Religious Politics And Communal Violence:

Religious Politics and Communal Violence Steven Wilkinson, 2005 This volume offers political and institutional explanations for communal conflicts in India The volume compiles influential and lesser known yet significant interventions to present the most comprehensive social scientific analysis of communal violence in India **Religious Politics and Communal Violence** Mohd. Iqbal Ahmed, 2012 *Religion, Violence and Political Mobilisation in South Asia* Ravinder Kaur, 2005-11-05 Papers presented at the Workshop on Religious Mobilisation and Organisation of Violence held at Roskilde during 3-4 April 2003 *Communal Violence, Forced Migration and the State* Sanjeevini Badigar Lokhande, 2016-10-13 When violence occurs in democracies it is often characterized as an aberration The state that saw human rights violations and failure of law and order in Gujarat in 2002 emerged even if by its own admission as a model for good governance Communal Violence Forced Migration and the State through an account of displaced Muslims challenges this notion Through the unlikely yet probing lens of displacement it offers fresh insight into communal violence and is an important resource for the emerging domain of forced migration and the changing nature of the state in a globalized world Religious Politics in Turkey Ceren Lord, 2018-11-08 Since the elections of 2002 Erdogan's AKP has dominated the political scene in Turkey This period has often been understood as a break from a secular pattern of state building But in this book Ceren Lord shows how Islamist mobilisation in Turkey has been facilitated from within the state by institutions established during early nation building Lord thus challenges the traditional account of Islamist AKP's rise that sees it either as a grassroots reaction to the authoritarian secularism of the state or as a function of the state's utilisation of religion Tracing struggles within the state Lord also shows how the state's principal religious authority the Presidency of Religious Affairs Diyanet competed with other state institutions to pursue Islamisation Through privileging Sunni Muslim access to state resources to the exclusion of others the Diyanet has been a key actor ensuring persistence and increasing salience of religious markers in political and economic competition creating an amenable environment for Islamist mobilisation *The Oxford Handbook of Politics in Muslim Societies* Melani Cammett, Pauline Jones, 2022 Politics in Muslim societies what's religion got to do with it Melani Cammett and Pauline Jones Islam and political structure in historical perspective Eric Chaney State formation statist Islam and regime instability evidence from Turkey Kristin E Fabbe States religion and democracy in Southeast Asia comparative religious regime formation Kikue Hamayotsu Repression of Islamists and authoritarian survival in the Arab world a case study of Egypt Jean Lachapelle Regime types regime transitions and religion in Pakistan Matthew J Nelson Regime change under the Party of Justice and Development AKP in Turkey Feryaz Ocakl Islam nationalism and democracy in Asia nations under gods or gods under nations Maya Tudor Military politics in Muslim societies Nicholas J Lotito Voting for Islamists mapping the role of religion Ellen Lust Kristen Kao and Gibran Okar Party systems in Muslim societies Elizabeth R Nugent Ideologies brands and demographics in Muslim Southeast Asia voting for Islam Thomas Pepinsky Religion and party politics

A History of State and Religion in India Ian Copland, Ian Mabbett, Asim Roy, Kate Brittlebank, Adam Bowles, 2013-05-02 Offering the first long duration analysis of the relationship between the state and religion in South Asia this book looks at the nature and origins of Indian secularism It interrogates the proposition that communalism in India is wholly a product of colonial policy and modernisation questions whether the Indian state has generally been a benign or disruptive influence on public religious life and evaluates the claim that the region has spawned a culture of practical toleration The book is structured around six key arenas of interaction between state and religion cow worship and sacrifice control of temples and shrines religious festivals and processions proselytising and conversion communal riots and religious

teaching doctrine and family law It offers a challenging argument about the role of the state in religious life in a historical continuum and identifies points of similarity and contrast between periods and regimes The book makes a significant contribution to the literature on South Asian History and Religion

Secular and Religious Politics in Pakistan, India, and Bangladesh Nadeem Malik, 2025-07-02 This book thoroughly explores the complex relationship between secularism and religious politics in South Asia It examines the historical and contemporary factors that have influenced the political landscapes of Pakistan India and Bangladesh focusing on how colonial legacies nation building processes and religious ideologies have shaped governance and social structures Through comparative analysis the book delves into the rise of Hindutva in India the struggle between secularism and Islamism in Bangladesh and the role of Islam in Pakistan's politics By integrating diverse theoretical perspectives and historical contexts this book offers a comprehensive understanding of the evolving nature of secularism and religious politics in these three nations It also provides insights into the broader implications for democracy pluralism and religious freedom in South Asia This book is essential reading for scholars policymakers and anyone interested in the intersection of religion and politics in one of the world's most complex and dynamic regions

Politics of Religion and Nationalism Ferran Requejo, Klaus-Jürgen Nagel, 2014-12-17 There are numerous examples of how religion and nationalism intertwine In some cases a common religion is the fundamental marker of a nation's identity whereas in others secular nationalism tries to hold together people of different religious beliefs This book examines the link between religion and nationalism in contemporary politics By exploring case studies on India Russia Israel Canada Chechnya Bosnia Herzegovina Belgium Northern Ireland Scotland Sri Lanka Catalonia and the Basque Country it seeks to understand the relationship between these two key societal forms of diversity and assess the interaction between religious and nationalist perspectives Expert contributors examine a variety of phenomena including secular nationalism secessionism and politics in which religious pluralism is evolving This

book will be of interest to students and scholars of political science religion and politics nationalism federalism secession political philosophy racial and ethnic politics and comparative politics

