God's World of Wonder and Delight

SCOTT HOEZEE

"Scott Hoezee offers a refreshing new twist to the discussion on the environment. Shouldn't we care by simply enjoying creation and honoring it for what it is? With illustrations both biblical and personal, Hoezee makes a compelling case."

Remember Creation:

Remember Susan Robb, 2023-12-19 Remember the God who remembers us God's covenants throughout the Old Testament show the character of God's promises to the people of Israel In this book Susan Robb leads readers through the covenants with Noah Abraham Moses and David followed by the new covenant established on Maundy Thursday The Lenten story culminates with an examination of the cross as another example of God's promise for a new world Susan Robb teaches readers the basic lessons of the covenants through a mixture of biblical history and personal stories Her pastoral character and warm tone provide a basis for understanding God's promises through history and the role of Jesus's passion and crucifixion in the history of the covenants Remember can be read alone or used for a six week group study and church wide Lenten program Components include a comprehensive Leader Guide and video teaching sessions featuring Susan with closed captioning

Remember Creation Scott Hoezee, 1998 Why is it that many Christians find a theological scientific debate about creation's ancient origins far more engaging than a speech about how to live responsibly in the creation today Are we more fascinated by academic debates that focus our gaze on what happened long ago than by the hands on discussions that focus our gaze on the world of wonders outside our windows right now In Remember Creation Scott Hoezee challenges readers to make today's world more central to the Christian faith by enjoying and preserving God's cosmos as a part of daily discipleship Solidly grounded in a wealth of Scripture passages this book reveals God's ecology of praise which all Christians should want to explore and preserve Throughout the book Hoezee also offers suggestions to help congregations families and all Christians to take more delight in God's world while working to keep alive the wonders that bring God joy Scott Hoezee adds a refreshing new twist to the discussion on the environment Shouldn't we start by simply enjoying creation and honoring it for what it is With illustrations both biblical and personal Hoezee makes a compelling case Philip Yancey

Living in the Lamblight Hans Boersma, 2001-01-08 In recent decades many fundamental Christian assumptions about the nature of God and the world have come under attack No longer can one assume even in many church circles that historic Christian beliefs about the Trinity and providence are generally accepted or understood Scientific knowledge and new technologies have also presented challenges for the church How for example should Christians understand the ecological crisis And how should the opening chapters of Genesis be understood in an age of genetic research and evolutionary science This collection of essays attempts to chart a faithful path for postmodern Christians exploring the foundational ideas and concepts of a Christian worldview and suggesting their implications for Christian living today Contributors Hans Boersma John Cooper Marva J Dawn Michael W Goheen Christopher D Marshall Arnold E Sikkema John G Stackhouse Jr Rikki E Watts John R Wood

God's Big Idea RosAnne Corakay Tetz, 2003 The author starts with God's plan to create a new world and guides the child through the six days of Creation and ends up with God's plan for a new earth In between children solve many of life's lesser mysteries do fish sleep and think about a few of the greater ones why am I here And every fascinating fact about the world we live in becomes a doorway to big truths about life XXVI Sermons (never Before Publish'd) Preached by ... Dusty Earthlings John Mustol, 2018-01-01 The Lord God formed a man from the dust of the ground Genesis 2:7 Made of dust we humans are thoroughly physical beings We are dusty earthlings As such we are also ecological beings or rather eco physical beings firmly embedded in and dependent upon God's earthly ecosystems which support and provide for us and constitute our earthly home Today we are living in ways that are damaging our home As Christian dusty earthlings we are called to oversee God's earthly creation and to follow Jesus Christ God incarnated as a dusty earthling How do we do this in the face of the array of ecological problems we face today How can we obey the ecological principles and limits that govern all of life on God's good earth Mustol argues that the virtues of humility voluntary self limitation and the principles of kenosis and justice will help as we seek to follow Jesus as dusty earthlings in today's world
