## **Reliving Past Lives The Evidence Under Hypnosis:**

Reliving Past Lives Helen Wambach,1978 Discusses more than a thousand cases of individuals who under hypnosis recalled former lives in different times and places      Reincarnation in America Lee Irwin,2017-07-31 Reincarnation in America An Esoteric History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional      *MYSTERY OF REINCARNATION* J Danelek,2007-05-27 What if you found out that the life you re living today is not the only one you ll ever live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you ll not only explore reincarnation s western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it s trying to do on a spiritual level and what it all means to you as you go about your day to day life It s sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before

**Children's Past Lives** Carol Bowman,2012-02-01 Has your child lived before In this fascinating controversial and groundbreaking book Carol Bowman reveals overwhelming evidence of past life memories in children Not only are such experiences real they are far more common than most people realize Bowman s extraordinary investigation was sparked when her young son Chase described his own past life death on a Civil War battlefield an account so accurate it was authenticated by an expert historian Even more astonishing Chase s chronic eczema and phobia of loud noises completely disappeared after he had the memory Inspired by Chase s dramatic healing Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives spontaneously and naturally In Children s Past Lives she tells how to distinguish between a true past life memory and a fantasy offers practical advice to parents on how to respond to a past life memory and shows how to foster the spiritual and healing benefits of these experiences Perhaps the most moving convincing and best documented evidence yet for life after death Children s Past Lives will stand alongside the classics of Betty J Eadie Raymond Moody and Brian Weiss in its power to comfort uplift and transform our thinking about life after death

*Back to Suburbia* Jason Piper,2011-01-21 Have you ever visited somewhere for the first time yet had the strange feeling youd been there before Perhaps you have always had an interest in a particular era or location for no obvious reason Or maybe you have had recurring dreams of yourself in a distant time or faraway place It could just be a coincidenceor something much much more In *Back to Suburbia* Reincarnated in Suburban Chicago Jason Piper offers a glimpse into his life and many of the extraordinary paranormal events that he has experienced He was born with the consciousness of an adult including memories of previous lifetimes Here he presents his own true history along with some of his near death experiences and what he brought back from beyond Its a very long journey packed into a relatively short book presented in this way specifically to encourage readers young and old to experience this journey in a short period of time Unlock old memories bask in the glow of consciousness and discover your true self and souls purpose make the most of this lifetime and every lifetime to come

**Trance-Migrations** Lee Siegel,2014-10-08 Part non fiction part short fiction part memoir part essay *Trance migrations* is both an entertaining and informative read and a thoroughly original and creative experiment in metafiction Combining great erudition with sophisticated word play and bawdy humor it alternates sections containing stories both fictional and non fictional to be read by the reader to her or himself with sections of stories to be read aloud to a listener In the latter cases Siegel intends that the listener actually go into a hypnotic trance out of which the reader will eventually awaken her or him In this way the narrative form of the book performs a hypnotic induction script out of which the listener awakens to find that it is impossible to tell what really happened just as in hypnosis the line between fact and fiction

