Religious Humanism and the Victorian Novel U. C. Knoepfmacher, 1970 **George Eliot's Early Novels** U. C. Knoepfmacher, 2022-04-29 This study shows how George Eliot a leader in the nineteenth century intellectual world of Darwin and the Industrial Revolution wrestled in her early novels with the esthetic problems of reconciling her art and her philosophy Attempting in her fiction to reproduce the real temporal world she lived in George Eliot also tried to reassure herself and her readers that their godless modern world still operated according to higher moral laws of justice and perfectibility U C Knoepfmacher examines here for the first time in sequence George Eliot's development of increasingly sophisticated forms of fiction in her efforts to reconcile the two conflicting orientations in her thought We see this popular novelist as she progressed artistically from the flawed Amos Barton in 1857 up to the balance she achieved in Silas Marner in 1861 And we discover her in the context of her literary antecedents and surrounding in a way that brings many new affiliations to light particularly the connection of her novels to the writings of Milton the Romantic poets and her contemporaries Arnold and Carlyle Professor Knoepfmacher thoroughly

discusses each work in George Eliot's first stage bringing new attention to minor works like *The Lifted Veil* and *Scenes of Clerical Life* and fresh insights to such well known works as *Adam Bede*, *The Mill on the Floss* and *Silas Marner*. This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact. Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology. This title was originally published in 1968.

Victorian Religious Discourse J. Nixon, 2004-08-20 This collection of essays attempts to address the disparate historical and critical ways religion informs the literature and culture of nineteenth century England showing how a representative group of major Victorians negotiated its impact. The collection attempts to present Victorian religious discourse not as monologic but as dialogic if not protean. It seeks to make available new understandings of nineteenth century British literature as well as to elucidate the extent to which religious discourse is vested in Victorian cultural thoughts and practice.

George Eliot's 'The Lifted Veil' Franco Marucci, 2022-01-31 The negative historical judgment given to George Eliot's *The Lifted Veil* amounts nowadays to a gross critical blunder and in the last three decades the story has been firmly reinstated in Eliot's major canon. The premise of the present book is that George Eliot's oeuvre is a compact macrotext where themes motifs patterns and cultural and personal archetypes recur with variations and that *The Lifted Veil* functions as the linchpin of this oeuvre. A sequential approach to the story is authorized by the use of a mimetic enunciation that simulates a gradual definition of events places and characters as they have appeared to the narrating I in the course of time until the moment of the enunciation. Contextualizing *The Lifted Veil* means placing it within Eliot's oeuvre and against the background of Victorian mid century fiction in a further meaning seeing it as intersecting various contemporary genres and subgenres such as that of the European and American literature of the veil that of the archetypal icon of the femme fatale that of Wilkie Collins's dead secret novels. The most significant facet that critical literature on *The Lifted Veil* has tended to overlook is however the encrypting of the experience of a failed religious conversion and the foreshadowing of the search for a spiritual and racial identity of Daniel Deronda the hero of Eliot's final novel.

The Teaching of George Eliot William Myers, 2025-07-01 George Eliot thought of herself as a teacher as did her contemporaries. Their view that her writing was not simply influenced in a relatively haphazard way by her philosophical and scientific reading but was a deliberate and consistent attempt to synthesize in fiction an elaborate and coherent theoretical analysis of the human situation is studied in this book originally published in 1984. Eliot's Associationist philosophy her Feuerbachian readings of religion her ethic of Submission and her sense that Positivism can be transcended in art and vision are here subjected to a thorough Marxist Nietzschean and psycho analytical critique.

Eros and Psyche (Routledge Revivals) Karen Chase, 2014-06-03 How does Victorian fiction represent personality? How does it express emotion and how does it imagine the mind? These questions stand at the centre of *Eros and Psyche* first published in 1984. In examining how three authors

Charlotte Brontë Charles Dickens and George Eliot depict the mind and organise emotion Chase approaches their works as expressive structures and analyses their struggle to accommodate rival imperatives in depicting personality desire and duty guilt and innocence love and autonomy The title begins with Brontë's early Angrian tales which introduce the problem that unifies the book the attempt of Victorian fiction to escape the constraints of the romance mode while assimilating its energies There follow readings of *The Pickwick Papers* *Jane Eyre* *Bleak House* and *Middlemarch* in the light of such problems as confinement and exposure in Brontë tragic doubt in Dickens and the image of the moral mind in George Eliot

George Eliot's Intellectual Life Avrom Fleishman, 2010-02-18 It is well known that George Eliot's intelligence and her wide knowledge of literature history philosophy and religion shaped her fiction but until now no study has followed the development of her thinking through her whole career This intellectual biography traces the course of that development from her initial Christian culture through her loss of faith and working out of a humanistic and cautiously progressive world view to the thought provoking achievements of her novels It focuses on her responses to her reading in her essays reviews and letters as well as in the historical pictures of *Romola* the political implications of *Felix Holt* the comprehensive view of English society in *Middlemarch* and the visionary account of personal inspiration in *Daniel Deronda* This portrait of a major Victorian intellectual is an important addition to our understanding of Eliot's mind and works as well as of her place in nineteenth century British culture