Religious Politics and Secular States Scott W. Hibbard, 2010-10-15 2011 Winner of the Charles H Levine Memorial Book Prize of the International Political Science Association This comparative analysis probes why conservative renderings of religious tradition in the United States India and Egypt remain so influential in the politics of these three ostensibly secular societies The United States Egypt and India were quintessential models of secular modernity in the 1950s and 1960s By the 1980s and 1990s conservative Islamists challenged the Egyptian government India witnessed a surge in Hindu nationalism and the Christian right in the United States rose to dominate the Republican Party and large swaths of the public discourse Using a nuanced theoretical framework that emphasizes the interaction of religion and politics Scott W Hibbard argues that three interrelated issues led to this state of affairs First as an essential part of the construction of collective identities religion serves as a basis for social solidarity and political mobilization Second in providing a moral framework religion s traditional elements make it relevant to modern political life Third and most significant in manipulating religion for political gain political elites undermined the secular consensus of the modern state that had been in place since the end of World War II Together these factors sparked a new era of right wing religious populism in the three nations Although much has been written about the resurgence of religious politics scholars have paid less attention to the role of state actors in promoting new visions of religion and society **Religious Politics and Secular States** fills this gap by situating this trend within long standing debates over the proper role of religion in public life

Religion, Politics and Good Governance Mahmood Bin Muhammad, 2011-12-22 This second US edition of Religion Politics and Good Governance expands on the first edition and explores further the authors varied experience in the field of public administration as a senior police officer trainer and

researcher bureaucrat UN expert and a diplomat The manner in which he deals with a whole range of burning issues specifically religion politics good governance and criminal justice administration is truly remarkable in its breadth of subjects addressed This edition has eleven new essays that extend the scope of the authors deliberations captured in the first edition Given the international relevance of the topics he covers there would likely be wide interest in the US in such a book especially in view of Indias emergence as a growing global power Religion, Caste, and Politics in India Christophe Jaffrelot,2010 Following independence the Nehruvian approach to socialism in India rested on three pillars secularism and democracy in the political domain state intervention in the economy and diplomatic non alignment mitigated by pro Soviet leanings after the 1960s These features defined a distinct Indian model if not the country s political identity From this starting point Christophe Jaffrelot traces the transformation of India throughout the latter half of the twentieth century particularly the 1980s and 90s The world s largest democracy has sustained itself by embracing not only the vernacular politicians of linguistic states but also Dalits and Other Backward Classes or OBCs The simultaneous and related rise of Hindu nationalism has put minorities and secularism on the defensive In many ways the rule of law has been placed on trial as well The liberalization of the economy has resulted in growth yet not necessarily development and India has acquired a new global status becoming an emerging power intent on political and economic partnerships with Asia and the West The traditional Nehruvian system is giving way to a less cohesive though more active India a country that has become what it is against all odds Jaffrelot maps this tumultuous journey exploring the role of religion caste and politics in determining the fabric of a modern democratic state *Political Process in India* Mr. Rohit Manglik,2023-07-23 In this book we will study about the subject of Political Process in India exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought **Indian Society** Mr. Rohit Manglik,2023-10-23 In this book we will study about the structure diversity and institutions of Indian society **Modern Indian Society** Mr. Rohit Manglik,2024-02-18 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels **Religion - Politics - Evangelism** Purna Chandra Jena,2015-11-24 This book seeks to show how religion is controlled by political ideologies and how evangelism is moulded and manipulated by the demands of the dominant political order of the day Out of his experience as a Christian in India the author challenges churches and congregations to participate in political action as an expression of their commitment to evangelism and to a better society **The Transformation of Politicised Religion** Hartmut Elsenhans,Rachid Ouaisa,Mary Ann Tétreault,2016-02-17 Including contributions from leading scholars from Algeria France Germany India and the United States this book traces the rise and turn to moderation of the New Cultural Identitarian Political Movements

often labelled in the West as fundamentalists Arguing that culturally based ideologies are often the instruments rather than the motivating force though which segments of a rising middle strata challenge entrenched elites the expert contributors trace the rise of these movements to changes in their respective countries political economy and class structures This approach explains why as a result of an ongoing contestation and recreation of bourgeois values the more powerful of these movements then tend towards moderation As Western countries realise the need to engage with the more moderate wings of fundamentalist political groups their rationale and aims become of increasing importance and so academics decision makers and business people interested in South Asia and the Muslim world will find this an invaluable account Religion, Violence, and Local Power-Sharing in Nigeria Laura Thaut Vinson, 2017-10-26 Why does religion become a fault line of communal violence in some pluralistic countries and not others Under what conditions will religious identity as opposed to other salient ethnic cleavages become the spark that ignites communal violence Contemporary world politics since 9 11 is increasingly marked by intra state communal clashes in which religious identity is the main fault line Yet violence erupts only in some religiously pluralistic countries and only in some parts of those countries This study argues that prominent theories in the study of civil conflict cannot adequately account for the variation in subnational identity based violence Examining this variation in the context of Nigeria s pluralistic north central region this book finds support for a new theory of power sharing It finds that communities are less likely to fall prey to a divisive narrative of religious difference where local leaders informally agreed to abide by an inclusive local government power sharing arrangement
