Majewski, 1989 *Unmasking the Administrative State* John Marini, 2019-01-29 The election of Donald J Trump to the presidency shocked the political establishment triggering a wave of hysteria among the bicoastal elite that may never subside The biggest shockwaves of all however were felt not in the progressive parishes of Manhattan or San Francisco but in the halls of the political elite s cherished and oft overlooked center of power Washington DC s sprawling administrative state for President Trump represented an existential threat to its denizens who came to be known as swamp creatures How did it come to pass that the draining of the swamp would become a core aim of the Trump administration impacting everything from judicial appointments to the federal budget and regulatory policy Marini s unmasking of the administrative state goes beyond bureaucracy or legalism to its core in an intellectual elite whose consensus transcends whatever disagreements flare up The universities the media and think tanks that denounce Trump are its heart The answer to this question and many more lies in the underappreciated but revolutionary scholarship of Professor John Marini collected in his new book *Unmasking the Administrative State* which tells the critical missed story of the last century of political history The ascendance of the theory behind and resultant growth of an administrative state that has supplanted limited constitutional government with the tyranny of unbounded anticonstitutional bureaucracy Marini illustrates the existential threat of the administrative state to our republic exposes the regressive philosophy from which it springs and argues for the reassertion of the founding principles to restore self government The Trump administration may be the best chance to apply the lessons of Marini s life s work and seize this remarkable opportunity to restore power to its rightful owners the American people Another Life Robert Haller, 2019-06-04 Laura a teenage girl struggling to fit into her small sleepy town in upstate New York slowly drifting away from reality and into the secret life she inhabits online Paul a twentysomething wannabe rock star back home from New York City broke and jobless living with his mother April a math teacher with two kids running her church s vacation Bible school discontent with another summer planning crafts and regurgitating verses Ben a boy stuck at VBS still adjusting to the presence of his foster brother DeShawn a quiet brooding kid from Brooklyn Over the course of one summer these characters paths will collide in surprising often hilarious ways Encompassing questions of identity religion race and family *Another Life* is an absorbing and thought provoking debut about the line we all walk between desire and responsibility **Faith and Learning on the Edge** David Claerbaut, 2004