is irremediably blurred Siegel uses hypnosis and the dynamic between hypnotist and hypnosand as a way of exploring other power dynamics between lovers between writer and reader or listener between masculine colonial culture and the feminized East between God or gods and mortals and ultimately between memory historical and personal and constantly shifting meaning The book is above all about reading as a hypnotic experience Through stories based on motifs and characters from both Indian mythology and from real life notably Abbe Faria a Goan Catholic monk who gained notoriety in the early nineteenth century with demonstrations of magnetism in Paris and James Esdaile a Scottish surgeon for the East India Company who experimented with mesmerism as a surgical anesthetic in Calcutta Siegel epitomizes and elucidates the psychological and political dynamics of a fascination with a mysterious Orient and reveals the anxieties embedded in such fascination     Knowing the Facts about Hypnosis and Hypnotic Regression John Ankerberg, John Weldon, 2012-08-13 Hypnosis seems to be one of those subjects that everyone knows about but few know what to do with Widespread claims are made for its application to medicine psychotherapy education and many other fields Self help promoters claim that it can be used to treat or cure an endless variety of physical ailments and personal problems This book explains the moral issues dangers and occult potential that are inherent in hypnosis as well as the biblical warnings     *Soul Echoes* Thelma B. Freedman, Ph. D. Freedman, 2002 This street atlas of London contains a large amount of detail with land use clearly colour coded to aid use It includes thousands of updates and has involved extensive and exhaustive research on the ground It incorporates mapping at four different scales ranging from route planning maps to large scale central area maps     *Soul Mates* Richard Webster, 2001 Popular metaphysical author Webster explores every aspect of the soul mate phenomenon in his newest release After learning of examples of soul mates from the author's own practice and famous soul mates from history readers will learn how to recall their past lives and strengthen their relationship so it grows stronger and better as time goes by     Marilyn Monroe Returns Adrian Finkelstein, 2007-06-01 Marilyn Monroe Returns tells the remarkable story of Sherrie Lea Laird a young Canadian singer whose life has an astonishing twist she seems to be the reincarnation of Marilyn Monroe Undeniable physical similarities coupled with the astonishing memories that surfaced during her therapy convinced Dr Finkelstein of her authenticity Will it convince you     Where After Mariel Forde Clarke, 2021-08-27 A journey that will compel readers to view life after death in a completely different way Where do our loved ones go After they die This is the question that has traversed the universe for centuries and is considered one of life's greatest mysteries While many of the world's renowned philosophers scientists theorists doctors and great mystics endorsed the existence of the afterlife no one book has been available to explore it all until now Mariel Forde Clarke asserts that whether you believe in God or heaven you can be comforted by the sense that an afterlife exists beyond the realm of one's physical comprehension Drawing on the findings of patients who have had neardeath experiences and visions and on those of renowned scientists and doctors Clarke helps the reader chart the journey of the soul and navigate their grief     *Windows to the Womb* David

Chamberlain,2013-01-15 A pioneering birth psychologist combines a lifetime s worth of research with new findings to provide a fascinating look inside the minds of unborn children In the past the invisible physical processes of fetal development were mysterious and largely unexplainable But thanks to breakthroughs in embryology interuterine photography ultrasound and other sensitive instruments of measurement we can now make systematic observations inside the womb and can see that fetuses are fully sentient aware beings In this new climate of appreciation for the surprising dimensions of fetal behavior sensitivity and intelligence Windows to the Womb brings a host of new information to light about the transformative journey each one of us undergoes in the womb Birth psychologist Dr David Chamberlain describes the amazing construction of our physical bodies the ultimate architecture and draws parallels with the expansion of our minds as our brains and senses develop and grow He also details new discoveries in embryonic and fetal research that support his own findings on the impact of the mother s emotional and physical state during pregnancy the importance of bonding at the earliest stages and the steps that expectant parents can take to ensure the most nurturing start in life for their children **Healing the**

J.D Ph.D,2012-12-29 It is important to document the validity of past life regression therapy Heather Rivera s research has made an important contribution to this field and I applaud her work Brian L Weiss M D author of Many Lives Many Masters Dr Heather Rivera has written a much needed book for those interested in past life therapy or those practicing it Her fine book is based on quantified research rather than strictly case studies The reader will benefit in many ways perhaps life changing ways from this excellent book Edith Fiore Ph D Retired Psychologist Author of You Have Been Here Before Dr Heather Friedman Rivera is one of the most remarkable torch bearers of our times bringing light into the dark recesses of our over soul to which we are all connected into the universal oneness through her scholarly quantifying research on reincarnation and past life regression She makes skeptics see and hear and places the scientific dots on reincarnation and past life regression in such a convincing personal and touching way Adrian Finkelstein MD Former UCLA Psychiatry Professor Researcher Author Dr Heather Friedman Riveras abrupt healing following a past life regression began a quest of personal discovery and scientific investigation into past lives Her experience as well as reports from over 200 respondents from around the world validate the spiritual psychological and physical healings that can result She reveals her personal journey and the scientific findings from her past life study Her research is now quantifying the type and degree of healing effects from past life experiences uncovering the factors that drive and influence these effects opening the door for more research in this important healing modality helping bridge gaps between Western medicine and complementary care Personal Spirituality Daniel J. Benor,2006 Dr Benor addresses his explorations from the standpoint of an advocate but one who is an open minded explorer neither from a religious nor a conventional medical perspective The breadth and depth of the research reports in this volume on the psychic intuitive and spiritual aspects of healing will engage even the knowledgeable reader This book is destined to take its place among the most influential and controversial in the

