

# The Renaissance Notion of Woman

A study in the fortunes of  
scholasticism and medical science in  
European intellectual life

IAN MACLEAN

# Renaissance Notion Of Woman

**Margo Hendricks, Patricia Parker**

## **Renaissance Notion Of Woman:**

*The Renaissance Notion of Woman* Ian Maclean, 1980 This monograph dealing with the intellectual notions held during the Renaissance of what woman is surveys the ideas of the nature of woman sex difference and sex discrimination and the emergence of a feminist movement in the first half of the 17th century      **The Renaissance Notion in Woman** , 1980

**The Renaissance Notion of Woman** Ian Maclean, 1987      **The Female Body in Medicine and Literature** Andrew Mangham, Greta Depledge, 2013-08-15 Drawing on a range of texts from the seventeenth century to the present *The Female Body in Medicine and Literature* explores accounts of motherhood fertility and clinical procedures for what they have to tell us about the development of women's medicine The essays here offer nuanced historical analyses of subjects that have received little critical attention including the relationship between gynecology and psychology and the influence of popular art forms on so called women's science prior to the twenty first century Taken together these essays offer a wealth of insight into the medical treatment of women and will appeal to scholars in gender studies literature and the history of medicine

**The Concept of Woman** Prudence Allen, 1997 The culmination of a lifetime's scholarly work this pioneering study by Sister Prudence Allen traces the concept of woman in relation to man in Western thought from ancient times to the present Volume I uncovers four general categories of questions asked by philosophers for two thousand years These are the categories of opposites of generation of wisdom and of virtue Sister Prudence Allen traces several recurring strands of sexual and gender identity within this period Ultimately she shows the paradoxical influence of Aristotle on the question of woman and on a philosophical understanding of sexual complementarity Supplemented throughout with helpful charts diagrams and illustrations this volume will be an important resource for scholars and students in the fields of women's studies philosophy history theology literary studies and political science In Volume 2 Sister Prudence Allen explores claims about sex and gender identity in the works of over fifty philosophers both men and women in the late medieval and early Renaissance periods Touching on the thought of every philosopher who considered sex or gender identity between A D 1250 and 1500 *The Concept of Woman* provides the analytical categories necessary for situating contemporary discussion of women in relation to men Adding to the accessibility of this fine discussion are informative illustrations helpful summary charts and extracts of original source material some not previously available in English In her third and final volume Allen covers the years 1500 2015 continuing her chronological approach to individual authors and also offering systematic arguments to defend certain philosophical positions over against others      **Textuality and Sexuality** Judith Still, Michael Worton, 1993      *Selected Writings of an Eighteenth-Century Venetian Woman of Letters* Elisabetta Caminer Turra, 2007-11-01 Elisabetta Caminer Turra 1751-96 was one of the most prominent women in eighteenth century Italy and a central figure in the international Republic of Letters A journalist and publisher Caminer participated in important debates on capital punishment freedom of the press and the abuse of clerical power She also helped spread Enlightenment ideas into Italy by promoting and publishing

Voltaire's latest works and translating new European plays plays she herself directed to great applause on Venetian stages Bringing together Caminer's letters poems and journalistic writings nearly all published for the first time here Selected Writings offers readers an intellectual biography of this remarkable figure as well as a glimpse into her intimate correspondence with the most prominent thinkers of her day But more important Selected Writings provides insight into the passion that animated Caminer's fervent reflections on the complex and shifting condition of women in her society the same passion that pushed her to succeed in the male dominated literary professions

**Declamation on the Nobility and Preeminence of the Female Sex** Henricus Cornelius Agrippa, 2007-11-01 Originally published in 1529 the Declamation on the Preeminence and Nobility of the Female Sex argues that women are more than equal to men in all things that really matter including the public spheres from which they had long been excluded Rather than directly refuting prevailing wisdom Agrippa uses women's superiority as a rhetorical device and overturns the misogynistic interpretations of the female body in Greek medicine in the Bible in Roman and canon law in theology and moral philosophy and in politics He raised the question of why women were excluded and provided answers based not on sex but on social conditioning education and the prejudices of their more powerful oppressors His declamation disseminated through the printing press illustrated the power of that new medium soon to be used to generate a larger reformation of religion

**Reclaiming Female Agency** Norma Broude, Mary D. Garrard, 2005-04-11 Reclaiming Feminine Agency identifies female agency as a central theme of recent feminist scholarship offers 23 essays on artists issues from the Renaissance to the present written in the 1990s after

**Women, 'Race' and Writing in the Early Modern Period** Margo Hendricks, Patricia Parker, 2013-08-21 Women Race and Writing in the Early Modern Period is an extraordinarily comprehensive interdisciplinary examination of one of the most neglected areas in current scholarship The contributors use literary historical anthropological and medical materials to explore an important intersection within the major era of European imperial expansion The volume looks at the conditions of women's writing and the problems of female authorship in the period the tensions between recent feminist criticism and the questions of race empire and colonialism the relationship between the early modern period and post colonial theory and recent African writing Women Race and Writing in the Early Modern Period contains ground breaking work by some of the most exciting scholars in contemporary criticism and theory It will be vital reading for anyone working or studying in the field

