**The Desert Remembers My Name** Kathleen Alcalá, 2022-03-15 My parents always told me I was Mexican I was Mexican because they were Mexican This was sometimes modified to Mexican American since I was born in California and thus automatically a U S citizen But my parents said this too was once part of Mexico My father would say this with a sweeping gesture taking in the smog the beautiful mountains the cars and houses and fast food franchises When he made that gesture all was cleared away in my mind s eye to leave the hazy impression of a better place We were here when the white people came the Spaniards then the Americans And we will be here when they go away he would say and it will be part of Mexico again Thus begins a lyrical and entirely absorbing collection of personal essays by esteemed Chicana writer and gifted storyteller Kathleen Alcalá Loosely linked by an exploration of the many meanings of family these essays move in a broad arc from the stories and experiences of those close to her to those whom she wonders about like Andrea Yates a mother who drowned her children In the process of digging and sifting she is frequently surprised by what she unearths Her family she discovers were Jewish refugees from the Spanish Inquisition who took on the trappings of Catholicism in order to survive Although the essays are in many ways personal they are also universal When she examines her family history she is encouraging us to inspect our own families too When she investigates a family secret she is supporting our own search for meaning And when she writes that being separated from our indigenous culture is a form of illiteracy we know exactly what she means After reading these essays we find that we have discovered not only why Kathleen Alcalá is a writer but also why we appreciate her so much She helps us to find ourselves

Remembering George Cardinal Pell Tracey Rowland, 2025-05-12 Cardinal George Pell was a significant figure in Australian public life and in the life of the Catholic Church from the time of his appointment to the episcopacy in the 1980s until his death in 2023 His imprisonment for some 404 days for a crime he did not commit was one of the greatest miscarriages of justice in Australian legal history His scape goat treatment has been compared to that of Alfred Dreyfus in the period of the Third French Republic As a defender of Catholic orthodoxy Pell drew opposition from liberal Catholic quarters and from anti Christian intellectual elites and as the Vatican s Prefect for the Economy he found himself in the position of having to expose and then clean up the financial corruption within the Roman Curia Thus he was fighting wars on more than one front in more than one country He had many enemies but he also had many friends and was revered by young

Catholics on the orthodox end of the theological spectrum While much has been written to vilify him in the popular press by those who opposed his ideas and while some scholars have sought to examine the R v Pell case from an emotionally detached position this book is something different It is a collection of memoirs by those who knew him well It is not intended as an exercise in hagiography or apologetics but rather it reveals dimensions of the Cardinal s personality that never made the pages of the popular press This book is a record of memories those who knew Cardinal Pell as a gift to future generations of Catholics who may find this era of history of interest In particular it is record for younger Catholics who come from families where their parents and grandparents supported the Cardinal Since the Cardinal was well known not only in Australia but across the entire Anglosphere this collection of memoirs should be of broad international interest In the manner of a kaleidoscope it offers a multidimensional picture of a man who love him or loathe him was a passionate defender of the Catholic faith
