Each chapter focuses on a specific case from a Commonwealth jurisdiction examining the history and impact of the case both within the originating jurisdiction and its wider global context. The book contains chapters from leading and emerging scholars from across the Commonwealth including from the United Kingdom, Canada, Australia, Pakistan, Malaysia, India, and Nigeria. The cases are divided into four sections covering Foundational Questions in Law and Religion, Freedom of Religion around the Commonwealth, Religion and state relations around the Commonwealth, Rights Relationships and Religion around the Commonwealth. Like religion itself, the case law covers a wide spectrum of life. This diversity is reflected in the cases covered in this book which include *Titular Roman Catholic Archbishop of Kuala Lumpur v Home Minister on the use of the Muslim name for God by non Muslims in Malaysia*, *The Church of the New Faith v Commissioner of Pay roll Tax Vic* which determined the meaning of religion in Australia, *Eweida v UK* which clarified the application of Article 9 of the European Convention on Human Rights, *R v Big M Drug Mart* on the individual protections of religious freedom under the Canadian Charter of Rights. The book examines how legal disputes involving religion are among the most contested in the courts and shows that in these cases passions run high and the outcomes can have significant consequences for all involved.

Free Exercise of Religion in the Liberal Polity Emily R. Gill, 2019-08-21 This book addresses the challenge of providing for the free exercise of religion without allowing religious exercise by some individuals and groups to impinge upon the conscientious convictions of others State neutrality toward religion is impossible because neutrality means inattention to religion for some but leveling the playing field through accommodations or exemptions for others Both formal and substantive neutrality have a place in addressing particular conflicts One such example is public funding for religiously affiliated social service programs for which neither type of neutrality is satisfactory and thus some

restrictions are justifiable conversely private voluntary organizations that do not receive direct public funding should be allowed wide latitude regarding their practices This title also examines the expansive free exercise claims that are now made by those who argue that following the law impinges upon their beliefs as exemplified by the ministerial exception and the Hobby Lobby and Masterpiece Cakeshop Supreme Court cases It concludes by analyzing the relationship between neutrality and marriage as a civil status which impacts a variety of commitment types and plural marriage **The End of Religion**
