Remembrances and other Observations don david Calderon y Aroesty, 2022-05-03

Reflections by Dr Sofija Grandakovska Professor CUNY on the book *Remembrances and Other Observations*. This book first and foremost is committed to the importance of remembering the past and its careful preservation at the gates of oblivion. The importance is emphasized in plural form remembrances. It is not one story it is more than fifty varied short stories. The author recognizes the multilayered and polyvalent existence of remembering. It is personal and collective. It is mythical genealogical literary historical and anthropological. Short stories were written as prose poems. Although we cannot qualify these prose forms as typical short stories in a literary genre context they qualify as short stories because they each reflect an event history and truth about the overarching event the Holocaust. The author don david Calderon y Aroesty chooses poetic prose to guide the readers through the tragic dimensions of the Holocaust by cherry picking some exceptional heroes heroines and gratifying events through the duality of poetry and prose without solid metrical patterns but with rhythmic moderation of poetic expression. Remembrances come alive as a coherent and legitimate whole. No description of the criminality suffering and sadness would ever be sufficient. The author does not forget the bleakness and the horrors while challenging all of us to remember the shining lights the occasional rays of human sunshine extraordinary courage and

amazing bravery exhibited by some The hybrid linguistic form becomes clear and legitimate highlighted at the very beginning of the volume in the qualifications section where he asks the question and expresses his suspicion How dare me dare to write about the Holocaust Who am I The first philosophical question which he answers with a dare to all of us to each undertake to study learn and write about the Holocaust This is where the message of the book is strongly positioned It is a message of deep humanistic anthropological and historical significance Dr Grandakovska teaches at the John Jay College of Criminal Justice Department of Anthropology where her areas of specialization are comparative literature and interdisciplinary studies in the Holocaust and Jewish history She served as one of the advisers to the author s book of remembrances

could offer year round activities thanks to the invention of artificial snow Similarly honeymoon hotels declined as couples resorts retreats that boasted such innovations as the heart shaped bathtub and the Jacuzzi in the shape of a tall champagne glass emerged on the Poconos scene Better in the Poconos recreates that scene and the people who brought it to life not only the innkeepers souvenir sellers laborers and service workers but also the community leaders and visionaries who promoted the vacation economy and sought to guide it The proper Victorians the devoted sportsmen the young newlyweds the families and singles the staid ladies of the Women s Christian Temperance Union and the sinners whose vices they wished to temper the members of the Ku Klux Klan the rich Quakers the Jewish socialists and the immigrants all these and more make up the humanly rich mosaic of the Poconos
