Religious Roots Of American Sociology:

The Religious Roots of American Sociology Cecil E. Greek, 2019-03-20 This book first published in 1992 demonstrates that American sociology has deep religious roots which continue both directly and indirectly to influence the discipline today Early American sociology was closely aligned with the social gospel movement in Protestantism which hope to make use of the new science of sociology to help solve social problems and ultimately prepare America for the establishment of Christ s kingdom on earth Although American sociology became secularized after 1920 it retained its ameliorative outlook hoping to save mankind through positivistic analysis and technocratic societal planning Routledge Library Editions: Sociology of Religion Various, 2021-07-14 This set collects together in 19 volumes a wealth of texts on Sociology of Religion An invaluable reference resource it contains classic books on a wide range of topics including religion and violence religion and family life religion and society culture and class **The Success Ethic, Education, and the American Dream** Joseph L.

DeVitis, John Martin Rich, 1996-01-01 Explores interprets and critically analyzes various success ethics that have shaped American culture and education It also formulates new forms of the success ethic in order to uncover overlooked models and to overcome the shortcomings of previous genres **The SAGE Handbook of the Sociology of Religion** James A Beckford, Jay Demerath, 2007-10-29 In their introduction to this Handbook the editors affirm Many sociologists have come to realise that it makes no sense now to omit religion from the repertoire of social scientific explanations of social life I wholeheartedly agree I also suggest that this wide ranging set of essays should become a starting point for such enquiries Each chapter is clear comprehensive and well structured making the Handbook a real asset for all those engaged in the field Grace Davie University of Exeter Serious social scientists who care about making sense of the world can no longer ignore the fact that religious beliefs and practices are an important part of this world This Handbook is a valuable resource for specialists and amateurs alike The editors have done an exceptionally fine job of incorporating topics that illuminate the range and diversity of religion and its continuing significance throughout the world Robert Wuthnow Princeton University At a time when religions are increasingly affecting and affected by life beyond the narrowly sacred sphere religion everywhere seems to be caught up in change and conflict In the midst of this contention and confusion the sociology of religion provides a rich source of understanding and explanation This Handbook presents an unprecedentedly comprehensive assessment of the field both where it has been and where it is headed Like its many distinguished contributors its topics and their coverage are truly global in their reach The Handbook s 35 chapters are organized into eight sections basic theories and debates methods of studying religion social forms and experiences of religion issues of power and control in religious organizations religion and politics individual religious behaviour in social context religion self identity and the life course and case studies of China Eastern Europe Israel Japan and Mexico Each chapter establishes benchmarks for the state of sociological thinking about religion in the 21st century and provides a rich bibliography for pursuing its subject further Overall the Handbook

stretches the field conceptually methodologically comparatively and historically An indispensable source of guidance and insight for both students and scholars Choice Outstanding Academic Title 2009 *Religion in Sociological Perspective* David Yamane, Keith A. Roberts, Jonas M. Hart, 2025-09-16 Religion in Sociological Perspective Eighth Edition introduces the systems of meaning structure and belonging that make up the complex social phenomena we know as religion The author team uses an active learning approach to illustrate the central theories and methods of research in the sociology of religion and show students how to apply these analytical tools to new groups they encounter New Directions in American Religious History Harry S. Stout, D. G. Hart, 1998-01-01 The eighteen essays collected in this book had their origin in a conference of the same title held at the Wingspread Conference Center in October of 1993 Some of the most distinguished scholars in the field were invited to reflect on their specialties in American religious history in ways that summarized where the field is and where it ought to move in the decades to come Organized according to four general ways of looking at religious history places and regions universal themes transformative events and marginal groups and ethno cultural outsiders the essays address a wide range of topics including Puritanism religion and the Civil War Protestantism and economic behavior gender and sexuality in American Protestantism and the contemporary de Christianization of American culture Featuring contributions from David D Hall Donald G Matthews Allen C Guelzo Gordon S Wood Daniel Walker Howe Robert Wuthnow Jon Butler David A Hollinger and others this thought provoking and up to date collection will interest anyone involved in the study of American religion and history *Handbook of the Sociology of Religion* Michele Dillon, 2003-08-18 Table of contents *Postmodernism & a Sociology...(c)* , In the fifth volume in the Studies in American Sociology Series Stanford M Lyman offers commentaries on and critiques of postmodernism poststructuralism and deconstruction posing questions concerning theoretical and epistemological problems arising from what appears to be a nouvelle vague Postmodernism poststructuralism and deconstructionism are interrelated aspects of the newest theoretical development in sociology and the social sciences This new wave of thought challenges virtually all paradigms currently in use In this his fifth volume in the Studies in American Sociology Series Stanford M Lyman offers commentaries on and critiques of this new perspective posing questions concerning theoretical and epistemological problems arising from what appears to be a nouvelle vague Among the basic themes and issues explored are the allegation that modernity has defaulted on the promise of the Enlightenment the question of whether the rational basis for knowledge and action is still valid the controversy over the place of metanarratives and macrosociological outlooks and newer concerns over race gender sexual preferences the self and the Other Professor Lyman provides empirically based and historically specific analyses of the relation of the race question to the problem of otherness and to the legal construction of racial identity in American court proceedings Focusing on the issues of citizenship affecting European Middle Eastern and Asian immigrants African Americans and the special cases of the Chinese and Native Americans he relates major public problems to the modern as well as the postmodern perspectives

