

M&M Christmas Story

As you hold these candies in your hand and turn them, you will see....

The M becomes a W, an E, and then a 3.

They tell the Christmas story it's one I'm sure you know.

It took place in a stable a long, long time ago.

The E is for the East where the star shone oh so bright.

The M is for the Manger where the baby Jesus slept that night.

The 3 is for the Wisemen bearing gifts, they say they came.

W is for Worship, Hallelujah
Praise to His name.

So as you eat these candies or share them with a friend, remember the Spirit of Christmas and never let it end!

Merry Christmas

Heavens Speak Peter Sloterdijk,2023-01-05 The idea of a connection between poetry and religion is as old as civilization Homer consulted the Olympian gods on the fate of the fighters on the plain before Troy and the poet made the heavenly ones speak It was through poetry that the gods were brought within reach of human hearing In the centuries after Homer the Athenian stage became the setting where gods made their poetic interventions resolving human impasses and contributing to the emotional synchronization of the public life of the city Sloterdijk argues that as with the culture of the Ancient Greeks all

religions inscribe a kind of theopoetry at the heart of their cultural life and thought even as they strenuously obscure these poetic origins through the cultivation and enforcement of orthodox norms Sloterdijk also shows how in conditions of religious pluralism religions poetically reshape themselves to accommodate the demands of the religious marketplace This highly original study of the poetic devices that inform accounts of the otherworldly offers a new interpretation of religious practice and its theological elaboration through history as well as a fresh perspective on our contemporary age in which collective life interwoven with imaginative fabrications is fraying under critical stress
