Renegade Dreams:

Renegade Dreams Laurence Ralph, 2014-09-15 Inner city communities in the US have become junkyards of dreams to quote Mike Davis wastelands where gangs package narcotics to stimulate the local economy gunshots occur multiple times on any given day and dreams of a better life can fade into the realities of poverty and disability Laurence Ralph lived in such a community in Chicago for three years conducting interviews and participating in meetings with members of the local gang which has been central to the community since the 1950s Ralph discovered that the experience of injury whether physical or social doesn't always crush dreams into oblivion it can transform them into something productive renegade dreams The first part of this book moves from a critique of the way government officials as opposed to grandmothers have been handling the situation to a study of the history of the historic Divine Knights gang to a portrait of a duo of gang members who want to be recognized as authentic rappers they call their musical style crack music and the difficulties they face in exiting the gang The second part is on physical disability including being wheelchair bound the prevalence of HIV AIDS among heroin users and the experience of brutality at the hands of Chicago police officers In a final chapter The Frame Or How to Get Out of an Isolated Space Ralph offers a fresh perspective on how to understand urban violence The upshot is a total portrait of the interlocking complexities symbols and vicissitudes of gang life in one of the most dangerous inner city neighborhoods in the US We expect this study will enjoy considerable readership among anthropologists sociologists and other scholars interested in disability urban crime and race

Sonorous Worlds Yana Stainova, 2021-10-14 El Sistema is a nationwide state funded music education program in Venezuela Founded in 1975 by economist and musician Jos Antonio Abreu the institution has weathered seven jolting changes in government Hugo Chavez and after his death president Nicolas Maduro enthusiastically included the institution into the political agenda of the socialist project and captured the affective power of music for their own aims Fueled by the oil boom in the 2000s El Sistema grew over the years to encompass 1 210 orchestras for children and young people in Venezuela reached almost 1 million people out of the 30 million in the country and served as a model in more than 35 countries around the world Sonorous Worlds is an ethnography of the young Venezuelan musicians who participate in El Sistema many of whom live in urban barrios and face everyday gang violence state repression social exclusion and forced migration in response to sociopolitical crisis This book looks at how these young people engage with what the author calls enchantment that is how through musical practices they create worlds that escape rupture and critique dominant structures of power Stainova's focus on artistic practice and enchantment allows her to theorize the successes and failures of political projects through the lens of everyday transformations in people's lives

The Best Place Danya Fast, 2023-11-10 The Best Place examines how overlapping housing mental health and addictions and overdose crises alongside their accompanying public health interventions and the frenetic pace of urban renewal have shaped forms of life and death among young people who use drugs in the city of Vancouver Canada

Interrogating Ethnography Steven Lubet, 2018 In this

comprehensive review of urban ethnography Steven Lubet encountered a field that relies heavily on anonymous sources often as reported by a single investigator whose underlying data remain unseen Upon digging into the details he discovered too many ethnographic assertions that were dubious exaggerated tendentious or just plain wrong Employing the tools and techniques of a trial lawyer Lubet uses original sources and contemporaneous documentation to explore the stories behind ethnographic narratives Many turn out to be accurate but others are revealed to be based on rumors folklore and unreliable hearsay Interrogating Ethnography explains how qualitative social science would benefit from greater attention to the quality of evidence and provides recommendations for bringing the field more closely in line with other fact based disciplines such as law and journalism

The Executed God Mark Lewis Taylor, 2015-11-01 The new edition of Mark Lewis Taylor's award winning *The Executed God* is both a searing indictment of the structures of Lockdown America and a visionary statement of hope It is also a call for action to Jesus followers to resist US imperial projects and power Outlining a theatrics of state terror Taylor identifies and analyzes its instruments mass incarceration militarized police tactics surveillance torture immigrant repression and capital punishment through which a racist and corporatized Lockdown America enforces in the US a global neoliberal economic and political imperialism Against this *The Executed God* proposes a counter theatrics to state terror a declamation of the way of the cross for Jesus followers that unmask the powers of US state domination and enacts an adversarial politics of resistance artful dramatic actions and the building of peoples movements These are all intrinsic to a Christian politics of remembrance of the Jesus executed by empire Heralded in its first edition this new edition is thoroughly revised updated and expanded offering a demanding rethinking and recreating of what being a Christian is and of how Christianity should dream hope mobilize and act to bring about what Taylor terms a liberating material spirituality to unseat the state that kills

