betrayed her leaving her without allies or protectors *Sisi* Allison Pataki,2016 For readers of Philippa Gregory Paula McLain and Daisy Goodwin comes a sweeping and powerful novel by New York Times bestselling author Allison Pataki Sisi tells the little known story of Empress Elisabeth of Austria Hungary the Princess Diana of her time in an enthralling work of historical fiction that is also a gripping page turner *The Rebel Empresses* Nancy Goldstone,2025-02-25 From the acclaimed author of *In the Shadow of the Empress* comes the thrilling richly detailed entertaining chronicle of two of the most influential and glamorous women in nineteenth century Europe Elisabeth empress of Austria and Eugenie empress of France and their efforts to rule amid the scandal intrigue tragedy and violence of their era Kirkus Reviews starred review When they married Emperors Franz Joseph and Napoleon III respectively Elisabeth of Austria and Eugenie of France became two of the most famous women on the planet Young and beautiful becoming cultural and fashion icons of their time they also played a pivotal role in ruling their realms during a tempestuous era characterized by unprecedented political and technological change Fearless adventurous and independent Elisabeth and Eugenie represented a new kind of empress one who rebelled against tradition and anticipated and embraced modern values Yet both women endured hardship in their private and public lives Elisabeth was plagued by a mother in law who snatched her infant children away and undermined her authority at court Eugenie's husband was an infamous philanderer who could not match the military prowess of his namesake Between them Elisabeth and Eugenie were personally involved in every major international confrontation in their turbulent century which witnessed thrilling technological advances as well as revolutions assassinations and wars With her characteristic jump off the page writing and in depth research Nancy Goldstone brings to life these two remarkable women as Europe goes through the convulsions that led up to the international landscape we recognize today **Austria 1867-1955** John W. Boyer,2022-09-15 Austria 1867 1955 connects the political history of German speaking provinces of the Habsburg Empire before 1914 Vienna and the Alpine Lands with the history of the Austrian Republic that emerged in 1918 John W Boyer presents the case of modern Austria as a fascinating example of democratic nation building The construction of an Austrian political nation began in 1867 under Habsburg Imperial auspices with the German speaking bourgeois Liberals defining the concept of a political people Volk and giving that Volk a constitution and a liberal legal and parliamentary order to protect their rights against the Crown The decades that followed saw the administrative and judicial institutions of the Liberal state solidified but in the 1880s and 1890s the membership of the Volk exploded to include new social and economic strata from the lower bourgeoisie and the working classes Ethnic identity was not the final structuring principle of everyday politics as it was in the Czech lands Rather social class occupational culture and religion became more prominent variables in the sortition of civic interests exemplified by the emergence of two great ideological parties Christian Socialism and Social Democracy in Vienna in the 1890s The war crisis of 1914 1918 exploded the Empire with the Crown self destructing in the face of military defeat chronic domestic unrest and bitter national partisanship But this crisis also accelerated the emergence

of new structures of democratic self governance in the German speaking Austrian lands enshrined in the republican Constitution of 1920 Initial attempts to make this new project of democratic nation building work failed in the 1920s and 1930s culminating in the catastrophe of the 1938 Nazi occupation After 1945 the surviving legacies of the Revolution of 1918 reassembled under the four power Allied occupation which fashioned a shared political culture which proved sufficiently flexible to accommodate intense partisanship resulting by the 1970s in a successful republican system organized under the aegis of elite democratic and corporatist negotiating structures in which the Catholics and Socialists learned to embrace the skills of collective but shared self governance

The Habsburgs Martyn Rady, 2020-08-25 The definitive history of a powerful family dynasty who dominated Europe for centuries from their rise to power to their eventual downfall. In *The Habsburgs* Martyn Rady tells the epic story of a dynasty and the world it built and then lost over nearly a millennium. From modest origins, the Habsburgs gained control of the Holy Roman Empire in the fifteenth century. Then in just a few decades their possessions rapidly expanded to take in a large part of Europe stretching from Hungary to Spain and parts of the New World and the Far East. The Habsburgs continued to dominate Central Europe through the First World War. Historians often depict the Habsburgs as leaders of a ramshackle empire. But Rady reveals their enduring power driven by the belief that they were destined to rule the world as defenders of the Roman Catholic Church, guarantors of peace, and patrons of learning. *The Habsburgs* is the definitive history of a remarkable dynasty that forever changed Europe and the world.