Modes of Faith Theodore Ziolkowski, 2008-11-15 In the decades surrounding World War I religious belief receded in the face of radical new ideas such as Marxism modern science Nietzschean philosophy and critical theology *Modes of Faith* addresses both this decline of religious belief and the new modes of secular faith that took religion's place in the minds of many writers and poets Theodore Ziolkowski here examines the motives for this embrace of the secular locating new modes of faith in art escapist travel socialism politicized myth and utopian visions James Joyce he reveals turned to art as an escape while Hermann Hesse made a pilgrimage to India in search of enlightenment Other writers such as Roger Martin du Gard and Thomas Mann sought temporary solace in communism or myth And H G Wells Ziolkowski argues took refuge in utopian dreams projected in another dimension altogether Rooted in innovative and careful comparative reading of the work of writers from France England Germany Italy and Russia *Modes of Faith* is a critical masterpiece by a distinguished literary scholar that offers an abundance of insight to anyone interested in the human compulsion to believe in forces that transcend the individual

George Eliot and Schiller Deborah Guth, 2016-07-22 Though Friedrich Schiller enjoyed prominent literary standing and great popularity in nineteenth century literary England his influence has been largely neglected in recent scholarship on the period First published in 2003 this book explores the substantial evidence of the importance of the playwright and philosopher's thought to George Eliot's novelistic art It demonstrates the relationship between Schiller's work and Eliot's plotting of moral vision the tensions in her work between realism and idealism and her aesthetics It also contends that the immense continental underpinnings of Eliot's writing should

lead us to resituate her beyond national boundaries and view her as a major European as well as English writer This book will be of interest to those studying 19th Century English and European literature The Reception of Walter Pater in Europe Stephen Bann,2013-02-14 Just over a century after his death Walter Pater's critical reputation now stands as high as it has ever been In the English speaking world this has involved recovery from the widespread neglect and indifference which attended his work in the first half of the twentieth century In Europe however enthusiastic disciples such as Hugo von Hofmannsthal in the German speaking world and Charles Du Bos in France helped to fuel a growing awareness of his writings as central to the emergence of modernist literature Translations of works like *Imaginary Portraits* established his distinctive voice as an aesthetic critic and his novel *Marius the Epicurean* was enthusiastically received in Paris in the 1920s and published in Turin on the eve of the Second World War This collection traces the fortunes of Pater's writings in these three major literatures and their reception in Spain Portugal Poland Hungary and the Czech Republic **English Fiction of the Victorian Period** Michael Wheeler,2014-01-14 Professor Wheeler's widely acclaimed survey of the nineteenth century fiction covers both the major writers and their works and encompasses the genres and minor fiction of the period This excellent introduction and reference source has been revised for this second edition to include new material on lesser known writers and a comprehensively updated bibliography Handbook of the English Novel, 1830-1900 Martin Middeke,Monika Pietrzak-Franger,2020-05-05 Part I of this authoritative handbook offers systematic essays which deal with major historical social philosophical political cultural and aesthetic contexts of the English novel between 1830 and 1900 The essays offer a wide scope of aspects such as the Industrial Revolution religion and secularisation science technology medicine evolution or the increasing mediatization of the lifeworld Part II then leads through the work of more than 25 eminent Victorian novelists Each of these chapters provides both historical and biographical contextualisation overview close reading and analysis They also encourage further research as they look upon the work of the respective authors at issue from the perspectives of cultural and literary theory Erotic Faith Robert M. Polhemus,1995-03 In this profoundly original and far reaching study Robert M Polhemus shows how novels have helped to make erotic love a matter of faith in modern life Erotic faith Polhemus argues is an emotional conviction ultimately religious in nature that meaning value hope and even the possibility of transcendence can be found in love Drawing on a wide range of disciplines Polhemus shows the reciprocity of love as subject the novel as form and faith as motive in important works by Jane Austen Walter Scott the Brontës Dickens George Eliot Trollope Thomas Hardy Joyce D H Lawrence Virginia Woolf and Samuel Beckett Throughout Polhemus relates the novelists representation of love to that of such artists as Botticelli Vermeer Claude Lorrain Redon and Klimt Juxtaposing their paintings with nineteenth and twentieth century texts both reveals the ways in which novels develop and individualize common erotic and religious themes and illustrates how the novel has influenced our perception of all art *Evolution and Literary Theory* Joseph Carroll,1995 Over the past two decades poststructuralism in its myriad forms has come to dominate

literary criticism to the exclusion of virtually any other point of view Few scholars have escaped the coercive authority of its programmatic radicalism In *Evolution and Literary Theory* Joseph Carroll vigorously attacks the foundational principles of poststructuralism and offers in their stead a bold new theory that situates literary criticism within the matrix of evolutionary theory

Paradis,2007-12-29 Samuel Butler 1835 1902 Victorian satirist critic and visual artist possessed one of the most original and inquiring imaginations of his age The author of two satires *Erewhon* 1872 and *The Way of All Flesh* 1903 Butler s intellectually adventurous explorations along the cultural frontiers of his time appeared in volume after eccentric volume Author of four works on evolution he was one of the most prolific evolutionary speculators of his time He was an innovative travel writer and art historian who used the creative insights of his own painting photography and local knowledge to invent in works like *Alps and Sanctuaries* 1881 a vibrant Italian culture that contrasted with the spiritually frigid experience of his High Church upbringing Despite his range and achievement there remains surprisingly little contemporary analytical commentary on Butler s work Samuel Butler Victorian against the Grain is an interdisciplinary collection of essays that provides a critical overview of Butler s career one which places his multifaceted body of work within the cultural framework of the Victorian age The essays taken together discuss the formation of Victorian England s ultimate polymath an artistic and intellectual ventriloquist who assumed an extraordinary range of roles as satirist novelist evolutionist natural theologian travel writer art historian biographer classicist painter and photographer
