

The background of the entire image is a close-up, slightly angled view of the American flag. The stars and stripes are clearly visible, with the flag appearing to wave. The top portion of the image is dark, likely due to the flag's folds or the lighting of the original photograph.

Remaking America The Values Revolution:

Remaking America Paul D. Knott, 1993 **Remaking America** John Bodnar, 2020-07-21 In a compelling inquiry into public events ranging from the building of the Vietnam Veterans Memorial through ethnic community fairs to pioneer celebrations John Bodnar explores the stories ideas and symbols behind American commemorations over the last century Such forms of historical consciousness he argues do not necessarily preserve the past but rather address serious political matters in the present **Remaking America** James A. Joseph, 1995-05-02 Uncovers the long history and rich traditions of giving among people of color Focusing on four communities Native Americans African Americans Asian Americans and Latinos Joseph draws compelling portraits of cultural heroes and heroines who personify the benevolent nature of their unique heritages The author maintains that by understanding and affirming these traditions we can form a new vision of the larger American community based on shared values universal compassion and a new spirituality Making and Remaking America: Immigration into the United States , During the 1980s and 1990s the U S Congress responded to growing gaps between immigration policy and immigration reality by making major changes in immigration laws and their administration In 1986 the United States enacted the world s largest legalization program for unauthorized foreigners and introduced sanctions on employers who knowingly hired illegal foreign workers Instead of slowing illegal immigration however this program allowed more foreigners to arrive legally and illegally which prompted another round of reforms in 1996 aimed at ensuring that new arrivals would not receive welfare payments On September 11 2001 foreigners in the United States hijacked four commercial planes Two were flown into the World Trade Center towers in New York City bringing them down and killing 3 000 people President George W Bush declared war on terrorists and the countries that harbor them and Congress enacted legislation to fight terrorism This includes new measures for tightening procedures for issuing visas to foreign visitors tracking foreign students and visitors while they are in the United States and giving immigration authorities new power to arrest and detain foreigners suspected of ties to terrorism The Immigration and Naturalization Service was abolished and its functions of preventing illegal immigration and providing services to foreign visitors and immigrants were separated in the new Department of Homeland Security However anti terrorism measures have not slowed immigration to the United States America is poised to remain the world s major destination for immigrants and as patterns in U S history suggest most of the newcomers will soon become Americans However past success in integrating immigrants does not guarantee that integrating newcomers will be easy or automatic As immigrants continue to make and remake the country the United States must develop an immigration policy for the twenty first century BOOK JACKET **The Southern State of Mind** Jan Nordby Gretlund, 1999 Remarkably removed from the devotional certifying and celebratory view of the South that has dominated books of this genre The Southern State of Mind addresses the question of whether inherited Southern values problems and contradictions have survived the onslaught of modernization BOOK JACKET The Last Campaign Thurston

Clarke,2008-05-27 Tells the story of Robert F Kennedy s 1968 Presidential campaign **Remaking America** John Franklin Carter,1942 The Age of Revolutions in Global Context, c. 1760-1840 David Armitage,Sanjay Subrahmanyam,2009-12-18 A distinguished international team of historians examines the dynamics of global and regional change in the late eighteenth and nineteenth centuries Providing uniquely broad coverage encompassing North and South America the Caribbean Europe Africa the Middle East South and Southeast Asia and China the chapters shed new light on this pivotal period of world history Offering fresh perspectives on The American French and Haitian Revolutions The break up of the Iberian empires The Napoleonic Wars The volume also presents ground breaking treatments of world history from an African perspective of South Asia s age of revolutions and of stability and instability in China The first truly global account of the causes and consequences of the transformative Age of Revolutions this collection presents a strikingly novel and comprehensive view of the revolutionary era as well as rich examples of global history in practice **Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01 The first reference work on one of the key subjects in American history filling an important gap in the literature with over 500 original essays **The Democratic Dilemma** Randolph A. Roth,2002-04-25 The Democratic Dilemma seeks to explain Vermonters extraordinary faith and idealism **The Bloomsbury Encyclopedia of the American Enlightenment** Mark G. Spencer,2015-01-01 The President Parker Hudson,1998-09 Originally published in 1995 The President reads like today s newspaper Midway through his term a secularhumanist President becomes a Christian and has to decide how his new worldview must change his policies His wife children siblings staff and the entire nation grapple with how his new faith informs his actions Meanwhile terrorists are plotting to detonate a nuclear warhead in New York The many strands of the story all come together in Manhattan as the terrorists use the World Trade Towers to launch their attack the center of action is a place called Ground Zero and one of the characters yells Let s Roll near the end The President is a gripping action thriller with a strong Christian message for the individual and the nation Seeker Churches Kimon Howland Sargeant,2000 America s religious landscape is in flux New churches are springing up and many older churches are redefining themselves to survive At the forefront of this denominational free for all are evangelical seeker churches These churches target seekers individuals of any faith or denominational background who seek spiritual fulfillment but are not currently affiliated with any specific church By focusing on this largely untapped group seeker churches have become one of the fastest growing religious movements in the country In his study Kimon Sargeant provides a sociological context for the rise of these churches by exploring the rituals messages strategies and denominational functions of this emerging form of American evangelical Protestantism Featuring live bands professional lighting and sound systems and multi media presentations seeker churches are attracting many people who have dropped out of organized religion To broaden their appeal they offer attendees advice on everyday issues ranging from relationships to finance Sargeant focuses on the success of the Willow Creek Association the seeker church association started by the Willow Creek Community Church near

Chicago With over 5 000 member churches the seven year old association has already outdistanced 90 percent of American denominations and is the leader of the seeker church movement Through eyewitness accounts and careful research Sargeant reveals the seeker movement to be a reformation of American Protestantism **Inventing the Modern American Family**