Dreams - the 60Th Part of Prophecy Deborah M. Miller, 2018-10-15 These are images and words in the night In a dream in a vision of the night when deep sleep falls upon men while slumbering on their beds when he opens the ears of men and seals their instruction Job 33 15 16 NKJV Until you get to the place where you have extracted certain behaviors from your system one needs God to have something to put in your face Many times God has to go outside of our spiritual capacity and connect us to something psychologically or scare us with some kind of threat in order to keep us until we can walk as he wants us to walk He uses consequences and deterrents that catch us quickly They catch you on the way so you don't get too deep into something that is going to take half of your mind to get out of it You don't want to go to the edge of your mind to change your mind in order to do a different behavior Noel Jones Within the context of this reference those catalysts consequences and deterrents are your dreams

Liquor Store Theatre Maya Stovall, 2020-10-09 For six years Maya Stovall staged *Liquor Store Theatre* a conceptual art and anthropology video project included in the Whitney Biennial in 2017 in which she danced near the liquor stores in her Detroit neighborhood as a way to start conversations with her neighbors In this book of the same name Stovall uses the project as a point of departure for understanding everyday life in

Detroit and the possibilities for ethnographic research art and knowledge creation Her conversations with her neighbors which touch on everything from economics aesthetics and sex to the political and economic racism that undergirds Detroit's history bring to light rarely acknowledged experiences of longtime Detroiters In these exchanges Stovall enacts an innovative form of ethnographic engagement that offers new modes of integrating the social sciences with the arts in ways that exceed what either approach can achieve alone

After Stories Irina Carlota Silber, 2022-08-23 This book builds upon Irina Carlota Lotti Silber's nearly 25 years of ethnographic research centered in Chalatenango El Salvador to follow the trajectories geographic temporal storied of several extended Salvadoran families Traveling back and forth in time and across borders Silber narrates the everyday unfolding of diasporic lives rich with acts of labor love and renewed calls for memory truth and accountability in El Salvador's long postwar Through a retrospective and intimate ethnographic method that examines archives of memories and troubles the categories that have come to stand for El Salvador such as alarming violent numbers Silber considers the lives of young Salvadorans who were brought up in an everyday radical politics and then migrated to the United States after more than a decade of peace and democracy She reflects on this generation of migrants the 1.5 insurgent generation born to forgotten former rank and file militants as well as their intergenerational transnational families to unpack the assumptions and typical ways of knowing in postwar ethnography As the 1.5 generation sustains their radical political project across borders circulates the products of their migrant labor through remittances and engages in collective social care for the debilitated bodies of their loved ones they transform and depart from expectations of the wounded postwar that offer us hope for the making of more just global futures

Lord of the Highlands Veronica Wolff, 2009-11-03 Romance in Scotland awaits in the fourth novel in the Highlands series from national bestselling author Veronica Wolff An online dating service may have pronounced Felicity unmatched but she's determined and destined to find her perfect mate All it takes is a mystical deck of Tarot cards to put her dreams to the test Light a candle Choose a card And 17th century Scotland is only a wish away Scarred by betrayal Will Rollo lives to defend the monarchy against traitors and he rides alone The last thing he needs to contend with is a love struck woman So when Felicity appears spirited by magic Rollo's determined to crush all tender feelings for her But as passion binds them in a dark era where witchcraft is punishable by death Rollo must make a daring choice send Felicity back to her own time or endanger both their lives