Passage works Patricia Allmer, John Sears, 2025-02-25 *Passage Works* is the first book-length English language critical analysis of the transdisciplinary work of the Austrian film-maker, writer, and artist Ruth Beckermann. b. 1952 Vienna. Beckermann's works interrogate identity and geography as formations of the intersections between the past and the contemporary. Taking as her central topics Austria and its history and politics, her own identity as a Jewish woman, and the contemporary global geopolitics of migration and displacement, Beckermann develops wider meditations in film, art, and writing on the persistence of European memory and the

meanings of Europe itself on borders migrations and identities on memories traumas and traditions on the image as marker of presence and absence repository of the traces of historical violence and on the passage as metaphor for a range of physical psychological and ideological movements defining the complexities of contemporary cosmopolitan identities **Women, Horse Sports and Liberation** Erica Munkwitz, 2021-07-13 Shortlisted for the 2022 Lord Aberdare Literary Prize This book is the first full length scholarly examination of British women s involvement in equestrianism from the eighteenth through the twentieth centuries as well as the corresponding transformations of gender class sport and national identity in Britain and its Empire It argues that women s participation in horse sports transcended limitations of class and gender in Britain and highlights the democratic ethos that allowed anyone skilled enough to ride and hunt from chimney sweep to courtesan Furthermore women s involvement in equestrianism reshaped ideals of race and reinforced imperial ideology at the zenith of the British Empire Here British women abandoned the sidesaddle which they had been riding in for almost half a millennium to ride astride like men thus gaining complete equality on horseback Yet female equestrians did not seek further emancipation in the form of political rights This paradox of achieving equality through sport but not through politics shows how liberating sport was for women into the twentieth century It brings into question what emancipation meant in practice to women in Britain from the eighteenth through twentieth centuries This is fascinating reading for scholars of sports history women s history British history and imperial history as well as those interested in the broader social gendered and political histories of the nineteenth and twentieth centuries and for all equestrian enthusiasts *The Limits of Loyalty* Laurence Cole, Daniel Unowsky, 2007-11-01 The overwhelming majority of historical work on the late Habsburg Monarchy has focused primarily on national movements and ethnic conflicts with the result that too little attention has been devoted to the state and ruling dynasty This volume is the first of its kind to concentrate on attempts by the imperial government to generate a dynastic oriented state patriotism in the multinational Habsburg Monarchy It examines those forces in state and society which tended toward the promotion of state unity and loyalty towards the ruling house These essays all original contributions and written by an international group of historians provide a critical examination of the phenomenon of dynastic patriotism and offer a richly nuanced treatment of the multinational empire in its final phase *Assassins against the Old Order* Nunzio Pernicone, Fraser Ottanelli, 2018-08-14 The image of the anarchist assassin haunted the corridors of power and the popular imagination in the late nineteenth century Fear spawned a gross but persistent stereotype a swarthy Italian armed with a bloody knife or revolver and bred to violence by a combination of radical politics madness innate criminality and poor genes That Italian anarchists targeted and even killed high profile figures added to their exaggerated demonic image Nunzio Pernicone and Fraser M Ottanelli dig into the transnational experiences and the historical social cultural and political conditions behind the phenomenon of anarchist violence in Italy Looking at political assassinations in the 1890s they illuminate the public effort to equate anarchy s goals with violent overthrow Throughout Pernicone and Ottanelli combine a

cutting edge synthesis of the intellectual origins milieu and nature of Italian anarchist violence with vivid portraits of its major players and their still misunderstood movement A bold challenge to conventional thinking Assassins against the Old Order demolishes a century of myths surrounding anarchist violence and its practitioners "Textiles, Fashion, and Design Reform in Austria-Hungary Before the First World War " Rebecca Houze, 2017-07-05 Filling a critical gap in Vienna 1900 studies this book offers a new reading of fin de siècle culture in the Austro Hungarian Monarchy by looking at the unusual and widespread preoccupation with embroidery fabrics clothing and fashion both literally and metaphorically The author resurrects lesser known critics practitioners and curators from obscurity while also discussing the textile interests of better known figures notably Gottfried Semper and Alois Riegl Spanning the 50 year life of the Dual Monarchy this study uncovers new territory in the history of art history insists on the crucial place of women within modernism and broadens the cultural history of Habsburg Central Europe by revealing the complex relationships among art history women and Austria Hungary Rebecca Houze surveys a wide range of materials from craft and folk art to industrial design and includes overlooked sources from fashion magazines to World's Fair maps from exhibition catalogues to museum lectures from feminist journals to ethnographic collections Restoring women to their place at the intersection of intellectual and artistic debates of the time this book weaves together discourses of the academic scientific and commercial design communities with middle class life as expressed through popular culture
