Davies, Michael J. Thate, 2018-07-05 This book is a printed edition of the Special Issue Religion and the Individual Belief

Practice and Identity that was published in Religions *Christian Conversion* Walter E. Conn, 2006-07-01 Walter Conn has provided us with something we have needed for a long time a scholarly study of Christian conversion that draws synthetically from present day psychology philosophy and theology and uses these insights to analyze actual Christian religious experience And in doing that Conn has produced what is probably the best treatment to date of foundational moral theology To follow Conn through the pages of this volume is to become acquainted with most of today's important reflection on human moral and personal development But one emerges with much more than relevant information about what is being said Conn's own view of conversion goes beyond the thinkers from whom he draws and provides a basic challenge to and enrichment of our understanding of faith and morality Bernard Cooke Holy Cross College Walter E Conn is Professor of Theology and Religious Studies at Villanova University He is also the editor of Horizons journal of the College Theology Society **Conversion To**

nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary

Systematic Theology, Volume 2, Second Edition James Leo Garrett, 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and

judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive

Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work than this

Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology

Daniel Defoe and the Representation of Personal Identity Christopher Borsing, 2016-08-25

The concept of a personal identity was a contentious issue in the early eighteenth century

John Locke s philosophical discussion of personal identity in An Essay Concerning Human Understanding fostered a public debate upon the status of an immortal Christian soul

This book argues that Defoe like many of this age had religious difficulties with Locke s empiricist analysis of human identity

In particular it examines how Defoe explores competitive individualism as a social threat while also demonstrating the literary and psychological fiction of any concept of a

separated lone identity This foreshadows Michel Foucault's assertion that the idea of man is a recent invention a figure not yet two centuries old a new wrinkle in our knowledge The monograph's engagement with Defoe's destabilization of any definition or image of personal identity across a wide range of genres including satire political propaganda history conduct literature travel narrative spiritual autobiography piracy and history economic and scientific literature rogue biography scandalous and secret history dystopian documentary science fiction and apparition narrative is an important and original contribution to the literary and cultural understanding of the early eighteenth century as it interrogates and challenges modern presumptions of individual identity

Religious Harmony Michael Pye, Edith Franke, Alef Theria

Wasim, Abdurrahman Mas'ud, 2012-02-13 It is crucial today to understand how religions can exist harmoniously in a shared environment whether local or global A reasoned approach to this question was sought by participants at a stimulating conference of the International Association for the History of Religions IAHR in a predominantly Muslim country Indonesia Themes treated include the relation between theoretical approaches and religious viewpoints practical problems and conflict resolution at the local level and religious education with special reference to the role of Muslim schools pesantren in Indonesia

Religious Conversion Christopher Lamb, M. Darroll Bryant, 1999-10-01 Conversion has been an important issue for most of the universal religions those usually associated with a founder such as Christianity Buddhism Islam and Judaism which have a mission to spread their message Other religions have been less concerned with conversion except in so far as it has been a negative force for them to confront This study explores how conversion has been understood by different religions during different eras and includes a survey of the textual legal ritual historic and experiential dimensions of the phenomenon of conversion

Identity Crisis Sarah Yoon, 2015-03-17 This book provides a general overview of the identity crises BMB believer from Muslim background women in Jordan go through and reasons for it Traditionally persecution from family community or the secret police is thought to leave these women with newfound faith However even before persecution exposes their new faith many initial believers give up seeking the new truth and return to their previous phase due to a serious identity crisis This phenomenon is found to occur particularly often among female BMBs because of their unique circumstances in the religious and sociocultural contexts of Jordan Through an examination of BMB women's narratives this book explores how Muslim women form their identities and what they experience in the process of conversion

The Maturing Church Ermias G. Mamo, 2017-12-31 For a church to be considered mature an integrated approach between contextualization discipleship and mission is required Globally the church is facing multiple challenges both from within and from without Despite the challenges however churches in the Majority World continue to grow rapidly But is this growth in numbers accompanied by spiritual depth And is this growth built upon biblical and theological foundations so that the church can play its transforming role in the world In this book Dr Ermias Mamo makes the case for an integrated approach guiding the reader through the topics of discipleship mission and contextualization for which he uses his home country of Ethiopia as

a working example Dr Mamo closes with strategies for effective contextualized discipleship and the impact such an approach will have on the future of the church This is a resource that will benefit all who wish to be part of a church that seeks to shape its theological learning institutional structure and core values around their identity in Christ and God given mission
