Sarajevo, 1941-1945 Emily Greble, 2011-02-25 On April 15 1941 Sarajevo fell to Germany's 16th Motorized Infantry Division The city along with the rest of Bosnia was incorporated into the Independent State of Croatia one of the most brutal of Nazi satellite states run by the ultranationalist Croat Ustasha regime The occupation posed an extraordinary set of challenges to Sarajevo's famously cosmopolitan culture and its civic consciousness these challenges included humanitarian and political crises and tensions of national identity As detailed for the first time in Emily Greble's book the city's complex mosaic of confessions Catholic Orthodox Muslim Jewish and ethnicities Croat Serb Jew Bosnian Muslim Roma and various other national minorities began to fracture under the Ustasha regime's violent assault on Serbs Jews and Roma contested categories of identity in this

multiconfessional space tearing at the city's most basic traditions Nor was there unanimity within the various ethnic and confessional groups some Catholic Croats detested the Ustasha regime while others rode to power within it Muslims quarreled about how best to position themselves for the postwar world and some cast their lot with Hitler and joined the ill fated Muslim Waffen SS In time these centripetal forces were complicated by the Yugoslav civil war a multisided civil conflict fought among Communist Partisans Chetniks Serb nationalists Ustasas and a host of other smaller groups The absence of military conflict in Sarajevo allows Greble to explore the different sides of civil conflict shedding light on the ways that humanitarian crises contributed to civil tensions and the ways that marginalized groups sought political power within the shifting political system There is much drama in these pages In the late days of the war the Ustasha leaders realizing that their game was up turned the city into a slaughterhouse before fleeing abroad The arrival of the Communist Partisans in April 1945 ushered in a new revolutionary era one met with caution by the townspeople Greble tells this complex story with remarkable clarity Throughout she emphasizes the measures that the city's leaders took to preserve against staggering odds the cultural and religious pluralism that had long enabled the city's diverse populations to thrive together

Education and Civic Culture in Post-Communist Countries S. Webber, I. Liikanen, 2016-01-20 The vivid discussion on civil society in Eastern Europe that flourished during the late 1980s and early 1990s has faded somewhat and been partly replaced by new attempts to conceptualise the nature of social change taking place in these countries This book strives to continue and go beyond the civil society discourse by analysing the interrelationship between education and civic culture in post communist countries The volume offers detailed case studies written by specialists from the region and from Western Europe and North America examining everyday patterns of civic culture the linkage between education and national identity ethnicity gender and religion the experience and attitudes of youth and attempts to render education systems better suited to the demands of post communist society

Cosgrove, 2004-01-29 Russian nationalism increasingly important as the Russian Federation finds its place in the world is not a new phenomenon Who were the Russian nationalists before the creation of today's Russia What were their views What was their political influence This book seeks answers to these questions by looking in detail at the last decade of the USSR through the eyes of a group of Russian nationalist intellectuals gathered around the literary journal Nash sovremennik The author suggests that in the Twenty first century a specifically Russian type of nationalism ethnic and statist could provide the ideological underpinning for a new authoritarianism

Civil War in Poland 1942-1948 A. Prazmowska, 2004-07-29 This challenging new work uses archival research to examine Poland's government in exile during the Second World War as it sought both to fight against the advances of Germany and the Soviet Union and to prepare for the moment when it would once more be possible to establish a national Polish government The author suggests that the Poles were as much at war with themselves throughout the war and in the years immediately following the end of hostilities as they were with the German and Soviet forces Civil War in Poland 1942-1948 contributes to the debate on the fate of Poland in this complex period the origins of Communist regimes in Eastern Europe and the process of transformation in Europe during and since the Second World War

Colonialism and Christianity in Mandate Palestine Laura Robson, 2011-09-01 Drawing on a rich base of British archival materials Arabic periodicals and secondary sources Colonialism and Christianity in Mandate Palestine brings to light the ways in which the British colonial state in Palestine exacerbated sectarianism By transforming Muslim Christian and Jewish religious identities into legal categories Laura Robson argues the British ultimately marginalized Christian communities in Palestine Robson explores the turning points that developed as a result of such policies many of which led to permanent changes in the region's political landscapes Cases include the British refusal to support Arab Christian leadership within Greek controlled Orthodox churches attempts to avert involvement from French or Vatican related groups by sidelining Latin and Eastern Rite Catholics and interfering with Arab Christians efforts to cooperate with Muslims in objecting to Zionist expansion Challenging the widespread but mistaken notion that violent sectarianism was endemic to Palestine Colonialism and Christianity in Mandate Palestine shows that it was intentionally stoked in the wake of British rule beginning in 1917 with catastrophic effects well into the twenty first century
