away for example by boat or plane if you are going to arrive safe and sound at your destination or if it would be better to cancel this trip because of an attack shipwreck accident or natural disaster sense many other traps and dangers and avoid them the most gifted among you will also be able to develop a greater sensitivity and intuition directly in a waking state which will enable you to react even more effectively to the dangers of your environment you will also learn not to become anxious for no reason when you have simple nightmares because you will have learnt to detect what triggers them in you and you will thereby know how to distinguish them from true warning dreams of natural disasters attacks burglaries accidents at nuclear power stations etc The Hidden Meaning of Dreams Craig Hamilton-Parker, 1999 Psychological and mystical meanings of symbols in dreams **LUCID DREAM: Learn To Control Your Dreams** Lycariones, 2023-07-17 The realm of dreams is an infinite universe where we spend almost half of our lives It is also one of the most intriguing and mysterious subjects for human beings Dreams are a part of sleep and they are imaginary experiences that occur in our brains The experience of dreaming is something that everyone goes through but it is understood in different ways by each individual The main theme of our book Lucid Dreams is a wonderful tool to explore the subconscious mind of a person It is evidence of the incredible power of the human mind During sleep our subconscious mind presents us with unlimited potential The dream realm is a place where we can push the boundaries of our imagination and not be limited by reality Sometimes it is even a brief escape from the real world to enter a perfectly crafted dream world. The exact meaning of dreams is still not fully understood but many researchers believe that dreams are trying to tell us something Some think that dreams reflect our mental and emotional states while others believe that dreams are one of the phases of our brain s information processing Dreams are often different from our conscious experiences While dreaming we find ourselves in a different world than what we think about In our dreams we sometimes see familiar people and places but other times we encounter entirely imaginary locations and individuals The events and dialogues we experience in our dreams can provide clues about our real life experiences. The most intriguing aspect of dreams is the existence of lucid dreams. A lucid dream is a state in which a person is aware that they are dreaming In this state a person can have control over the dream and can direct it as they wish Experiencing lucid dreams can be quite challenging but this ability can be learned and developed over time While there are many theories and hypotheses about dreams it is not possible for us to fully understand the true meaning of dreams However it would not be wrong to say that dreams provide us with an opportunity to look at things from different perspectives By using this opportunity that dreams offer us we can gain a better perspective on the problems in our lives and understand ourselves better Lucid dreams provide an opportunity to control explore and navigate the dream realm They open a door that does not limit a person s perception of reality offering an experience beyond sleep Those who pass through this door can realize the boundless potential within themselves and gain a better understanding of themselves and the world In this book you will learn everything about lucid dreams You will discover what lucid dreams are how they can be achieved their benefits

history and interesting facts Additionally throughout the book you will learn and practice various lucid dream techniques and meditations in a step by step manner Detailed lucid dream training is included in our book This book which provides an explanatory and instructive narrative on all types of dreams including lucid dreams will present you with all the known and hidden information about lucid dreams Our book Lucid Dreaming The Art of Dream Control prepared based on our seven years of parapsychology experience and scientific research wishes you successful lucid dreams and enjoyable reading