field of claims reports and experiences of unconventional healing and spiritual awareness      Remarkable Healings  
Shakuntala Modi,1998-04-01 Psychiatry remains an emerging discipline Many people suffer from ailments that have no apparent cause no obvious cure Quite by accident while using hypnotherapy Dr Modi discovered that pastlife regression can be a beneficial treatment Many of these patients under hypnosis claimed to have spirits attached to their bodies and energy fields creating psychological and physical problems Based on years of experience Dr Modi describes techniques that release these spirits revealing how patients can sometimes recover within a few sessions While most doctors would agree that emotional states affect our health few would give credence to spiritual influences In this truly groundbreaking book Dr Modi presents evidence that something beyond the physical affects the health of many people and urges medical scientists to objectively assess this revolutionary approach to mental and often physical illness Pioneers have the courage to put aside the status quo and evaluate what the evidence shows even if it defies the prevailing logic of the time Both physicians and the general public should explore the pioneering work of Dr Modiwork which no doubt has produced many remarkable healings

**Twentieth-Century America** William J. Birnes,Joel Martin,2011-09-13 In this sequel to The Haunting of America national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and militarypolicies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians The Haunting of Twentieth Century America is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied      God Is Not Dead Amit Goswami,2023-06-23 A pioneering physicist shows how quantum reasoning may resolve deep mysteries including the nature

of God and evolution Beverly Rubik PhD Biophysicist Institute for Frontier Science Adjunct Professor Saybrook Move over Richard Dawkins and Christopher Hitchens a highly regarded nuclear physicist enters the debate about the existence of God and comes down on the side of the angels Goswami s hypothesis is that quantum physics holds the key to all the unsolved mysteries of biology the nature and origin of life fossil gaps of evolution why evolution proceeds from simple to complex and why biological beings have feeling and consciousness In God is Not Dead Goswami moves beyond theory and shows how a God based science puts ethics and values where it belongs at the center of our lives and societies He provides a scientific model that steers between scientific materialism and religious fundamentalism a model that has implications for how we live both individually and collectively God is Not Dead is a fascinating tour of quantum physics consciousness and the existence and experience of God     *Psyche's Exile: an empirical odyssey in search of the soul* Jerry Kroth,2011 Psyche s Exile an empirical odyssey in search of the soul Psyche means soul in Greek and psychology literally means the study of the soul For over a century American psychology has gone in precisely the opposite direction Soul mind and mind brain with no exceptions This reductionist paradigm is challenged in this book as Professor Kroth reviews eight politically incorrect forbidden databases in his empirical pursuit of the immortal soul of the ages near death experiences deathbed visions precognitive dreams premonitions synchronicity telepathy states of possession just to name a few The journey leads to a fascinating rediscovery of the soul Reviews Psyche s Exile is an absolute treasure trove of carefully collected experiential and experimental data spanning the research areas of anthropology sociology religion spirituality psychology and physics Although we are still some human evolutionary time away from experimentally proving the existence of the human soul there is certainly enough good data available at present to make it a viable working hypothesis Dr Kroth is dedicated to his craft as a professional explorer of nature in its many forms For myself I wouldn t hesitate to recommend this book to my scientific colleagues and my friends William A Tiller Ph D professor of physics Stanford University Author of Science and Human Transformation
