Hassrick, Frederic Remington, 2000 As young men Remington and Russell struck out for the West seeking adventure and self identity Remington stayed for only one year Russell for the rest of his life But both eventually became artists and both took as their subject the disappearing West and its people Different in temperament and style they became the focal point of a manufactured rivalry that dominated the American art scene at the turn of the twentieth century and in essence pitted East against West Camps of followers developed and duels were waged on their behalf in the press although neither Remington nor Russell directly engaged in the rivalry **Charles M. Russell** Raphael James Cristy, 2004 Well known for his sketches paintings and sculptures of the Old West Charles M Russell 1864 1926 was also an accomplished author in the humorous genre known as local color Raphael Cristy sorts Russell's writings into four general categories serious Indian stories men encountering wildlife cattle range characters and nineteenth century westerners facing twentieth century challenges Russell's art is often misinterpreted as mere longing for a fading open range west but his writings tell a different story Cristy shows how Russell amused his peers with stories that also delivered sharp observations of Euro American suppression of Indians and humorous treatment of wilderness and range issues plus the emergence of women and urbanization as bewildering agents of change in the modern West A welcome departure from the usual biographies and coffee table volumes on Russell and his art Cristy deals with an important yet relatively unexplored aspect of the career of one of the most influential interpreters of the American West Byron Price Director C M Russell Center

American West Richard W. Etulain,1996-09 Describes changes in how the West has been seen from a male dominated frontier to a region with a powerful sense of place to a modern center of both genders ethnic groups and environmental interests The Grand Frontier Amon Carter Museum of Western Art,Rick Stewart,2001 **The Mythical West** Richard W. Slatta,2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America s most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody s Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs *American Indians at the Margins* H. Roy Kaplan,2022-05-30 Since the earliest days of America racist imagery has been used to create harmful stereotypes of the indigenous people In this book the conflict between invading European white settlers and the indigenous groups who occupied the land that became the United States is described through the context of race and racism Using depictions from art literature radio cinema and television the origin and persistence of such stereotypes are explained and their debilitating effects on the well being of

Indians are presented This text also explores their accomplishments in attempts to maintain their sovereignty dignity and respect *Representative Men and Old Families of Rhode Island* ,1908 Parliamentary Debates New Zealand.