Isabel Heinemann,2012-05 Family is the foundation of society and debates on family norms have always touched the very heart of America This volume investigates the negotiations and transformations of family values and gender norms in the twentieth century as they relate to the overarching processes of social change of that period By combining long term approaches with innovative analysis *Inventing the Modern American Family* transcends not only the classical dichotomies between women s studies and masculinity studies but also contribute substantially to the history of gender and culture in the United States Vietnam George Donelson Moss,2016-07-01 This book provides a comprehensive narrative history of U S

involvement in Southeast Asia from 1942 to 1975 with a concluding section that traces U S Vietnam relations from the end of the war in 1975 to the present Unlike most general histories of U S involvement in Vietnam which are either conventional diplomatic or military histories this volume synthesizes the perspectives to explore both dimensions of the struggle in greater depth elucidating more of the complexities of the U S Vietnam entanglement It explains why Americans tried so hard for so long to stop the spread of Communism into Indochina and why they failed Key topics The Fall of Saigon The End as Prelude Vietnam A Place and A People The Elephant and the Tiger An Experiment in Nation Building Raising the Stakes Going to War The Chain of Thunders The Year of the Monkey A War to End a War The End of the Tunnel Market For anyone curious to know about the long American involvement in Southeast Asia 1942 1975 The 1960s Cultural Revolution John C.

McWilliams,2020-12-02 The 1960s Cultural Revolution is a highly readable and valuable resource revisiting personalities and events that sparked the cultural revolutions that have become synonymous with the 1960s The 1960s Cultural Revolution A Reference Guide is an engagingly written book that considers the forces that shaped the 1960s and made it the unique era that it was An introductory historical overview provides context and puts the decade in perspective With a focus on social and cultural history subsequent chapters focus on the New Left the antiwar movement the counterculture and 1968 a year that stands alone in American history The book also includes a wealth of reference material a comprehensive timeline of events biographical profiles of key players primary documents that enhance the significance of the social political and cultural climate a glossary of key terms and a carefully selected annotated bibliography of print and nonprint sources for further study *The American Counterrevolution* Larry E. Tise,1998 A refutation of virtually the entire historiography surrounding the outcomes of the Revolution this epic narrative traces the shift from the ideas of liberty to the politics of order during the difficult period between 1783 and 1800 70 illustrations

Posthumous America Benjamin Hoffmann,2018-05-15 Benjamin Hoffmann s *Posthumous America* examines the literary idealization of a lost American past in the works of French writers of the eighteenth and nineteenth centuries For writers such as John Hector St John de Cr vec ur and Claude Fran ois de Lezay

Marn sia America was never more potent as a driving ideal than in its loss Examining the paradoxical American paradise depicted in Cr vec ur s Lettres d un cultivateur am ricain 1784 the uchronotopia the imaginary perfect society set in America and based on what France might have become without the Revolution of Lezay Marn sia s Lettres crites des rives de l Ohio 1792 and the political and nationalistic motivations behind Fran ois Ren Chateaubriand s idealization of America in Voyage en Am rique 1827 and M moires d outre tombe 1850 Hoffmann shows how the authors liberties with the truth helped create the idealized and nostalgic representation of America that dominated the collective European consciousness of their times From a historical perspective Posthumous America works to determine when exactly these writers stopped transcribing what they actually observed in America and started giving imaginary accounts of their experiences A vital contribution to transatlantic studies this detailed exploration of French perspectives on the colonial era the War of Independence and the birth of the American Republic sheds new light on the French fascination with America Posthumous America will be invaluable for historians political scientists and specialists of literature whose scholarship looks at America through European eyes

Global Inequality Kenneth McGill, 2016-05-20 Inequality is currently gaining considerable attention in academic policy and media circles From Thomas Piketty to Robert Putnam there is no shortage of economic sociological or political analyses But what does anthropology with its focus on the qualitative character of relationships between people have to offer Drawing on current scholarship and illustrative ethnographic case studies McGill argues that anthropology is particularly well suited to interrogating global inequality not just within nations but across nations as well Brief accessibly written and peppered with vivid ethnographic examples that bring contemporary research to life Global Inequality is an introduction to the topic from a unique and important perspective

Abraham Lincoln and the Forge of National Memory Barry Schwartz, 2000 Abraham Lincoln has long dominated the pantheon of American presidents From his lavish memorial in Washington and immortalization on Mount Rushmore one might assume he was a national hero rather than a controversial president who came close to losing his 1864 bid for reelection In Abraham Lincoln and the Forge of National Memory Barry Schwartz aims at these contradictions in his study of Lincoln s reputation from the president s death through the industrial revolution to his apotheosis during the Progressive Era and First World War Schwartz draws on a wide array of materials painting and sculpture popular magazines and school textbooks newspapers and oratory to examine the role that Lincoln s memory has played in American life He explains for example how dramatic funeral rites elevated Lincoln s reputation even while funeral eulogists questioned his presidential actions and how his reputation diminished and grew over the next four decades Schwartz links transformations of Lincoln s image to changes in the society Commemorating Lincoln helped Americans to think about their country s development from a rural republic to an industrial democracy and to articulate the way economic and political reform military power ethnic and race relations and nationalism enhanced their conception of themselves as one people Lincoln s memory assumed a double aspect of mirror and lamp acting at once as a

reflection of the nation's concerns and an illumination of its ideals and Schwartz offers a fascinating view of these two functions as they were realized in the commemorative symbols of an ever widening circle of ethnic religious political and regional communities The first part of a study that will continue through the present Abraham Lincoln and the Forge of National Memory is the story of how America has shaped its past selectively and imaginatively around images rooted in a real person whose character and achievements helped shape his country's future