on justice The debate over assimilation and multiculturalism the dynamics of gender specific emotions as expressed in six decades of Hollywood films and the postmodern approach to deviance are each examined He also offers proposals for a social science attuned to but critical of postmodernism and poststructuralism Such a sociology might offer a perspective that treats the drama of social relations in the routine as well as the remarkable aspects of everyday life Professor Lyman provides not only a new understanding of postmodernism but also a program of how to proceed with respect to its challenges

Religion in Contemporary America Charles H. Lippy, Eric Tranby, 2013-03-12 This book provides a fresh engaging multi disciplinary introduction to religion in contemporary America The chapters explore the roots of contemporary American religion from the 1950s up to the present day looking at the major traditions including mainline Protestantism the evangelical pentecostal surge Catholicism Judaism African American religions and new religious movements The authors ask whether Americans are becoming less religious and how religious thought has moved from traditional systematic theology to approaches such as black and feminist theology and environmental theology The book introduces religion and social theory and explores key issues and themes such as religion and social change politics gender sexuality diversity race and poverty Students and instructors will find the combination of historical and sociological perspectives an invaluable aid to understanding this fascinating but complex field

Settlement Sociology in the Progressive Years Joyce E. Williams, Vicky M. MacLean, 2015-06-24 Settlement Sociology in the Progressive Years claims for sociology a lost history and paradigm only recently acknowledged for shaping the American sociological tradition Williams and MacLean trace the key works of early scholar activists through the leading settlement houses in Chicago New York and Boston The roots of sociology as a public enterprise for social reform are restored to the canon through early research teaching and social advocacy The settlement paradigm of neighborly relations combining the visions of social gospellers and first wave feminists will resonate for a renewed public sociology today Key to this paradigm was the movement to settle in neighborhoods and become active in the struggle for social change in a period of rapid industrialization immigration and urbanization

The Blackwell Companion to the Sociology of Culture Mark D. Jacobs, Nancy Weiss Hanrahan, 2016-09-26 This collection of original state of the art essays by prominent international scholars covers the most important issues comprising the sociology of culture Provides an invaluable reference resource to all interested in the cultural structures and processes that animate contemporary life Contains 27 essays on the most important issues comprising the sociology of culture including art science religions race class gender collective memory institutions and citizenship Reflects and analyzes the cultural turn that has transformed scholarship in the social sciences and humanities

In Black and White Lily Hardy Hammond, 2010-02-25 Our problem is not racial but human and economic We hold the Negro racially responsible for conditions common to all races on his economic plane The writings of reformer Lily Hardy Hammond 1859 1925 are filled with such forthright criticisms of southern white attitudes toward African Americans enough so that her stature as a southern progressive thinker would seem

assured Yet Hammond who once stood at the intellectual center of the southern women's social gospel movement and was in her time the South's most prolific female writer on the race question has been marginalized This volume reprints In Black and White the most important of Hammond's ten books along with a sampling of the dozens of articles she published Elna C Green's biographical introduction tells of Hammond's marriage to a prominent Methodist minister and educator It also traces Hammond's career within the context of prevailing gender and racial attitudes in the Jim Crow South Hammond who had roots in Methodist home mission work was also active in such secular and ecumenical organizations as the Southern Sociological Congress the Commission on Interracial Cooperation and the National Association for the Advancement of Colored People Hammond worked alongside blacks to promote education improve living conditions and stop lynching As a suffragist and temperance advocate she urged the leaders of those largely white women's movements to partner with African Americans Historians of religion social science and race relations will welcome the reintroduction of this remarkable but virtually forgotten figure

Social and Political Thought of American Progressivism Eldon J. Eisenach, 2006-03-15

