early 20s of today what they know about the baby boomers One reply was You had morals Today people dont Another reply was My grandmother is one and she worries a lot Then he qualified his statement with this idea No she really takes good care of us Thus he was implying that the baby boomers are very humanitarian Naturally each of these statements is a value judgment and is open to opinion and everyone knows that every generation has good and bad people However I would qualify the statement that the first young man said with this idea I do believe that the baby boom generation has been a generation of traditional values in a very special way that no others in modern times seem to have been Another way to say that is to say that baby boomers followed their parents values in a way that no other generation of modern times has done **Treecat**