Selected Letters, Orations, and Rhetorical Dialogues Madeleine de Scudery, 2007-11-01 Madeleine de Scudery 1607 1701 was the most popular novelist in her time read in French in volume installments all over Europe and translated into English German Italian and even Arabic But she was also a charismatic figure in French salon culture a woman who supported herself through her writing and defended women's education She was the first woman to be honored by the French Academy and she earned a pension from Louis XIV for her writing Selected Letters Orations and Rhetorical Dialogues is a careful selection of Scudery's shorter writings emphasizing her abilities as a rhetorical theorist orator essayist and letter writer It provides the first English

translations of some of Scud ry s Amorous Letters only recently identified as her work as well as selections from her Famous Women or Heroic Speeches and her series of Conversations The book will be of great interest to scholars of the history of rhetoric French literature and women s studies      **The One-Sex Body on Trial: The Classical and Early Modern**

**Evidence** Helen King,2016-02-17 By far the most influential work on the history of the body across a wide range of academic disciplines remains that of Thomas Laqueur This book puts on trial the one sex two sex model of Laqueur s Making Sex Body and Gender from the Greeks to Freud through a detailed exploration of the ways in which two classical stories of sexual difference were told retold and remade from the mid sixteenth to the nineteenth century Agnodike the first midwife who disguises herself as a man and then exposes herself to her potential patients and Phaethousa who grows a beard after her husband leaves her are stories from the ancient world that resonated in the early modern period in particular Tracing the reception of these tales shows how they provided continuity despite considerable change in medicine being the common property of those on different sides of professional disputes about women s roles in both medicine and midwifery The study reveals how different genres used these stories changing their characters and plots but always invoking the authority of the classics in discussions of sexual identity The study raises important questions about the nature of medical knowledge the relationship between texts and observation and the understanding of sexual difference in the early modern world beyond the one sex model      **Moderating Masculinity in Early Modern Culture** Todd W. Reeser,2006 Moderating Masculinity in Early Modern Culture proposes a definition of gender based on a ternary model in which moderation and masculinity are inextricably linked Like the Aristotelian virtue of moderation which requires the presence of excess a      *Constructions of Female Homoeroticism in Early Modern Drama* D. Walen,2005-09-16 This book explores representations of love and desire between female characters in nearly seventy plays written between 1580 and 1660 The work argues that playwrights of late sixteenth and early seventeenth century England recognized and constructed richly diverse tropes of female homoerotic desire Writers place female characters in erotic situations with other female characters in playful scenarios of mistaken identity in anxious moments of amorous intrigue in predatory situations and in enthusiastic utopian representations of romantic love These plays indicate an awareness of female homoeroticism in early modern England and belie statements that literary evidence of homosexuality was concerned primarily with men      **A Social History of Truth** Steven

Shapin,2011-11-18 How do we come to trust our knowledge of the world What are the means by which we distinguish true from false accounts Why do we credit one observational statement over another In A Social History of Truth Shapin engages these universal questions through an elegant recreation of a crucial period in the history of early modern science the social world of gentlemen philosophers in seventeenth century England Steven Shapin paints a vivid picture of the relations between gentlemanly culture and scientific practice He argues that problems of credibility in science were practically solved through the codes and conventions of genteel conduct trust civility honor and integrity These codes formed and arguably still

form an important basis for securing reliable knowledge about the natural world Shapin uses detailed historical narrative to argue about the establishment of factual knowledge both in science and in everyday practice Accounts of the mores and manners of gentlemen philosophers are used to illustrate Shapin's broad claim that trust is imperative for constituting every kind of knowledge Knowledge making is always a collective enterprise people have to know whom to trust in order to know something about the natural world

**Reading the Ovidian Heroine** Kathryn L. McKinley, 2001 This study investigates the reception of Ovidian heroines in Metamorphoses commentaries written between 1100 and 1618 on the Continent in England Medieval and early modern clerical readings of the feminine in Ovid reflect greater heterogeneity than is commonly alleged

**The Colour of Angels** Constance Classen, 2002-01-04 The Colour of Angels uncovers the gender politics behind our attitude to the senses Using a wide variety of examples ranging from the sensuous religious visions of the middle ages through to nineteenth century art movements this book reveals a previously unexplored area of women's history

**The Sciences of Homosexuality in Early Modern Europe** Kenneth Borris, George S. Rousseau, 2013-01-11 The Sciences of Homosexuality in Early Modern Europe investigates early modern scientific accounts of same sex desires and the shapes they assumed in everyday life It explores the significance of those representations and interpretations from around 1450 to 1750 long before the term homosexuality was coined and accrued its current range of cultural meanings This collection establishes that efforts to produce scientific explanations for same sex desires and sexual behaviours are not a modern invention but have long been characteristic of European thought The sciences of antiquity had posited various types of same sexual affinities rooted in singular natures These concepts were renewed elaborated and reassessed from the late medieval scientific revival to the early Enlightenment The deviance of such persons seemed outwardly inscribed upon their bodies documented in treatises and case studies It was attributed to diverse inborn causes such as distinctive anatomies or physiologies and embryological astrological or temperamental factors This original book freshly illuminates many of the questions that are current today about the nature of homosexual activity and reveals how the early modern period and its scientific interpretations of same sex relationships are fundamental to understanding the conceptual development of contemporary sexuality

**Women on Stage in Stuart Drama** Sophie Tomlinson, 2005 Publisher description [Gender, Sexuality, and Early Music](#) Todd C. Borgerding, 2013-10-28 This collection addresses questions of gender and sexuality as they relate to music from the middle ages to the early seventeenth century These essays present a body of scholarship that considers music as part of the history of sexuality stimulating conversation within musicology as well as bringing music studies into dialogue with feminist gender and queer theory Also includes 20 musical examples