Through a variety of primary sources including speeches poems magazine articles and book excerpts this collection illustrates the origins ambitions and political legacy of the American Progressivism movement 1886-1924 A general introduction offers a history of the movement and a brief discussion of recent historiographical debates headnotes introduce each selection and provide historical and political context

The Blackwell Companion to Social Movements David A. Snow, Sarah A. Soule, Hanspeter Kriesi, 2008-04-15 The Blackwell Companion to Social Movements is a compilation of original state-of-the-art essays by internationally recognized scholars on an array of topics in the field of social movement studies Contains original state-of-the-art essays by internationally recognized scholars Covers a wide array of topics in the field of social movement studies Features a valuable introduction by the editors which maps the field and helps situate the study of social movements within other disciplines Includes coverage of historical political and cultural contexts leadership organizational dynamics social networks and participation consequences and outcomes and case studies of major social movements Offers the most comprehensive discussion of social movements available

Shailer Mathews's Lives of Jesus

William D. Lindsey, 1997-11-20 This book focuses on a significant but neglected leader of the social gospel movement University of Chicago theologian Shailer Mathews 1863-1941 In two widely read lives of Jesus *The Social Teaching of Jesus* 1897 and *Jesus on Social Institutions* 1928 Mathews laid a foundation for social gospel theology that dealt carefully and creatively with the charge that the social gospel enculturates Christian faith Lindsey's book engages in a close reading of the two Mathews books and concludes that Mathews's foundation for social gospel theology prefigures political and liberation theologies in important respects and thus deserves reappraisal

Classical Sociological Theory George Ritzer, Jeffrey

Stepnisky, MR Jeffrey N Stepnisky, 2020-03-27 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre-conference teaching

and learning workshop Classical Sociological Theory Eighth Edition provides a comprehensive overview of the major theorists and schools of sociological thought from the Enlightenment roots of theory through the early 20th century The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories

Modern Sociological Theory George Ritzer,Jeffrey Stepnisky,2017-01-23 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Now with SAGE Publishing and co authored by one of the foremost authorities on sociological theory the Eighth Edition of Modern Sociological Theory by George Ritzer and Jeffrey Stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the Structural Functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers

The Social Psychology of Religion (Psychology Revivals) Michael Argyle,Benjamin Beit-Hallahmi,2013-11-26 Originally published in 1975 this book is a completely rewritten revised version of Michael Argyle s standard work Religious Behaviour first published in 1958 A great deal of new research had appeared since that date which threw new light on the nature and origins of religious behaviour beliefs and experience Trends in religious activity in Britain and the United States since 1900 and the state of religion in these two countries at the time are examined Evidence is presented on the origins of religious activity including the effects of stress drugs meditation evangelistic meetings personality variables and social class Other studies examine the effects of religion for example on mental and physical health political attitudes racial prejudice sexual behaviour morals and the relation between religion and scientific and other achievements The findings are used to test the main theories about religion which have been put forward by psychologists and other social scientists such as Freud s father projection theory cognitive need theories and deprivation compensation theories

Theoretical Logic in Sociology Jeffrey Alexander,2021-03-11 This four volume work originally published in the 1980s and out of print for some years represents a major attempt to redirect the course of contemporary sociological thought Jeffrey Alexander analyses the most general and fundamental elements of sociological thinking about action and order and their ramifications for empirical study He insists that sociological thought need not choose between voluntary action and social constraint The four volumes can be read independently of one another as each presents a distinctive theoretical argument in its own right The first volume is directed at contemporary problems and controversies not only in theory but in the philosophy and sociology of science The last three volumes make interpretations confronting the individual theorists and the secondary literature on their own terms

Sociological Theory George Ritzer,Jeffrey Stepnisky,2021-02-09 The authors are proud sponsors of the SAGE Keith Roberts Teaching Innovations Award enabling

graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop

Sociological Theory gives readers a comprehensive overview of the major theorists and schools of sociological thought from sociology's 19th century origins through the early 21st century. Written by an author team that includes one of the leading contemporary thinkers, the text integrates key theories with biographical sketches of theorists, placing them in historical and intellectual context. The Eleventh Edition includes examples of premodern sociological theory from Islamic scholar Ibn Khaldun, Harriet Martineau's feminist writings contextualized within the history of sociological thought, discussions of actor network theory through Donna Haraway's work on cyborgs and companion species, illustrations of historical comparative sociology with Saskia Sassen's concepts of the global city and expulsions, and more ways to help students to understand sociology's major theories. Included with this title: The password-protected Instructor Resource Site, formally known as SAGE Edge, offers access to all text-specific resources, including a test bank and editable chapter-specific PowerPoint slides.