The Works of Charlotte, Emily, and Anne Brontë: Vilette Charlotte Brontë, 1893

Live to See the Day Nikhil Goyal, 2023-08-22 An indelible portrait of three children struggling to survive in the poorest neighborhood of the poorest large city in America Kensington Philadelphia is distinguished only by its poverty It is home to Ryan Giancarlos and Emmanuel three Puerto Rican children who live among the most marginalized families in the United States This is the story of their coming of age which is beset by violence the violence of homelessness hunger incarceration stray bullets sexual and physical assault the hypermasculine logic of the streets and the drug trade In Kensington eighteenth birthdays are not rites of passage but

statistical miracles One mistake drives Ryan out of middle school and into the juvenile justice pipeline For Emmanuel his queerness means his mother's rejection and sleeping in shelters School closures and budget cuts inspire Giancarlos to lead walkouts which get him kicked out of the system Although all three are high school dropouts they are on a quest to defy their fate and their neighborhood and get high school diplomas In a triumph of empathy and drawing on nearly a decade of reporting sociologist and policymaker Nikhil Goyal follows Ryan Giancarlos and Emmanuel on their mission plunging deep into their lives as they strive to resist their designated place in the social hierarchy In the process Live to See the Day confronts a new age of American poverty after the end of welfare as we know it after zero tolerance in schools criminalized a generation of students after the odds of making it out are ever slighter **Unfinished** João Biehl, Peter Locke, 2017-11-16 This original field changing collection explores the plasticity and unfinishedness of human subjects and lifeworlds advancing the conceptual terrain of an anthropology of becoming People's becomings trouble and exceed ways of knowing and acting producing new possibilities for research methodology and writing The contributors creatively bridge ethnography and critical theory in a range of worlds on the edge from war and its aftermath economic transformation racial inequality and gun violence to religiosity therapeutic markets animal rights activism and abrupt environmental change Defying totalizing analytical schemes these visionary essays articulate a human science of the uncertain and unknown and restore a sense of movement and possibility to ethics and political practice Unfinished invites readers to consider the array of affects ideas forces and objects that shape contemporary modes of existence and future horizons opening new channels for critical thought and creative expression Contributors Lucas Bessire João Biehl Naisargi N Dave Elizabeth A Davis Michael M J Fischer Angela Garcia Peter Locke Adriana Petryna Bridget Purcell Laurence Ralph Lilia M Schwarcz Life and Works of Charlotte Brontë and Her Sisters: Villette, by C. Brontë. Charlotte Brontë, 1873 Fires of Gold Lauren Coyle Rosen, 2020 Fires of Gold is a powerful ethnography of the often shrouded cultural legal political and spiritual forces governing the gold mining industry in Ghana one of Africa's most celebrated democracies Lauren Coyle Rosen argues that significant sources of power have arisen outside of the formal legal system to police adjudicate and navigate conflict in this theater of violence destruction and rebirth These authorities or shadow sovereigns include the transnational mining company collectivized artisanal miners civil society advocacy groups and significant religious figures and spiritual forces from African Islamic and Christian traditions Often more salient than official bodies of government the shadow sovereigns reveal a reconstitution of sovereign power one that in many ways is generated by hidden dimensions of the legal system Coyle Rosen also contends that spiritual forces are central in anchoring and animating shadow sovereigns as well as key forms of legal authority economic value and political contestation This innovative book illuminates how the crucible of gold itself governed by spirits serves as a critical site for embodied struggles over the realignment of the classical philosophical triad the city the soul and the sacred Traveling with Sugar Amy Moran-Thomas, 2019-12-03 Traveling with Sugar reframes the rising diabetes

epidemic as part of a five hundred year old global history of sweetness and power Amid eerie injuries changing bodies amputated limbs and untimely deaths many people across the Caribbean and Central America simply call the affliction sugar or as some say in Belize traveling with sugar A decade in the making this book unfolds as a series of crónicas a word meaning both slow moving story and slow moving disease It profiles the careful work of those still fighting it as they grapple with unequal material infrastructures and unsettling dilemmas Facing a new incarnation of blood sugar these individuals speak back to science and policy misrecognitions that have prematurely cast their lost limbs and deaths as normal Their families arts of maintenance and repair illuminate ongoing struggles to survive and remake larger systems of food land technology and medicine

