Finding Bix Brendan Wolfe, 2017-05-15 Bix Beiderbecke was one of the first great legends of jazz Among the most innovative cornet soloists of the 1920s and the first important white player he invented the jazz ballad and pointed the way to cool jazz But his recording career lasted just six years he drank himself to death in 1931 at the age of twenty eight It was this meteoric rise and fall combined with the searing originality of his playing and the mystery of his character who was Bix not even his friends or family seemed to know that inspired subsequent generations to imitate him worship him and write about him It also provoked Brendan Wolfe's Finding Bix a personal and often surprising attempt to connect music history and legend A native of Beiderbecke's hometown of Davenport Iowa Wolfe grew up seeing Bix's iconic portrait on everything from posters to parking garages He never heard his music though until cast to play a bit part in an Italian biopic filmed in Davenport Then after writing a newspaper review of a book about Beiderbecke Wolfe unexpectedly received a letter from the late musician's nephew scolding him for getting a number of facts wrong This is where Finding Bix begins in Wolfe's good faith attempt to get the facts right What follows though is anything but straightforward as Wolfe discovers Bix Beiderbecke to be at the heart of furious and ever timely disputes over addiction race and the origins of jazz sex and the influence of commerce on art He also uncovers proof that the only newspaper interview Bix gave in his lifetime was a fraud almost entirely plagiarized from several different sources In fact Wolfe comes to realize that the closer he seems to get to Bix the more the legend retreats
