their personal asceticism to induce revolutionary change **The**

Religion of Existence Noreen Khawaja, 2016-12-02 What was existentialism At its heart Noreen Khawaja argues existentialism was an effort to translate Protestant piety into a secular philosophy While there have been many attempts to define existentialism from within as a coherent philosophical program and even as a movement Khawaja's book is the first study of existentialism from the standpoint of intellectual history and the first to look systematically at the role that Christianity played in the development of existential thought Focusing on Soren Kierkegaard Martin Heidegger and Jean Paul Sartre Khawaja illuminates the key moments in existentialism's reconstruction of Protestant piety within the confines of secular philosophy Heidegger once described his work as an exercise in the piety of thinking Khawaja's book shows the historical and systematic truth behind this metaphor Notwithstanding Heidegger thinking has not always been a pious act But for a certain group of European intellectuals in the late nineteenth and twentieth centuries it became so The Religion of Existence will appeal to scholars of modern Christianity philosophers and historians of European philosophy as well as those engaged with the theoretical and historical problems of secular and post secular modernity