[The Complete Works of Charlotte Brontë](#) Charlotte Brontë, 2022-05-25 The Complete Works of Charlotte Brontë is a definitive anthology that encapsulates the profound literary contributions of one of the most pioneering voices of 19th century literature Brontë's oeuvre is characterized by its rich emotional depth intricate characterizations and a keen exploration of themes such as gender autonomy and societal constraints This comprehensive collection showcases her celebrated novels including the iconic Jane Eyre and lesser known works revealing her distinct narrative style that blends the Gothic with the romantic and the psychological Brontë's genius lies in her ability to craft powerful female protagonists who navigate the complex intersections of love and identity offering readers a poignant lens into the tumultuous experiences of women in her era Charlotte Brontë born in 1816 in Thornton England faced a life marked by personal tragedy which undoubtedly influenced her literary voice The loss of her mother and siblings deeply shaped her worldview fostering a profound sense of empathy and introspection Educated in a rigid patriarchal society Brontë's works often defy conventional gender roles reflecting her desire for independence and equality ultimately driving her to articulate the struggles of women in a male dominated literary landscape The Complete Works of Charlotte Brontë is an essential read for those interested in the foundations of feminist literature and the evolution of the Victorian novel This collection not only serves as a valuable academic resource but also as an enriching experience for readers who wish to explore the depth of human emotion and the challenges of societal norms through Brontë's indelible narratives Dive into this masterful anthology to fully appreciate the brilliance of Brontë's literary legacy

Military Waste Joshua O. Reno, 2020-02-04 World War III has yet to happen and yet material evidence of this conflict is strewn everywhere resting at the bottom of the ocean rusting in deserts and floating in near Earth orbit In Military Waste Joshua O. Reno offers a unique analysis of the costs of American war preparation through an examination of the lives and stories of American civilians confronted with what is left over and cast aside when a society is permanently ready for war Using ethnographic and archival research Reno demonstrates how obsolete military junk in its various incarnations affects people and places far from the battlegrounds that are ordinarily associated with warfare Using a broad swath of examples from excess planes ships and space debris that fall into civilian hands to the dispossessed and polluted island territories once occupied by military bases to the militarized masculinities of mass shooters Military Waste

reveals the unexpected and open ended relationships that non combatants on the home front form with a nation permanently ready for war

Turning up the heat Maria Kaika, Roger Keil, Tait Mandler, Yannis Tzaninis, 2023-02-28 Since its emergence in the 1990s the field of Urban Political Ecology UPE has focused on unsettling traditional understandings of the city as entirely distinct from nature showing instead how cities are metabolically linked with ecological processes and the flow of resources More recently a new generation of scholars has turned the focus towards the climate emergency Turning up the heat seeks to turn UPE's critical energies towards a politically engaged debate over the role of extensive urbanisation in addressing socio environmental equality in the context of climate change The collection brings together theoretical discussions and rigorous empirical analysis by key scholars spanning three generations engaging UPE in current debates about urbanisation and climate change Engaging with cutting edge approaches including feminist political ecology circular economies and the Anthropocene case studies in the book range from Singapore and Amsterdam to Nairobi and Vancouver Contributors make the case for a UPE better informed by situated knowledges an embodied UPE that pays equal attention to the role of postcolonial processes and more than human ontologies of capital accumulation within the context of the climate emergency Acknowledging UPE's rich intellectual history and aiming to enrich rather than split the field Turning up the heat reveals how UPE is ideally positioned to address contemporary environmental issues in theory and practice

Urban Life George Gmelch, Petra Kuppinger, 2018-01-03 More than half of the world's population lives in cities What are their lives like in very different global and globalizing cities How can urban anthropologists study and understand the diverse and complex experiences of urban dwellers all over the globe The latest edition of Urban Life explores questions about how to study urban lives and examines experiences of urban inhabitants in cities across the globe Authors ask questions such as how can one study the activities in a huge fish market in Tokyo How do elderly residents benefit from urban agriculture in New York City How do people maneuver ever present traffic jams in Istanbul How do low income residents in Cairo manage their lives drawing on neighborhood social networks How do immigrants fight for green spaces in Paris How do families manage transnational ties between New York City and Ecuador The book is organized into six parts Urban Fieldwork Communities Urban Structure Inequality and Survival Immigrants Migrants and Refugees Changing Cities and Current Topics in Urban Anthropology The last part addresses issues at the forefront of anthropological research and broader political debates like environmental justice disability and accessibility and access to water supplies Each part includes an introduction and each chapter is preceded by notes about its context and relevance The rich ethnographic content of the chapters makes them highly accessible to students while addressing relevant topics and themes

Social Deviance Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant

behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author s use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior
