Winter, 2006-01-01 This is a masterful volume on remembrance and war in the twentieth century Jay Winter locates the fascination with the subject of memory within a long term trajectory that focuses on the Great War Images languages and practices that appeared during and after the two world wars focused on the need to acknowledge the victims of war and shaped the ways in which future conflicts were imagined and remembered At the core of the memory boom is an array of collective meditations on war and the victims of war Winter says The book begins by tracing the origins of contemporary interest in memory then describes practices of remembrance that have linked history and memory particularly in the first half of the twentieth century The author also considers theaters of memory film television museums and war crimes trials in which the past is seen through public representations of memories The book concludes with reflections on the significance of these practices for the cultural history of the twentieth century as a whole *The History of the Russian Church in Australia* Michael A. Protopopov, 2021-09-01 In the pages of this book the history of the Russian Orthodox Church in Australia is diligently chronicled within the wider context of the place of ethnic Russians in a dominantly anglophone society that of what was at first a British colony and later became an independent state It begins with the first contact of Russian naval ships with the Australian continent in the early nineteenth century and progresses through to the establishment of the first parish of Orthodox believers in Melbourne in the 1890s the establishment of further churches and ultimately the creation of a diocese The catalyst for much of this was the arrival of thousands of Russians fleeing their homeland via Siberia after the Bolshevik revolution of 1917 For these newly dispossessed Australia and New Zealand became havens of safety and the Russian Orthodox Church an echo of the Motherland they had lost They were later joined by successive waves of fellow Russians after the end of World War II in 1945 and again after the fall of the Soviet Union in 1991 Together these refugees and their descendants created a unified organism that retained a sense of shared heritage and purpose and in turn provided a home to spiritual seekers who were not of their ethnic lineage In writing this work the author has drawn on extensive archival sources spread over several continents together with his own life experience having arrived as a small boy in Australia over six decades ago First published in 2006 this new edition includes an added chapter recounting the ongoing story from the

beginning of the twenty first century through to the end of 2020 covering the effects on the Church in Australia of major world events as diverse as the reunification of the Russian Church Abroad with the Patriarchate of Moscow in 2007 and the global coronavirus pandemic that arrived in Australia in 2020

World War II in Andreï Makine's Historiographic Metafiction Helena Duffy, 2018-04-17 Can it be ever possible to write about war in a work of fiction asks a protagonist of one of Makine s strongly metafictional and intensely historical novels Helena Duffy s World War II in Andre Makine s Historiographic Metafiction redirects this question at the Franco Russian author s fiction itself by investigating its portrayal of Soviet involvement in the struggle against Hitler To write back into the history of the Great Fatherland War its unmourned victims invalids Jews POWs women or starving Leningraders is the self acknowledged ambition of a novelist committed to the postmodern empowerment of those hitherto silenced by dominant historiographies Whether Makine succeeds at giving voice to those whose suffering jarred with the triumphalist narrative of the war concocted by Soviet authorities is the central concern of Duffy s book

(Post)memory in Post-Soviet Women's Writing Marja Sorvari, 2022-04-22 The book examines prominent literary works from the past two decades by Russian women writers dealing with the Soviet past It explores works such as Daniel Stein Interpreter by Ludmilla Ulitskaya The Time of Women by Elena Chizhova Secondhand Time The Last of the Soviets by Svetlana Alexievich and In Memory of Memory by Maria Stepanova and uncovers connecting thematic structures and features Focusing on the concepts of displacement and postmemory the book shows how these works have given voice to those on the margins of society and of great history whose resistance was often silent In doing so these women writers

portray the everyday experiences and trauma of displaced women and girls during the second half of the twentieth century. This study offers new insights into the importance of these women writers' work in creating and preserving cultural memory in post-Soviet Russia. The Routledge History of the Second World War Paul R. Bartrop, 2021-11-08. The Routledge History of the Second World War sums up the latest trends in the scholarship of that conflict, covering a range of major themes and issues. The book delivers a thematic analysis of the many ways in which study of the Second World War can take place, considering international, transnational, and global approaches and serves as a major jumping off point for further research into the specific fields covered by each of the expert authors. It demonstrates the global and total nature of the Second World War, giving due coverage to the conflict in all major theatres and through the lens of the key combatants and neutrals. It examines issues of race, gender, ideology, and society during the war and functions as a textbook to educate students as to the trends that have taken place in how the conflict has been and can be interpreted in the modern world. Divided into twelve parts that cover central themes of the conflict, including theatres of war, leadership, societies, occupation, secrecy, and legacies, it enables those with no memory of war to approach it with a view to comprehending what it was all about and places the history of this conflict into a context that is international, transnational, and institutional. This is a comprehensive and accessible reference volume for anyone interested in the most up-to-date scholarship on this major conflict. Chapter 18 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non-Commercial No Derivatives 4.0 license available at <http://www.taylorfrancis.com>. War Stories Philip Dwyer, 2016-11-01. Although war memoirs constitute a rich, varied literary form, they are often dismissed by historians as unreliable. This collection of essays is one of the first to explore the modern war memoir, revealing the genre's surprising capacity for breadth and sophistication while remaining sensitive to the challenges it poses for scholars. Covering conflicts from the Napoleonic era to today, the studies gathered here consider how memoirs have been used to transmit particular views of war, even as they have emerged within specific social and political contexts. **Forthcoming Books** Rose Arny, 1990. A Misunderstood Friendship Zhihua Shen, Yafeng Xia, 2020-11-03. Today the People's Republic of China is North Korea's only ally on the world stage, a tightly knit relationship that goes back decades. Both countries portray their partnership as one of brotherly affection based on shared political ideals, an alliance as tight as lips to teeth, even though relations have deteriorated in recent years due to China's ascendancy and North Korea's intransigence. In *A Misunderstood Friendship*, leading diplomatic historians Zhihua Shen and Yafeng Xia draw on previously untapped primary source materials, revealing tensions and rivalries to offer a unique account of the China-North Korea relationship. They unravel the twists and turns in high-level diplomacy between China and North Korea from the late 1940s to the death of Mao Zedong in 1976. Through unprecedented access to Chinese government documents, Soviet and Eastern European archives, and in-depth interviews with former Chinese diplomats and North Korean defectors, Shen and Xia reveal that the tensions that currently plague the alliance between the two countries have been

present from the very beginning of the relationship They significantly revise existing narratives of the Korean War China s postwar aid to North Korea Kim Il sung s ideological and strategic thinking North Korea s relations with the Soviet Union and the importance of the Sino U S rapprochement among other issues A Misunderstood Friendship adds new depth to our understanding of one of the most secretive and significant relationships of the Cold War with increasing relevance to international affairs today *Subject Guide to Books in Print* ,2001 **Index to the Correspondence of the Foreign Office** Great Britain.
